

Performance rating	Critical element ratings
Exceptional Contributor.	At least 8E; None below S.
Superior Contributor ..	At least 6E; None below S.
Meritorious Contributor.	At least 4E; None below S.
Significant Contributor	At least 3E; Up to 2M.
Contributor	Up to 3M.
Marginal Contributor	4 or more M.
Unsatisfactory	1 or more U.

An employee with unsatisfactory performance in one or more critical elements is considered unsatisfactory overall and is given a performance improvement plan and an opportunity to improve. If the employee's performance remains unsatisfactory at the end of an opportunity to improve, the supervisor initiates appropriate follow-up action, i.e., reassignment, proposed change to a lower pay band, or proposed removal.

3. Performance Pay Decisions: The subsection titled "Performance Pay Decisions" (62 FR 54612) is replaced with the following:

Performance Pay Decisions

Annually, the NIST Director determines the amount of a unit of increase, or "I," based on a percentage of the mid-point salary for each pay band of each career path. The percentage may vary by career path and by pay bands within a career path. Performance pay increases are linked directly to performance ratings. An employee with an overall performance rating of Exceptional Contributor receives a performance pay increase equal to five units of increase, or 5 × "I." A Superior Contributor receives a performance pay increase equal to 3 × "I." A Meritorious Contributor receives a performance pay increase equal to 2 × "I." A Significant Contributor receives a performance pay increase equal to "I." The actual dollar amount of a performance pay increase depends upon an employee's career path and pay band. Employees may not receive an increase that causes their salary to exceed the maximum rate for their pay band.

Employees with Contributor, Marginal Contributor, and Unsatisfactory ratings do not receive performance pay increases.

Review, selection, and award processing is expected to be completed by the end of November 2008.

Public Meetings (Proposers' Conferences). TIP is holding public

meetings (Proposers' Conferences) at several locations around the country. Proposers' conferences will provide general information regarding TIP, guidance on preparing proposals, and the opportunity for questions and answers. Proprietary technical discussions about specific project ideas with NIST staff are not permitted at these conferences or at any time before submitting the proposal to TIP. Therefore, you should not expect to have proprietary issues addressed at proposers' conferences. Also, NIST/TIP staff will not critique or provide feedback on project ideas while they are being developed by a proposer. However, NIST/TIP staff will answer questions about the TIP eligibility and cost-sharing requirements, evaluation and award criteria, selection process, and the general characteristics of a competitive TIP proposal at the proposers' conferences and by phone and e-mail. Attendance at TIP proposers' conferences is not required.
