

Resource Management Plan (GP/RMP). The Draft EIS/EIR describes and presents the environmental effects of four alternatives, including no action, for future use of the project area for recreation and resource protection and management. The purpose of the public meeting is to provide the public with an opportunity to comment on environmental issues addressed in the Draft EIS/EIR. Written comments will be accepted from individuals and organizations on the Draft EIS/EIR.

DATES: Two public hearings will be held:

- Wednesday, March 5, 2008, 7 to 9 p.m., Granite Bay, CA.
- Tuesday, March 11, 2008, 7 to 9 p.m., Folsom, CA.

Submit written comments on the Draft EIS/EIR (see **ADDRESSES** Section) on or before March 24, 2008.

ADDRESSES: The public hearings will be held at:

- Granite Bay at the Cavitt Junior High School gymnasium, 7200 Fuller Drive, Granite Bay, CA 95746.
- Folsom at Folsom Middle School auditorium, multi-purpose room, 500 Blue Ravine Road, Folsom, CA 95630.

Send written comments on the Draft EIS/EIR to: Jim Micheaels, Staff Park and Recreation Specialist, State Parks, 7806 Folsom-Auburn Road, Folsom, CA 95630.

Send requests for a compact disk or a bound copy of the Draft EIS/EIR to Jim Micheaels, State Parks, at the above address; *telephone:* 916-988-0513.

Copies of the Draft GP/RMP and EIS/EIR will be available for review at: http://www.usbr.gov/mp/nepa/nepa_projdetails.cfm?PROJECT_ID=543 and at the State Parks Web site at http://www.parks.ca.gov/?page_id=22322.

See Supplementary Information Section for locations where copies of the Draft EIS/EIR are available for public review.

FOR FURTHER INFORMATION CONTACT:

Laura Caballero, Natural Resources Manager, Reclamation, at 916-989-7172; or Jim Micheaels, Staff Park and Recreation Specialist, State Parks, at 916-988-0513.

SUPPLEMENTARY INFORMATION: The GP/RMP is being prepared for the Folsom Lake State Recreation Area through a cooperative agreement between Reclamation and State Parks.

This planning activity encompasses approximately 20,000 acres of publicly accessible water and land owned by Reclamation and managed by State Parks' Gold Fields District. The GP/RMP will be the primary management document for the park unit, providing a

defined purpose, vision, long-term goals, and management guidelines. It will be used by State Parks as a framework for guiding decision-making related to future development potential, on-going management, and public use of the Folsom Lake State Recreation Area.

The GP/RMP attempts to enhance and expand the recreation opportunities while also providing more active protection and management of natural and cultural resources. The GP/RMP is intended to be implemented over an extended period as determined by both user demand and need. To do so, the GP/RMP provides both park wide goals and guidelines relating to natural, cultural and visual resources, water quality, circulation, visitor services, interpretation and operations as well as direction for specific zones of the park. The GP/RMP designates 34 geographic management zones, with 12 on Lake Natoma and 22 on Folsom Lake. Each zone has a specific management emphasis and is designated with one of five land use designations: Recreation-High, Recreation-Medium, Conservation, Preservation, or Administration.

The preferred alternative includes 12 recreation zones, 17 conservation zones, 3 preservation zones, and 2 administration zones. Based on this area, the management emphasis is for recreation on 91% of the aquatic area and 20% of the land area, and conservation on 74% of the land area and 9% of the aquatic area; however, it will ultimately be the responsibility of State Parks and the Parks and Recreation Commission and Reclamation to select a preferred plan for adoption, once the environmental review processes have been completed.

The EIS/EIR is a program-level analysis of the potential environmental impacts associated with adoption of the GP/RMP. The GP/RMP is intended to be predominantly self-mitigating through implementation of GP/RMP policies and management strategies, and the EIS/EIR will also include measures intended to reduce the adverse effects of the GP/RMP.

Copies of the Draft EIS/EIR are available for public review at the following locations:

- California State Parks, Folsom Lake SRA Office, 7806 Folsom Auburn Road, Folsom, CA 95630.
- Sacramento Central Library, 828 I Street, Sacramento, CA 95842.
- Folsom Public Library, Georgia Murray Building, 411 Stafford Street, Folsom, CA 95630.
- El Dorado County Main Library, 345 Fair Lane, Placerville, CA 95667.

- Placer County Library, Auburn Branch, 350 Nevada Street, Auburn, CA 95603.

- Placer County Library, Granite Bay Branch, 6475 Douglas Boulevard, Granite Bay, CA 95746.

If special assistance is required at the public hearings, please contact Ms. Laura Caballero at 916-989-7172 (e-mail: lcaballero@mp.usbr.gov). Please notify Ms. Caballero as far in advance of the hearings as possible to enable Reclamation to secure the needed services. If a request cannot be honored, the requestor will be notified.

Before including your name, address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: December 18, 2007.

Richard M. Johnson,

Acting Regional Director, Mid-Pacific Region.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Final Public Meeting for Reclamation's Managing for Excellence Project

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of a public meeting.

SUMMARY: The Bureau of Reclamation is holding a workshop to inform the public about the close-out of the *Managing for Excellence* project. The meeting to be held will inform the public about the results of the *Managing for Excellence* action plan and seek final public input and feedback.

DATES: February 29, 2008, 1 p.m. to 3 p.m.

ADDRESS: Monte Carlo Resort and Casino, 3770 Las Vegas Blvd. South, Las Vegas, Nevada 89109.

FOR FURTHER INFORMATION CONTACT: Debbie Byers at 303-445-2790.

SUPPLEMENTARY INFORMATION: *Managing for Excellence*—An Action Plan for the 21st Century Bureau of Reclamation, outlined a process and timeframe for the project which identified and addressed the specific 21st Century challenges Reclamation must meet to fulfill its mission to manage, develop, and protect

water and related resources in an environmentally and economically sound manner in the interest of the American public. The project examined Reclamation's core capabilities and the agency's ability to respond to both expected and unforeseeable future needs in an innovative and timely manner. For more information regarding the project, Action Plan, and specific actions being taken, please visit the *Managing for Excellence* Web site at <http://www.usbr.gov/excellence>.

Registration

Although you may register the day of the workshop beginning at 12 p.m., we highly encourage you to register prior to the date of the meeting online at <http://www.usbr.gov/excellence>, or by phone at 303-445-2935.

Dated: January 18, 2008.

Kris D. Polly,

Deputy Commissioner—External and Intergovernmental Affairs, Washington Office.

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

Notice of Proposed Information Collection for 1029-0055

AGENCY: Office of Surface Mining Reclamation and Enforcement.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing its intention to request renewed approval for the collection of information in 30 CFR 877—Rights of Entry.

DATES: Comments on the proposed information collection must be received by April 7, 2008, to be assured of consideration.

ADDRESSES: Comments may be mailed to John A. Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Avenue, NW., Room 202-SIB, Washington, DC 20240. Comments may also be submitted electronically to jtrelease@osmre.gov.

FOR FURTHER INFORMATION CONTACT: To request a copy of the information collection request contact John A. Trelease, at (202) 208-2783, or electronically at jtrelease@osmre.gov. You may also review the collection

request at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. This notice identifies an information collection that OSM will be submitting to OMB for extension. This collection is contained in 30 CFR 877.

OSM has revised burden estimates, where appropriate, to reflect current reporting levels or adjustments based on reestimates of burden or respondents and costs. OSM will request a 3-year term of approval for this information collection activity. Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany OSM's submission of the information collection request to OMB.

This notice provides the public with 60 days in which to comment on the following information collection activity:

Title: 30 CFR 877—Rights of Entry.

OMB Control Number: 1029-0055.

Summary: This regulation establishes procedure for non-consensual entry upon private lands for the purpose of abandoned mine land reclamation activities or exploratory studies when the landowner refuses consent or is not available.

Bureau Form Number: None.

Frequency of Collection: Once.

Description of Respondents: State abandoned mine land reclamation agencies.

Total Annual Responses: 12.

Total Annual Burden Hours: 24.

Total Annual Non-wage Costs: \$1,080 for publication costs.

Dated: January 30, 2008.

John R. Craynon,

Chief, Division of Regulatory Support.

BILLING CODE 4310-05-M

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-447 (Final) and 731-TA-1116 (Final)]

Circular Welded Carbon-Quality Steel Pipe From China

AGENCY: United States International Trade Commission.

ACTION: Scheduling of the final phase of countervailing duty and antidumping investigations.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of countervailing duty investigation No. 701-TA-447 (Final) under section 705(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b)) (the Act) and the final phase of antidumping investigation No. 731-TA-1116 (Final) under section 735(b) of the Act (19 U.S.C. 1673d(b)) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of subsidized and less-than-fair-value imports from China of circular welded carbon-quality steel pipe, provided for in subheadings 7306.30.10, 7306.30.50, 7306.50.10, 7306.50.50, 7306.19.10, and 7306.19.51 of the Harmonized Tariff Schedule of the United States.¹

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

EFFECTIVE DATE: January 10, 2008.

FOR FURTHER INFORMATION CONTACT: Joanna Lo (202-205-1888), Office of Investigations, U.S. International Trade

¹ For purposes of these investigations, the Department of Commerce has defined the subject merchandise as "certain welded carbon quality steel pipes and tubes, of circular cross-section, and with an outside diameter of 0.372 inches (9.45 mm) or more, but not more than 16 inches (406.4 mm), whether or not stenciled, regardless of wall thickness, surface finish (e.g., black, galvanized, or painted), end finish (e.g., plain end, beveled end, grooved, threaded, or threaded and coupled), or industry specification (e.g., ASTM, proprietary, or other), generally known as standard pipe and structural pipe (they may also be referred to as circular, structural, or mechanical tubing).

The scope of this investigation does not include: (a) Pipe suitable for use in boilers, superheaters, heat exchangers, condensers, refining furnaces and feedwater heaters, whether or not cold drawn; (b) mechanical tubing, whether or not cold-drawn; (c) finished electrical conduit; (d) finished scaffolding; (e) tube and pipe hollows for redrawing; (f) oil country tubular goods produced to API specifications; and (g) line pipe produced to only API specifications."
