BILLING CODE 6210-01-S

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Announcement of Fifth Meeting of the Secretary's Advisory Committee on National Health Promotion and Disease Prevention Objectives for 2020

AGENCY: Department of Health and Human Services, Office of the Secretary, Office of Public Health and Science, Office of Disease Prevention and Health Promotion.

ACTION: Notice of Meeting.

Authority: 42 U.S.C. 217a, Section 222 of the Public Health Service Act, as amended. The Committee is governed by the provision of Public Law 92-463, as amended (5 U.S.C. Appendix 2), which sets forth standards for the formation and use of advisory committees.

SUMMARY: The U.S. Department of Health and Human Services (HHS) announces the fifth in a series of federal advisory committee meetings regarding the national health promotion and disease prevention objectives for 2020 to be held in Washington, DC. This meeting will be open to the public. The Secretary's Advisory Committee on National Health Promotion and Disease Prevention Objectives for 2020 will review the nation's health promotion and disease prevention objectives and efforts to develop goals and objectives to improve the health status and reduce health risks for Americans by the year 2020. The Committee will provide to the Secretary of Health and Human Services advice and consultation for developing and implementing the next iteration of national health promotion and disease prevention goals and objectives and provide recommendations for initiatives to occur during the initial implementation phase of the goals and objectives. HHS will use the recommendations to inform the development of the national health promotion and disease prevention objectives for 2020 and the process for implementing the objectives. The intent is to develop and launch objectives designed to improve the health status and reduce health risks for Americans by the year 2020.

DATES: The Committee will meet for two days: September 4, 2008 from 10:30 a.m. to 6 p.m. Eastern Daylight Time and

September 5, 2008 from 10:30 a.m. to 6 p.m. Eastern Daylight Time.

ADDRESSES: The meeting will be held online, via WebEx software. For detailed instructions about how to make sure that your windows computer and browser is set up for WebEx, please visit the "Secretary's Advisory Committee" page of the Healthy People Web site at: <http://www.healthypeople.gov/hp2020/advisory/default.asp>.

FOR FURTHER INFORMATION CONTACT:

Emmeline Ochiai, Designated Federal Officer, Secretary's Advisory Committee on National Health Promotion and Disease Prevention Objectives for 2020, U.S. Department of Health and Human Services, Office of Public Health and Science, Office of Disease Prevention and Health Promotion, 1101 Wootton Parkway, Room LL-100, Rockville, MD 20852, (240) 453-8259 (telephone), (240) 453-8281 (fax). Additional information is available on the Internet at <http://www.healthypeople.gov>.

SUPPLEMENTARY INFORMATION: *Purpose of Meeting:* Every 10 years, through the Healthy People initiative, HHS leverages scientific insights and lessons from the past decade, along with the new knowledge of current data, trends, and innovations to develop the next iteration of national health promotion and disease prevention objectives. Healthy People provides science-based, 10-year national objectives for promoting health and preventing disease. Since 1979, Healthy People has set and monitored national health objectives to meet a broad range of health needs, encourage collaborations across sectors, guide individuals toward making informed health decisions, and measure the impact of our prevention and health promotion activities. Healthy People 2020 will reflect assessments of major risks to health and wellness, changing public health priorities, and emerging issues related to our nation's health preparedness and prevention.

Public Participation at Meeting: Members of the public are invited to listen to the online Advisory Committee meeting. There will be no opportunity for oral public comments during the online Secretary's Advisory Committee on National Health Promotion and Disease Prevention Objectives for 2020 meeting. Written comments, however, are welcome throughout the development process of the national health promotion and disease prevention objectives for 2020. They can be submitted through the Healthy People Web site at: <http://www.healthypeople.gov/hp2020/comments/> or they can be e-mailed to HP2020@hhs.gov. Please note that the

public comment Web site will be updated throughout the Healthy People development process, so people should return to the site frequently and provide their input.

To listen to the Committee meeting, individuals must pre-register to attend the Secretary's Advisory Committee on National Health Promotion and Disease Prevention Objectives for 2020 at the Healthy People Web site located at <http://www.healthypeople.gov>. Participation in the meeting is limited. Registrations will be accepted until maximum WebEx capacity is reached and must be completed by close of business Eastern Daylight Time on September 2, 2008. A waiting list will be maintained should registrations exceed WebEx capacity. Individuals on the waiting list will be contacted as additional space for the meeting becomes available.

Registration questions may be directed to Hilary Scherer at HP2020@norc.org (e-mail), (301) 634-9374 (phone) or (301) 634-9301 (fax).

Dated: August 12, 2008.

Carter Blakey,

Acting Director, Office of Disease Prevention and Health Promotion.

BILLING CODE 4150-32-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

National Center for Environmental Health (NCEH)

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC), National Center for Environmental Health announces the following committee meeting.

Name: Advisory Committee on Childhood Lead Poisoning Prevention (ACCLPP).

Times and Dates: October 29, 2008, 12:30 p.m.-5 p.m., October 30, 2008, 8:30 a.m.-5 p.m.

Place: The Westin San Diego, 400 West Broadway, San Diego, California 92101
Telephone: 619-338-3613, **fax:** 619-239-4527.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 125 people.

Purpose: The committee provides advice and guidance to the Secretary; the Assistant Secretary for Health; and the CDC Director regarding new scientific knowledge and technologic developments and their practical implications for childhood lead poisoning prevention efforts. The committee also reviews and reports regularly on childhood

lead poisoning prevention practices and recommends improvements in national childhood lead poisoning prevention efforts.

Matter To Be Discussed: Agenda items are subject to change as priorities dictate; however, the current agenda includes:

- Discussion on the potential approaches to strengthen existing strategies to achieve the Healthy People 2010 goal of eliminating elevated blood lead levels as a public health problem in the United States by 2010;
- Update on school performance and concurrent blood lead levels (BLLs);
- Discussion on study designs related to adverse effects from BLLs <10 µg/dL;
- Discussion on the development of a prevention-based research agenda.

Opportunities will be provided during the meeting for oral comments. Depending on the time available and the number of requests, it may be necessary to limit the time for each presenter.

FOR FURTHER INFORMATION CONTACT:

Claudine Johnson, Program Operations Assistant, *telephone:* 770-488-3629 or Barry Brooks, Administrative Team Leader, *telephone:* 770-488-3641, Division of Environmental Emergency Health Services, National Center for Environmental Health, Centers for Disease Control and Prevention, 4770 Buford Hwy, Mailstop F-60, Atlanta, Georgia 30341 *telephone:* 770-488-3300, fax: 770-488-3635.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: August 7, 2008.

Daniel Riedford,

Acting Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Submission for OMB Review; Comment Request; Prostate, Lung, Colorectal and Ovarian Cancer Screening Trial (PLCO) (NCI)

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Cancer Institute (NCI), the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request to review and approve the information collection listed below. This proposed information collection was previously published in the **Federal Register** on June 6, 2008, Volume 73, Number 110, Page 32338 and allowed 60 days for public comment. In response to the notice, there were no public comments received. The purpose of this notice is to allow an additional 30 days for public comment. The National Institutes of Health may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Proposed Collection: Title: Prostate, Lung, Colorectal and Ovarian Cancer Screening Trial (PLCO). *Type of Information Collection Request:* REVISION (OMB #: 0925-0407, current expiry date 10/31/2008). *Need and Use of Information Collection:* This trial is designed to determine if screening for prostate, lung, colorectal and ovarian cancer can reduce mortality from these cancers which currently cause an estimated 254,900 deaths annually in the U.S. The design is a two-armed randomized trial of men and women aged 55 to 74 at entry. OMB first

approved this study in 1993 and has approved it every 3 years since then through 2008. During the first approval period a pilot study was conducted to evaluate recruitment methods and data collection procedures. Recruitment was completed in 2001 and data collection continues through 2008. When participants enrolled in the trial they agreed to be followed for at least 13 years from the time of enrollment. The current number of respondents in the study is 136,341; this is down from the total initially due to deaths. The primary endpoint of the trial is cancer-specific mortality for each of the four cancer sites (prostate, lung, colorectum, and ovary). In addition, cancer incidence, stage shift, and case survival are to be monitored to help understand and explain results. Biologic prognostic characteristics of the cancers will be measured and correlated with mortality to determine the mortality predictive value of these intermediate endpoints. Basic demographic data, risk factor data for the four cancer sites and screening history data, as collected from all subjects at baseline, will be used to assure comparability between the screening and control groups and make appropriate adjustments in analysis. Further, demographic and risk factor information may be used to analyze the differential effectiveness of screening in high versus low risk individuals. *Frequency of Response:* Annually. *Affected Public:* Individuals. *Type of Respondents:* Adult men and women. The estimated total annual burden hours requested is 11,401. The annualized cost to respondents is estimated at \$219,919 per year, for a total of \$659,756 over the proposed three year renewal. There are no Capital Costs to report. There are no Operating or Maintenance Costs to report.

TABLE A.12-1—ESTIMATES OF ANNUAL BURDEN HOURS

Type of respondents	Survey instrument	Number of respondents	Frequency of response	Average time per response (hours)	Total annual burden hours
Male and Female Participants	ASU	133,341.00	1.00	5/60	11,111.75
	HSQ	1,333.33	1.00	5/60	111.08
Male Participants	Prostate	1,066.67	1.00	10/60	177.83
Total					11,400.66

Request for Comments: Written comments and/or suggestions from the public and affected agencies should address one or more of the following points: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of

the function of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological
