AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

SUMMARY: NMFS is opening directed fishing for Atka mackerel in the Eastern Aleutian District and the Bering Sea subarea of the Bering Sea and Aleutian Islands management area (BSAI) by vessels participating in the BSAI trawl limited access fishery. This action is necessary to fully use the 2008 total allowable catch (TAC) of Atka mackerel in these areas specified for vessels participating in the BSAI trawl limited access fishery.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson–Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

NMFS closed the directed fishery for Atka mackerel by vessels participating in the BSAI trawl limited access fishery in the Eastern Aleutian District and the Bering Sea subarea on October 11, 2008 (73 FR 61366, October 16, 2008).

NMFS has determined that approximately 152 mt of the 2008 Atka mackerel TAC specified for vessels participating in the BSAI trawl limited access fishery in the Eastern Aleutian District and the Bering Sea subarea remain in the directed fishing allowance. Therefore, in accordance with § 679.25(a)(1)(i), (a)(2)(i)(C), and (a)(2)(iii)(D), and to fully utilize the 2008 TAC of Atka mackerel in these areas specified for vessels participating in the BSAI trawl limited access fishery, NMFS is terminating the previous closure and is opening directed fishing for Atka mackerel by vessels participating in the BSAI trawl limited access fishery in the Eastern Aleutian District and the Bering Sea subarea. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance will be reached after 72 hours. Consequently, NMFS is prohibiting directed fishing for the 2008 TAC of Atka mackerel in these

areas specified for vessels participating in the BSAI trawl limited access fishery effective 1200 hrs, A.l.t., October 23, 2008.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA) finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such a requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the opening of the Atka mackerel fishery in the Eastern Aleutian District and the Bering Sea subarea for vessels participating in the BSAI trawl limited access fishery. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of October 17, 2008. The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Without this inseason adjustment, NMFS could not allow the fishery for Atka mackerel fishery in the Eastern Aleutian District and the Bering Sea subarea by vessels participating in the BSAI trawl limited access fishery to be harvested in an expedient manner and in accordance with the regulatory schedule. Under § 679.25(c)(2), interested persons are invited to submit written comments on this action to the above address until November 4, 2008.

This action is required by § 679.20 and § 679.25 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*
