

ACTION: Notice of Intent to prepare an Environmental Impact Statement for the General Management Plan, Frederick Law Olmsted National Historic Site (NHS).

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), the National Park Service is preparing an Environmental Impact Statement (EIS) for the General Management Plan (GMP) for the Frederick Law Olmsted National Historic Site, Massachusetts. The existing GMP dates from 1983, when the park started operations, and needs major updates. An updated GMP will provide fundamental management guidance to enable the park to strategically plan for long-term resource management, visitor use, and partnerships. In cooperation with the Town of Brookline, MA, attention will also be given to resources outside the boundaries that affect the integrity of the Frederick Law Olmsted National Historic Site. The plan will identify management alternatives for the site. Major issues include: (1) Developing strategies for the ongoing preservation of the structures, grounds, and collections; (2) providing functional dedicated space for interpretive and educational programs and media; (3) resolving parking and public access issues; (4) developing strategies for reaching diverse audiences; (5) providing archives reference facilities and services that meet present and future demands; (6) providing readily accessible archives storage facilities that meet the needs of the collection; (7) addressing facility needs for park headquarters and the shared park maintenance building; (8) developing strategies for conserving the adjacent historic setting and the larger historic context; (9) strengthening partnerships with related national and local nonprofit organizations and communities.

The Draft EIS/General Management Plan is expected to be available for public review in 2010. After public and interagency review of the draft document, comments will be considered and a final GMP/EIS report will be prepared that contains a preferred alternative for management of the Frederick Law Olmsted NHS, followed by a Record of Decision.

DATES: The NPS will hold a public scoping meeting, which will provide opportunities to ask questions and raise issues concerning the General Management Plan for the Frederick Law Olmsted National Historic Site. Information on the time and place of the public scoping meeting will be publicized through the local news

media serving the region around the historic site and the NPS Planning, Environment, and Public Comment Web site at <http://parkplanning.nps.gov>.

Temporary Concession Contract for Great Basin National Park, NV

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of proposed award of temporary concession contract for the operation of Lehman Caves Gift and Cafe within Great Basin National Park, NV.

SUMMARY: Pursuant to 36 CFR 51.24, public notice is hereby given that the National Park Service proposes to award a temporary concession contract for the operation of a gift shop and cafe available to the public visiting Great Basin National Park, Nevada for a term of three (3) years. This action is necessary to avoid continued interruption of visitor services.

DATES: The term of the temporary concession contract will commence on July 1, 2008 and end on June 30, 2011.

SUPPLEMENTARY INFORMATION: The temporary concession contract is proposed to be awarded to Half Year, Inc., a qualified person, and will authorize Half Year Inc., to provide food and beverage service as well as a retail outlet for the sales of gifts and souvenirs at the Lehman Caves Visitor Center within Great Basin National Park. All of these services are seasonal and are provided during only half of the year, from approximately April 1 through mid-October.

Previously, these services had been provided by another concessioner, who had been authorized by Concession Contract CC-GRBAOO1-98 to conduct visitor services during the period January 1, 1998, through December 31, 2007.

Prior to the expiration of CC-GRBAOO1-98, the National Park Service had taken a number of reasonable and appropriate steps in order to avoid any interruption of visitor services. A public solicitation process inviting the general public to submit proposals for a new concession contract began in the spring of 2007, with the issuance, on April 9th 2007, of a prospectus for CC-GRBAOO1-07. That solicitation closed on August 16th 2007, but subsequently had to be cancelled, pursuant to 36 CFR 51.11, in late 2007. The National Park Service then proceeded with a second solicitation for a new concession contract, issuing a new prospectus on January 11th 2008 for CC-GRBAOO1-08. This second solicitation closed on March 18th 2008; however, no responsive offers were received.

Another public solicitation for proposals cannot be completed prior to the end of the limited operating season available for these services during 2008. At this time, however, a qualified person is willing to provide these services on a temporary basis.

Therefore, the National Park Service has determined that a temporary contract is necessary in order to avoid an interruption of visitor services and has taken all reasonable and appropriate steps to consider alternatives to avoid this interruption of visitor services.

This action is issued pursuant to 36 CFR 51.24(a). This is not a request for proposals.

Daniel N. Wen,

Deputy Director, Operations.
