Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of this program is to improve student reading skills and academic achievement by providing students with

increased access to up-to-date school library materials; well-equipped, technologically advanced school library media centers; and well-trained, professionally certified school library media specialists.

Priorities: This notice contains one competitive preference priority and one invitational priority.

Competitive Preference Priority: This priority is from the notice of final priority for this program, published in the **Federal Register** on February 16, 2007 (72 FR 7629). For FY 2008, and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i) we award up to an additional 5 points to an application, depending on how well the application meets this priority.

Under this priority, we give priority to projects that demonstrate in their grant applications that the proposed library literacy project services are comprehensive and aligned with a school or district improvement plan. A school improvement plan may include the required two-year plan (under section 1116(b)(3) of the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001) that addresses the academic issues that caused a school to be identified as in need of improvement. The plan could also include a voluntary plan developed by the school or district to improve academic achievement. The applicant must clearly describe the improvement plan that is in place, whether it is for the school or the entire district, the reasons why the plan was put in place, and how the proposed project and the operation of the school library media center will directly support the academic goals established in the improvement plan.

Invitational Priority: This priority is from the notice of final priorities for discretionary grant programs published in the **Federal Register** on October 11, 2006 (71 FR 60046). For FY 2008 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1) we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority is for projects that help school districts implement academic and structural interventions in schools that have been identified for improvement, corrective action, or restructuring under the Elementary and Secondary Education Act of 1965, as

amended by the No Child Left Behind Act of 2001.

Program Authority: 20 U.S.C. 6383.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 80, 81, 82, 84, 85, 97, 98, and 99. (b) The notice of final clarification of eligible local activities, published in the **Federal Register** on April 5, 2004 (69 FR 17894). (c) The notice of final priority, published in the **Federal Register** on February 16, 2007 (72 FR 7629). (d) The notice of final priorities for discretionary grant programs published in the **Federal Register** on October 11, 2006 (71 FR 60046).

2. *Content and Form of Application Submission:* Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program. Page Limit: The application narrative (Part IV of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the application narrative (Part IV) to no more than 15 pages, using the following standards:

- A "page" is 8.5" × 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part III, the one-page abstract; Part VI, the other attachments including the resumes, and the endnotes, if applicable; and Part VII, the assurances and certifications. However,

you must include all of the application narrative in Part IV. Charter schools and State administered schools must include some form of documentation from their State educational agency (SEA) confirming eligibility for this program. This documentation is not counted toward the page limit.

Our reviewers will not read any pages of your application that exceed the page limit if you apply these standards. Appendices to the narrative are not permitted, with the exception of resumes and endnotes. None of the material sent as appendices to the narrative, with the exception of resumes and endnotes, will be sent to the reviewers.

3. *Submission Dates and Times:* *Applications Available:* January 22, 2008.

Deadline for Transmittal of Applications: March 7, 2008.

Applications for grants under this program must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 6. *Other Submission Requirements* in this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII in this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: May 6, 2008.

4. *Intergovernmental Review:* This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

5. *Funding Restrictions:* We reference regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

6. *Other Submission Requirements:* Applications for grants under this program must be submitted

electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Improving Literacy Through School Libraries program, CFDA Number 84.364A must be submitted electronically using the Governmentwide Grants.gov Apply site at <http://www.Grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for the Improving Literacy Through School Libraries program at <http://www.Grants.gov>. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.364, not 84.364A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider your application if it is date and time stamped by the Grants.gov system later than 4:30 p.m., Washington, DC time, on the application deadline date. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>.

- To submit your application via Grants.gov, you must complete all steps in the Grants.gov registration process (see http://www.grants.gov/applicants/get_registered.jsp). These steps include (1) registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR); and (3) getting authorized as an AOR by your organization. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>). You also must provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully an application via Grants.gov. In addition you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Education Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications. Please note that two of these forms—the SF 424

and the Department of Education Supplemental Information for SF 424—have replaced the ED 424 (Application for Federal Education Assistance).

- You must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII in this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem

affected your ability to submit your application by 4:30 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system; and
- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Irene Harwarth, U.S. Department of Education, 400 Maryland Avenue, SW., Room 3W227, Washington, DC 20202-6200, Fax: (202) 260-8969.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

(1) A private metered postmark, or

(2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

V. Application Review Information

1. Selection Criteria: The selection criteria for this program are from section 1251 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), and 34 CFR 75.210 and are as follows. The maximum score for all of these criteria is 100 points. The maximum score for each criterion is indicated in parentheses. We evaluate an application by determining how well the proposed project meets the following criteria:

(a) *Need for school library resources* (10 points). How well the applicant demonstrates the need for school library media improvement, based on the age and condition of school library media resources, including book collections; access of school library media centers to advanced technology; and the availability of well-trained, professionally certified school library media specialists, in schools served by the applicant.

(b) *Use of funds* (30 points). How well the applicant will use the funds made available through the grant to carry out one or more of the following activities that meet its demonstrated needs:

(1) Acquiring up-to-date school library media resources, including books.

(2) Acquiring and using advanced technology, incorporated into the curricula of the school, to develop and enhance students' skills in retrieving and making use of information and in critical thinking.

(3) Facilitating Internet links and other resource-sharing networks among schools and school library media centers, and public and academic libraries.

(4) Providing professional development (as described in the notice of final clarification of eligible local activities published in the **Federal Register** on April 5, 2004 (69 FR 17894)) for school library media specialists that is designed to improve literacy in grades K-3, and for school library media specialists as described in section 1222(d)(2) of the ESEA and providing activities that foster increased

collaboration between school library media specialists, teachers, and administrators.

(5) Providing students with access to school libraries during non-school hours, including the hours before and after school, during weekends, and during summer vacation periods.

(c) *Quality of the project design* (20 points). In determining the quality of the design of the proposed project, the Secretary considers the extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable.

(d) *Quality of the management plan* (20 points). In determining the quality of the management plan for the proposed project, the Secretary considers the adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks.

(e) *Broad-based involvement and coordination* (10 points). How well the applicant will extensively involve school library media specialists, teachers, administrators, and parents in the proposed project activities and effectively coordinate the funds and activities provided under this program with other literacy, library, technology, and professional development funds and activities.

(f) *Evaluation of quality and impact* (10 points). How well the applicant will collect and analyze data on the quality and impact of the proposed project activities, including the extent to which the availability of, the access to, and the use of up-to-date school library media resources in the elementary schools and secondary schools served by the applicant increase; and the impact of the project on the reading skills of students.

2. *Review and Selection Process*: An additional factor we consider in selecting an application for an award is the equitable distribution of grants across geographic regions and among LEAs serving urban and rural areas.

VI. Award Administration Information

1. *Award Notices*: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements*: We identify administrative and national policy requirements in the application package

and reference these and other requirements in the *Applicable Regulations* section in this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section in this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting*: At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures*: In response to the Government Performance and Results Act (GPRA), the Department developed three measures for evaluating the overall effectiveness of the Improving Literacy Through School Libraries program. These measures gauge improvement in student achievement and resources in the schools and districts served by the Improving Literacy Through School Libraries program by assessing increases in: (1) The percentage of students in schools served by the Improving Literacy Through School Libraries program who are proficient in reading; (2) The number of books and media resources purchased per student, pre- and post-grant, compared to the national average; and (3) The difference in the number of purchases of school library materials (books and media resources) between schools participating in the Improving Literacy Through School Libraries program and the national average. The Department will collect data for these measures from grantees' final performance reports and other data sources.
