

Securities, generally, and Equity Index-Linked Securities, in particular.¹⁵

The Commission believes that the listing and trading of the Notes is consistent with the Act. The Commission notes that, based on the Exchange's representations, the Notes otherwise meet all of the other applicable generic listing standards under NYSE Arca Equities Rule 5.2(j)(6). The Commission notes that the Index is composed of all of the equity securities (103 stocks) that are included in five separate Country Indices and has a total market capitalization of over \$100 billion. The Commission further notes that it has previously approved the listing and trading of derivative securities products based on indices that were composed of stocks that did not meet certain quantitative generic listing criteria.¹⁶

For the foregoing reasons, the Commission believes that the proposal to list and trade the Notes is consistent with the Act and finds good cause for approving the proposed rule change. This order is based on the Exchange's representations.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (SR-NYSEArca-2008-77) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁷

Florence E. Harmon,

Acting Secretary.
