#### Hand Trucks and Certain Parts Thereof From the People's Republic of China: Extension of Time Limit for the Preliminary Results of New Shipper Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** January 29, 2008.

**FOR FURTHER INFORMATION CONTACT:** Eugene Degnan, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0414.

#### SUPPLEMENTARY INFORMATION:

##### Background

On July 26, 2007, the Department initiated a new shipper review of New-Tec Integration (Xiamen) Co., Ltd. ("New-Tec") covering the period December 1, 2006, through May 31, 2007. See *Hand Trucks and Certain Parts Thereof From the People's Republic of China: Initiation of Antidumping Duty New Shipper Review*, 72 FR 42392 (August 2, 2007). The preliminary results of this new shipper review are currently due no later than January 22, 2008.

##### Statutory Time Limits

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the "Act"), provides that the Department will issue the preliminary results of a new shipper review of an antidumping duty order within 180 days after the day on which the review was initiated. See also 19

CFR 351.214 (i)(1). The Act further provides that the Department may extend that 180-day period to 300 days if it determines that the case is extraordinarily complicated. See 19 CFR 351.214 (i)(2).

#### Extension of Time Limit of Preliminary Results

The Department determines that this new shipper review involves complicated methodological issues, the examination of importer information and the evaluation of the *bona fide* nature of the company's sale. Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2), the Department is extending the time limit for these preliminary results by 90 days, until no later than April 21, 2008. The final results continue to be due 90 days after the publication of the preliminary results.

We are issuing and publishing this notice in accordance with sections 751(a)(2)(B)(iv) and 777(i) of the Act.

Dated: January 18, 2008.

**Stephen J. Claeys,**  
Deputy Assistant Secretary for Import Administration.

#### Postponement of Final Determination of Antidumping Duty Investigation: Sodium Hexametaphosphate From the People's Republic of China

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** January 29, 2008.

**FOR FURTHER INFORMATION CONTACT:** Erin Begnal or Scot Fullerton, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1442 or (202) 482-1386, respectively.

#### Postponement of Final Determination

On February 28, 2007, the Department of Commerce ("Department") initiated the antidumping duty investigation of sodium hexametaphosphate from the People's Republic of China. See *Initiation of Antidumping Duty Investigation: Sodium Hexametaphosphate From the People's Republic of China*, 72 FR 9926 (March

6, 2007) ("Initiation Notice"); see also *Notice of Correction of Initiation of Antidumping Duty Investigation: Sodium Hexametaphosphate from the People's Republic of China*, 72 FR 11325 (March 13, 2007). On September 14, 2007, the Department published the *Preliminary Determination* in the antidumping duty investigation of sodium hexametaphosphate ("SHMP") from the People's Republic of China. See *Preliminary Determination of Sales at Less Than Fair Value: Sodium Hexametaphosphate from the People's Republic of China*, 72 FR 52544 (September 14, 2007) ("Preliminary Determination").

Section 735(a)(2) of the Tariff Act of 1930 ("the Act") provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by petitioner. In addition, the Department's regulations, at 19 CFR 351.210(e)(2), require that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four-month period to not more than six months. See 19 CFR 351.210(e)(2).

On September 11, 2007, Hubei Xingfa Chemicals Group Co., Ltd., requested a 60-day extension of the final determination (i.e., 135 days after the publication of the preliminary determination) and extension of the provisional measures. On September 28, 2007, the Department published a 60-day postponement of the final determination of the investigation of SHMP from the PRC, based on the unextended final determination date of November 20, 2007. See *Postponement of Final Determination of Antidumping Duty Investigation: Sodium Hexametaphosphate from the People's Republic of China*, 72 FR 55176 (September 28, 2007). The Department intended to fully postpone the final determination by 135 days, pursuant to section 735(a) of the Act and 19 CFR 351.210(b)(2), but it inadvertently calculated the postponement based on the signature date of the preliminary determination, as opposed to the publication date. With this notice, we intend to fully postpone the final determination based upon the publication date of the preliminary determination.

Thus, because our preliminary determination is affirmative, and the respondent requesting an extension of the final determination and an extension of the provisional measures, accounts for a significant proportion of exports of the subject merchandise, and no compelling reasons for denial exist, based on the date of the publication of the preliminary determination (September 14, 2007), we are postponing the final determination by 135 days until January 28, 2007.<sup>1</sup>

This notice is issued and published pursuant to sections 777(i) and 735(a)(2) of the Act and 19 CFR 351.210(g).

Dated: January 22, 2008.

#### Fisheries in the Western Pacific; Western Pacific Crustacean Fisheries; 2008 Harvest Guideline

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notification of harvest guideline for crustaceans.

**SUMMARY:** NMFS announces that the annual harvest guideline for the commercial lobster fishery in the Northwestern Hawaiian Islands (NWHI) for calendar year 2008 is established at zero lobsters.

**FOR FURTHER INFORMATION CONTACT:** Bob Harman, NMFS Pacific Islands Region, 808-944-2271.

**SUPPLEMENTARY INFORMATION:** The NWHI commercial lobster fishery is managed under the Fishery Management Plan for the Crustacean Fisheries of the Western Pacific Region (Crustaceans FMP). The regulations at 50 CFR 665.50(b)(2) require NMFS to publish an annual harvest guideline for lobster Permit Area 1, comprised of Federal waters around the NWHI.

<sup>1</sup> The full postponement would result in the signature day falling on January 27, 2008, which is a Sunday. Therefore, the signature day will roll over to the next business day, January 28, 2008, in accordance with our practice. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

The NWHI commercial lobster fishery, which operates almost exclusively within 50 nm of the NWHI archipelago, has been closed since 2000, initially as a precautionary action to prevent overfishing of spiny and slipper lobster resources while NMFS conducted biological research and assessed the status of the lobster stocks. In 2006, Presidential Proclamation No. 8031 established the NWHI Marine National Monument (later renamed the Papahānaumokuākea Marine National Monument). Regulations implementing the Proclamation, promulgated jointly by NOAA and the U.S. Fish and Wildlife Service, prohibit the unpermitted removal of monument resources (50 CFR 404.7) and establish a zero annual harvest guideline for lobsters (50 CFR 404.10(a)). Accordingly, NMFS establishes the harvest guideline at zero lobsters for the NWHI commercial lobster fishery for calendar year 2008; thus, no harvest of NWHI lobster resources is allowed.

#### Atlantic Bluefin Tuna Scientific Workshop

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice.

**SUMMARY:** NMFS announces the date, time, and location for an informal Atlantic bluefin tuna (BFT) scientific workshop (Workshop).

**DATES:** The Workshop will start at 10 a.m. on Tuesday, February 5, 2008, and will conclude at 12:30 p.m., Wednesday, February 6, 2008.

**ADDRESSES:** The Workshop will be held at the NMFS Southeast Regional Office, 13<sup>th</sup> Avenue, South, St. Petersburg, FL 33701.

**FOR FURTHER INFORMATION CONTACT:** Victor Restrepo at (305) 361-4000.

**SUPPLEMENTARY INFORMATION:** Atlantic tunas are managed under the dual authority of the Magnuson-Stevens Act

and the Atlantic Tunas Convention Act (ATCA), which authorizes the Secretary of Commerce (Secretary) to promulgate regulations, as may be necessary and appropriate, to implement recommendations of the International Commission for the Conservation of Atlantic Tunas (ICCAT).

ICCAT's Standing Committee on Research and Statistics (SCRS) will hold an Atlantic bluefin tuna stock assessment session in Madrid, Spain in June 2008. In advance of the SCRS session, NMFS will hold an informal BFT scientific workshop to review, to discuss relevant BFT research, preparations for the stock assessments, and the timeline for submission of scientific papers to SCRS by U.S. researchers.
