Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before December 2, 2008.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: September 30, 2008.

Angela C. Arrington,
IC Clearance Official, Regulatory Information Management Services, Office of Management.

DEPARTMENT OF ENERGY

Advance Notice of Intent To Prepare a Programmatic Environmental Impact Statement for the Designation of Energy Corridors on Federal Lands in 39 States, Amend Relevant Agency Land Use or Equivalent Plans and Notice of Floodplain and Wetlands Involvement

AGENCY: Department of Energy (DOE), Office of Electricity Delivery and Energy Reliability (OE).

ACTION: Advance Notice of Intent.

SUMMARY: Section 368(b) of the Energy Policy Act of 2005 (the Act), Public Law 109-58 (August 8, 2005), directs the Secretaries of Agriculture, Commerce, Defense, Energy, and the Interior (Secretaries) to identify corridors (Section 368 corridors) on Federal lands in 39 States, other than the 11 contiguous Western States (Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming) (11 Western States) that might be used for oil, gas and hydrogen pipelines and electricity transmission and distribution facilities. Section 368 further requires the Secretaries to identify these Section 368 corridors by August 8, 2009, and schedule prompt action to designate and incorporate the Section 368 corridors into applicable land use or equivalent plans. The designation must specify the centerline, width and compatible uses of the Section 368 corridors.

In proposing how and where to designate Section 368 corridors, the Secretaries must take into account the need for upgraded and new electricity transmission and distribution facilities to (1) Improve reliability; (2) relieve congestion; and (3) enhance the capability of the national grid to deliver electricity. The Section 368 corridor designations would not authorize development but would serve as a planning tool to identify the preferred locations for siting potential energy transport projects in the future.

DOE, the Department of the Interior (DOI), the Department of Agriculture (USDA) and the Department of Defense (DOD) (the Agencies) intend to prepare a programmatic environmental impact statement (PEIS), entitled *Designation of Energy Corridors on Federal Land in 39 States* (DOE/EIS-0406), to identify any environmental impacts that may result from the proposed action of designating Section 368 corridors and incorporating them into applicable land use or equivalent plans. The Agencies also will identify the environmental impacts from the range of reasonable alternatives to

the proposed action. DOE and DOI, through the Bureau of Land Management (BLM), intend to be co-lead agencies for this effort; USDA, through the United States Forest Service (FS), and DOD intend to participate as cooperating agencies.

DOE is issuing this Advance Notice of Intent (ANOI), pursuant to 10 CFR 1021.311(b), in order to request early comments and suggestions from Federal and State agencies, Tribal and local governments, the public, and other interested parties. Comments and suggestions will assist the Agencies in identifying the location of potential Section 368 corridors on Federal lands in 39 States, the preliminary range of reasonable alternatives, screening criteria, and the potential environmental impacts related to the Agencies' designation of Section 368 corridors on Federal land in 39 States. The early comments on the potential location of Section 368 corridors will inform DOE's decision on where to hold scoping meetings.

Because the proposed action may involve actions in a floodplain or wetland, the draft PEIS would include a floodplain and wetlands assessment, as required by 10 CFR 1022, and the final PEIS or agency records of decision would include a floodplain statement of findings. The Agencies will prepare the PEIS in accordance with the National Environmental Policy Act (NEPA); the Council on Environmental Quality's NEPA implementing regulations, 40 CFR 1500-1508; DOE's NEPA implementing regulations promulgated pursuant to NEPA, 10 CFR 1021; BLM's planning regulations, 43 CFR 1600; and applicable FS planning regulations to amend land use plans.

DATES: The public comment period for this ANOI starts with the publication of this notice in the **Federal Register** and will continue until December 2, 2008. Comments received or postmarked after that date will be considered to the extent practicable. The Agencies plan to issue a Notice of Intent (NOI) for this PEIS following analysis of comments and suggestions received on the ANOI. After the NOI is issued, the Agencies will conduct public scoping meetings to assist in further defining the scope of the PEIS and to identify significant issues to be addressed. The dates and locations of all scoping meetings will be announced in the NOI, subsequent **Federal Register** notices, and in local media.

ADDRESSES: Comments or suggestions on the scope of the PEIS and the proposed action should be sent to: Brian Mills at the U.S. Department of Energy,
