General Services Acquisition Regulation; GSAR Case 2006–G518; Rewrite of GSAR Part 547, Transportation

AGENCY: Office of the Chief Acquisition Officer, General Services Administration (GSA).

ACTION: Proposed rule with request for comments.

SUMMARY: The General Services Administration (GSA) is proposing to amend the General Services Acquisition Regulation (GSAR) to revise GSAR language that provides requirements for transportation. This rule is a result of the General Services Administration Acquisition Regulation Manual (GSAM) Rewrite initiative undertaken by GSA to revise the GSAM to maintain consistency with the FAR, and to implement streamlined and innovative acquisition procedures that contractors, offerors and GSA contracting personnel can use when entering into and administering contractual relationships. The GSAM incorporates the General Services Administration Acquisition Regulation (GSAR) as well as internal agency acquisition policy. GSA will rewrite each part of the GSAR and GSAM, and as each GSAR part is rewritten, will publish it in the **Federal Register**.

This is one of the series of revisions to 48 CFR Chapter 5. It covers the rewrite of GSAR Part 547, Transportation.

DATES: Interested parties should submit written comments to the Regulatory Secretariat on or before August 5, 2008 to be considered in the formulation of a final rule.

ADDRESSES: Submit comments identified by GSAR Case 2006–G518 by any of the following methods:

- Regulations.gov: <http://www.regulations.gov>.

Submit comments via the Federal eRulemaking portal by inputting “GSAR Case 2006–G518” under the heading “Comment or Submission”. Select the link “Send a Comment or Submission” that corresponds with GSAR Case 2006–G518. Follow the instructions provided to complete the “Public Comment and Submission Form”. Please include your name, company name (if any), and “GSAR Case 2006–G518” on your attached document.

- Fax: 202–501–4067.

- Mail: General Services

Administration, Regulatory Secretariat (VPR), 1800 F Street, NW., Room 4041, ATTN: Laurieann Duarte, Washington, DC 20405.

Instructions: Please submit comments only and cite GSAR Case 2006–G518 in all correspondence related to this case. All comments received will be posted without change to <http://www.regulations.gov>, including any personal and/or business confidential information provided.

FOR FURTHER INFORMATION CONTACT: For clarification of content, contact Jeritta Parnell at (202) 501–4082, or by e-mail at jeritta.parnell@gsa.gov. For information pertaining to the status or publication schedules, contact the Regulatory Secretariat (VPR), Room 4041, GS Building, Washington, DC 20405, (202) 501–4755. Please cite GSAR Case 2006–G518.

SUPPLEMENTARY INFORMATION:

A. Background

The GSAR Rewrite Project

On February 15, 2006, GSA published an Advance Notice of Proposed Rulemaking (ANPR) with request for comments because GSA is beginning the review and update of the General Services Administration Acquisition Regulation (GSAR).

The GSAR rewrite will—

- Consider comments received from the ANPR, published in the **Federal Register** at 71 FR 7910, February 15, 2006.
- Change “you” to “contracting officer.”

• Maintain consistency with the FAR but eliminate duplication.

• Revise GSAR sections that are out of date, or impose inappropriate burdens on the Government or contractors, especially small businesses.

• Streamline and simplify by incorporation of all GSA acquisition policies, *i.e.*, acquisition letters, alerts, and FAS manual information.

In addition, GSA has recently reorganized into two, rather than three services. Therefore, the reorganization of the Federal Supply Service (FSS) and the Federal Technology Service (FTS) into the Federal Acquisition Service (FAS) will be considered in the rewrite initiative.

The Rewrite of Part 547

This proposed rule contains the revisions made to Part 547, Transportation. The information contained in the five sections; 547.300, 547.303, 547.304, 547.305, and 547.370 is proposed for deletion from Part 547. In addition, clauses 552.247–70, Placarding Railcar Shipments, and 552.247–71, Diversion of Shipment Under f.o.b. Destination Contracts, are proposed for deletion from 552.547. This information is deemed specific to the FAS organization and its special order program and stock program. This information is not used in the Multiple Award Schedule Program. The coverage and the clauses were evaluated and deemed not necessary for inclusion into the GSAR. The FAR coverage in 47.103, 47.3, and 52.243–1 (48 CFR Chapter 1) is sufficient and does not need to be supplemented by further information in the GSAR.

Discussion of Comments

As a result of the ANPR, GSA received one comment pertaining to GSAR Part 547.

One commenter suggested making the GSAR consistent with the FAR and to eliminate inconsistencies and redundancies between the FAR and GSAR. The commenter further provided an example of a FAR deviation used under a Federal Supply Schedule 70, stating “that GSA should consider whether the various delivery and packaging requirements can be simplified and require delivery and packaging that comports with the contractor’s standard commercial practices.” GSA partially agrees with the commenter and has initiated this rewrite of the GSAM/GSAR to correct or clarify such inconsistencies. However, GSA believes that in this instance cited by the commenter, that the risk of loss or damage to supplies shall remain with the contractor until the Government takes possession of the supplies, as

specified f.o.b. origin or destination, whichever the contract so states.

This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

The General Services Administration does not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule will delete information and clauses that are deemed unnecessary. An Initial Regulatory Flexibility Analysis has, therefore, not been performed. We invite comments from small businesses and other interested parties. GSA will consider comments from small entities concerning the affected GSAR Parts 547 and 552 in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 601, *et seq.* (GSAR case 2006–G518), in correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the proposed changes to the GSAM do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

Taking of Marine Mammals Incidental to Commercial Fishing Operations; Atlantic Large Whale Take Reduction Plan Regulations

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: The National Marine Fisheries Service (NMFS) proposes to amend the regulations implementing the Atlantic Large Whale Take Reduction Plan (ALWTRP), to delay the effective date of one of the broad-based gear modifications and remove one of the gear-related definitions required in the recent amendment to the ALWTRP. Specifically, NMFS is proposing to delay the broad-based sinking groundline requirement for trap/pot fishermen in the Atlantic for an additional six months, from October 5, 2008 to April 5, 2009. Additionally, the proposed rule would delete the “neutrally buoyant line” term from the regulations to avoid any potential confusion with the requirements and assist enforcement efforts.

DATES: Comments on the proposed rule must be received by 5 p.m. EST on July 7, 2008.

ADDRESSES: Comments may be submitted on this proposed rule, identified by RIN 0648–AW84, by any one of the following methods:

(1) Electronic Submissions: Submit all electronic public comments via the Federal eRulemaking Portal <http://www.regulations.gov>.

(2) Mail: Mary Colligan, Assistant Regional Administrator for Protected Resources, NMFS, Northeast Region, 1 Blackburn Dr., Gloucester, MA 01930, ATTN: ALWTRP Proposed Rule.

(3) Facsimile (fax) to: 978–281–9394, Attn: Diane Borggaard

Instructions: All comments received are a part of the public record and will

generally be posted to <http://www.regulations.gov> without change. All personal identifying information (for example, name, address, etc.) voluntarily submitted by the commenter may be publicly accessible. Do not submit confidential business information or otherwise sensitive or protected information. NMFS will accept anonymous comments. Attachments to electronic comments will be accepted in Microsoft Word, Excel, WordPerfect, or Adobe PDF file formats only.

Copies of the Regulatory Impact Review related to this action can be obtained from the ALWTRP website listed under the Electronic Access portion of this document or writing Diane Borggaard, NMFS, Northeast Region, 1 Blackburn Dr., Gloucester, MA 01930. For additional **ADDRESSES** and web sites for document availability see **SUPPLEMENTARY INFORMATION**.

SUPPLEMENTARY INFORMATION:

Electronic Access

Several of the background documents for the ALWTRP and the take reduction planning process can be downloaded from the ALWTRP web site at <http://www.nero.noaa.gov/whaletrp/>. The complete text of the regulations implementing the ALWTRP can be found either in the Code of Federal Regulations (CFR) at 50 CFR 229.32 or downloaded from the website, along with a guide to the regulations.

Background

In response to the continued serious injury and mortality of large whales from entanglement in commercial fishing gear, NMFS determined that additional modifications to the ALWTRP were warranted. Subsequently, in October 2007, NMFS finalized an amendment to the ALWTRP which implemented a broad-based gear modification strategy that included additional regulated fisheries; expanded weak link and sinking groundline requirements; additional gear marking requirements; changes in boundaries; seasonal restrictions for gear modifications; expanded exempted areas; and regulatory language changes for the purposes of clarification and consistency (72 FR 57104, October 5, 2007; 73 FR 19171, April 9, 2008). Most modifications became effective November 5, 2007, and April 5, 2008, except for one broad-based requirement
