SUPPLEMENTARY INFORMATION:

I. Background

Each state administering a grant under the WIA adult, dislocated worker, and youth programs is required to submit quarterly (ETA 9090) and annual (ETA 9091) reports containing information related to levels of participation and performance outcomes for each program. In addition, each state submits a file of individual records on all participants who exit the programs, formally called the Workforce Investment Act Title 1–B Standardized Record Data (WIASRD). These participant records are submitted once a year based on a July-to-June program period. This notice is requesting the extension of the current collection without change.

The Employment and Training Administration is proposing similar changes to the reporting requirements for Wagner-Peyser Employment Service Programs and the Trade Adjustment Assistance Act Programs. Please note that ETA will seek comments regarding extensions to these collections in separate **Federal Register** notices.
