[Docket No. CP08-465-000]

ANR Pipeline Company; Notice of Application

August 29, 2008.

Take notice that on August 20, 2008, ANR Pipeline Company (ANR), 717 Texas Street, Houston, Texas 77002, filed in Docket No. CP08-465-000 an application pursuant to section 7(c) of the Natural Gas Act (NGA) and the Commission's Regulations, for authorization to construct and operate certain facilities referred to as its Wisconsin Expansion Project 2009 in various Wisconsin counties, as more fully set forth in the application which is open to the public for inspection. This filing may be also viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FEROnline Support at FEROnlineSupport@ferc.gov or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

ANR proposes to: (1) Construct and operate approximately 8.9 miles of 30-inch diameter pipeline looping on its Madison lateral in Rock County; (2) install one mainline control valve each at the Marshfield compressor station in Wood County and at the Fairwater meter station in Columbia County; and (3) upgrade minor facilities at the Marshfield meter station in Wood County, the North Wausau meter station in Marathon County, and the Randolph meter station in Columbia County. ANR states that the proposed new facilities would allow ANR to provide approximately 97,880 Dekatherm equivalent of natural gas per day in new firm transportation capacity in Wisconsin. ANR also states that the proposed Wisconsin Expansion Project 2009 facilities would cost approximately \$38,259,931 to construct.

Any questions regarding this application should be directed to Dean Ferguson, Vice President, Marketing and Business Development, ANR Pipeline Company, 717 Texas Street, Houston, Texas 77002, or by telephone at (832) 320-5703, facsimile at (832) 320-5704 or via e-mail: dean_ferguson@transcanada.com.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project

should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.
