Action Affecting Export Privileges; Juan Sevilla; JS Engineering and Cientec, S.A. de C.V.; In the Matter of Juan Sevilla 16123 Ardath Avenue Gardena, California 90249, Respondent; JS Engineering 16123 Ardath Avenue Gardena, California 90249 and Cientec, S.A. de C.V. Acatempan No. 2112 Chapultepec Country, 44620 Guadalajara, Jalisco Mexico; Related Persons

Order Denying Export Privileges

A. Denial of Export Privileges of Juan Sevilla

On December 5, 2006, in the U.S. District Court for the Northern District of Illinois, Juan Sevilla ("Sevilla") was found guilty on one count of violating the International Emergency Economic Powers Act (50 U.S.C. 1701-1706 (2000)) ("IEEPA"). Specifically, the Court found that Sevilla knowingly and willfully attempted to engage in the unauthorized sale and export to Iran of a United Computer Inclusive Hydraulic Floor Model Testing Machine. The testing machine is classified as EAR99. These systems test metals or plastic materials for tensile strength and the export of these systems to Iran requires an individual validated license from the Department of the Treasury, Office of Foreign Assets Control ("OFAC"). Failing to obtain the proper OFAC license for this item is also a violation of the Export Administration Regulations ("Regulations").¹ Sevilla was sentenced to probation for five years with a period of home

¹ The Regulations are currently codified at 15 CFR Parts 730-774 (2007).

confinement of six months. The judge also ordered 100 hours of community service, a \$100.00 special assessment and a \$10,000.00 fine.

Section 11(h) of the Export Administration Act of 1979, as amended (currently codified at 50 U.S.C. Section 2401–2420 (2000)) (the “Act”)² and Section 766.25 of the Regulations provide, in pertinent part, that “[t]he Director of Exporter Services, in consultation with the Director of the Office of Export Enforcement, may deny export privileges of any person who has been convicted of a violation of * * * IEEPA” for a period not to exceed 10 years from the date of conviction. 15 CFR 766.25(a) and (d). In addition, Section 750.8 of the Regulations states that BIS’s Office of Exporter Services may revoke any BIS licenses previously issued in which the person had an interest at the time of his conviction.

I have received notice of Sevilla’s conviction for violating the IEEPA, and have provided notice and an opportunity for Sevilla to make a written submission to the Bureau of Industry and Security as provided in Section 766.25 of the Regulations. I have received a written submission from Sevilla and, following consultations with the Office of Export Enforcement, including its Director, have decided to deny Sevilla’s export privileges under the Regulations for a period of five years from the date of Sevilla’s conviction. I have also decided to revoke all licenses issued pursuant to the Act or Regulations in which Sevilla had an interest at the time of his conviction.

B. Denial of Export Privileges of Related Persons

Pursuant to Sections 766.25(h) and 766.23 of the Regulations, the Director of BIS’s Office of Exporter Services, in consultation with the Director of BIS’s Office of Export Enforcement, may take action to name persons related to a Respondent by ownership, control, position of responsibility, affiliation, or other connection in the conduct of trade or business in order to prevent evasion of a denial order. I gave notice to Cientec, S.A. de C.V. (“Cientec”) and JS Engineering that their export privileges under the Regulations could be denied for up to 10 years due to their relationship with Sevilla and because

BIS believes that naming them as persons related to Sevilla would be necessary to prevent evasion of a denial order imposed against Sevilla. Sevilla is the founder, owner and president of Cientec, S.A. Sevilla is also the owner of JS Engineering, an affiliate of Cientec based out of Sevilla’s home in Gardena, CA. JS Engineering and Cientec are related to Sevilla by ownership, control, position of responsibility, affiliation, or other connection in the conduct of trade or business. BIS believes that naming Cientec and JS Engineering as persons related to Sevilla is necessary to avoid evasion of the denial order against Sevilla because of the likelihood that Sevilla would continue to engage in trade through these companies.

After receiving and considering submissions from JS Engineering and Cientec, I have decided, following consultations with the Office of Export Enforcement, including its Director, to name JS Engineering and Cientec as Related Persons to the Sevilla Denial Order, thereby denying their export privileges for five years from the date of Sevilla’s conviction.

I have also decided to revoke all licenses issued pursuant to the Act or Regulations in which the Related Persons had an interest at the time of Sevilla’s conviction. The five-year denial period will end on December 5, 2011.

Accordingly, it is hereby

Ordered

I. Until December 5, 2011, Juan Sevilla, 16123 Ardath Avenue, Gardena, California 90249, when acting for or on behalf of Sevilla, his representatives, assigns, agents or employees, (“the Denied Person”) and the following persons related to the Denied Person as defined by Section 766.23 of the Regulations: JS Engineering, 16123 Ardath Avenue, Gardena, California 90249 and Cientec, S.A. de C.V., Acatempan No. 2112, Chapultepec Country, 44620, Guadalajara, Jalisco, Mexico, and when acting for or on their behalf, their employees, agents or representatives, (“the Related Persons”) (together, the Denied Person and the Related Persons are “Persons Subject To This Order”) may not, directly or indirectly, participate in any way in any transaction involving any commodity, software or technology (hereinafter collectively referred to as “item”) exported or to be exported from the United States that is subject to the Regulations, or in any other subject to the Regulations, including, but not limited to:

For purposes of this paragraph, servicing means installation, maintenance, repair, modification or testing.

III. In addition to the Related Persons named above, after notice and opportunity for comment as provided in section 766.23 of the Regulations, any other person, firm, corporation, or

VIII. A copy of this Order shall be delivered to Sevilla and the Related Persons. This Order shall be published in the **Federal Register**.
