

considerable remodeling or construction expense.

Whirlpool does not currently offer any condensing dryer for sale in the United States. To address the needs of this market segment it is our intent to import a 24" wide compact (3.7 cubic feet) condensing dryer manufactured by Antonio Merloni, spA; the unit will be manufactured in Fabriano, Italy. This clothes dryer will comply with all recognized United States safety standards. Our marketing plans call for this product to be launched not later than the fourth quarter of 2008.

The existing test procedure, 10 CFR 430, Subpart B, Appendix D, was developed specifically for externally vented clothes dryers. One requirement is that a specific exhaust restriction be placed on the exhaust port of the dryer during the test. Condensing clothes dryers do not have an exhaust port to which a restriction can be attached. Therefore, the existing test procedure is not applicable. Indeed, the Department recognized this lack of applicability in the decision to grant a similar waiver to Miele Appliances, Incorporated (Case Number CD-001, 60FR930).

In light of this situation, Whirlpool requests an Interim Waiver and Waiver that will allow sale of one model without testing under 10 CFR, Subpart B, Appendix D until such time as that test procedure has language applicable to condensing clothes dryers. That model will be Whirlpool brand clothes dryer model WCD7500VW. Only a relatively small number of this clothes dryer will be sold by Whirlpool Corporation.

Additionally, Whirlpool commits to actively supporting the inclusion of a test procedure applicable to condensing dryers in future versions of 10 CFR 430, Subpart B, Appendix D. Indeed we are already working closely with the appliance trade association, the Association of Home Appliance Manufacturers, on a proposal for inclusion in the Department's current clothes dryer energy standards rulemaking.

Standards should not be used as a means to block innovative, improved designs. (See FTC Advisory Opinion No. 457, TRR 1718.20 (1971 Transfer Binder); 49 Fed. Reg. 32213 (Aug. 13, 1984); 52 Fed. Reg. 49141, 49147-48 (Dec. 30, 1987).) Whirlpool's design is an innovative way to dry a load of laundry and provides substantial benefits to the public. DOE's rules should accommodate and encourage—not act to block—such a product.

Condensing dryers are common in Europe. Granting the Interim Waiver and Waiver will also eliminate a non-tariff trade barrier.

Thank you for your timely attention to this request for Interim Waiver and Waiver. We hereby certify that all clothes dryer manufacturers of domestically marketed units known to Whirlpool Corporation have been notified by letter of this application, per copies of this letter.

Sincerely,
J.B. Hoyt.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. AC09-51-000]

Wyoming Interstate Company; Notice of Filing

April 1, 2009.

Take notice that on March 16, 2009, Wyoming Interstate Company (WIC) submitted a request for approval of its accounting treatment for changes in deferred tax balances. These adjustments result from the formation of a master limited partnership, El Paso Pipeline Partners, L.P., and its acquisition of an approximately 21 percent interest in WIC's assets during the formation process, along with a corresponding Internal Revenue Code Section 754 election. WIC states these adjustments reduce its deferred tax balances and increase its equity by approximately \$11 million.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant and all the parties in this proceeding.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies
