#### **Philip Morris USA, Cabarrus Manufacturing Plant, a Subsidiary of Altria Group, Inc.; Concord, NC; Notice of Affirmative Determination Regarding Application for Reconsideration**

By application dated February 19, 2009, the petitioner requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA) applicable to workers and former workers of the subject firm. The determination was issued on February 6, 2009. The Notice of Determination was published in the **Federal Register** on March 3, 2009 (74 FR 9283).

The initial investigation resulted in a negative determination based on the finding that imports of cigarettes did not contribute importantly to worker separations at the subject firm. The investigation revealed that the subject firm shifted production of cigarettes to foreign countries during the period under investigation. However, these products were not likely to be imported back to the United States.

In the request for reconsideration, the petitioner provided additional information regarding a shift in production of cigarettes to Colombia, Dominican Republic, Ecuador, El Salvador, and Mexico.

The Department has carefully reviewed the request for reconsideration and the existing record and has determined that the Department will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974.

#### **Conclusion**

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 17th day of March 2009.

#### **Teck-Washington, Inc.; Pend Oreille Mine; a Subsidiary of Teck-American, Inc.; Metaline Falls, WA; Notice of Revised Determination on Reopening**

The Department, on its own motion, reopened its investigation for workers and former workers of Teck-Washington, Inc., Pend Oreille Mine, Metaline Falls, Washington. The workers produce zinc concentrate.

The initial investigation resulted in a negative determination issued on January 26, 2009, based on the finding that there were no increased imports of zinc concentrate, nor did the subject firm shift production of zinc concentrate to a foreign country. Since the workers were denied eligibility to apply for trade adjustment assistance (TAA) they were also denied eligibility to apply for alternative trade adjustment assistance (ATAA) for older workers. The notice was published in the **Federal Register** on February 23, 2009 (74 FR 8116).

New information obtained by the Department shows that there was a shift in production of zinc concentrate from the workers' firm to Mexico.

Employment at the subject firm has declined.

Based on these findings, it is determined in this case that the requirements of (a)(2)(B) of Section 222 have been met.

In order for the Department to issue a certification of eligibility to apply for alternative trade adjustment assistance ATAA, the group eligibility requirements of Section 246 of the Trade Act must be met. The Department has determined in this case that the requirements of Section 246 have been met.

A significant number of workers at the firm are age 50 or over and possess skills that are not easily transferable. Competitive conditions in the industry are adverse.

#### **Conclusion**

After careful consideration of the new facts obtained on reopening, it is concluded that there was a shift in production by the workers' firm or subdivision to Mexico of articles that are like or directly competitive with those produced by the subject firm or subdivision.

In accordance with the provisions of the Trade Act of 1974, I make the following revised determination:

All workers of Teck-Washington, Inc., Pend Oreille Mine, A Subsidiary of Teck-American, Inc., Metaline Falls, Washington, who became totally or partially separated from employment on or after January 6, 2008, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.

Signed in Washington, DC, this 13th day of March 2009.

#### **Century Furniture, LLC, Chair Upholstery Campus and Upholstery Division; Hickory, NC; Notice of Affirmative Determination Regarding Application for Reconsideration**

By applications dated February 9, 2009, a company official requested administrative reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers and former workers of the subject firm. The denial notice was signed on January 12, 2009 and published in the **Federal Register** on February 2, 2009 (74 FR 5871).

The initial investigation resulted in a negative determination based on the finding that criteria (a)(2)(A)(I.A) and (a)(2)(B)(II.A) have not been met. The investigation revealed that the subject firm did not separate or threaten to separate a significant number or proportion of workers as required by Section 222 of the Trade Act of 1974.

In the request for reconsideration, the petitioner provided additional information regarding employment and layoffs at the subject firm.

The Department has carefully reviewed the request for reconsideration and the existing record and has determined that the Department will conduct further investigation.

### Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.
