

During this meeting, the Steering Committee will receive reports on recent SEDAR activities, consider benchmark and update assessment scheduling for 2010–14, receive reports from the Councils regarding research and monitoring priorities, and discuss procedural issues that have arisen since the previous meeting.

Although non-emergency issues not contained in this agenda may come before this group for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), those issues may not be the subject of formal action during this meeting. Actions will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305 (c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the South Atlantic Fishery Management Council office at the address listed above at least 15 business days prior to the meeting.

Dated: April 6, 2009.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510–22–S

COMMODITY FUTURES TRADING COMMISSION

Agency Information Collection Activities: Notice of Intent To Renew Collection 3038–0043, Rules Relating To Review of National Futures Association Decisions in Disciplinary, Membership Denial, Registration, and Member Responsibility Actions

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice.

SUMMARY: The Commodity Futures Trading Commission (CFTC) is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act of 1995 (PRA), 44 U.S.C. 3501 *et seq.*, Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment in response to the notice. This notice solicits comments on rules relating to review of National Futures Association decisions in disciplinary, membership denial, registration, and member responsibility actions.

DATES: Comments must be submitted on or before June 8, 2009.

ADDRESSES: Comments may be mailed to Gail B. Scott, Office of General Counsel, U.S. Commodity Futures Trading Commission, 1155 21st Street, NW., Washington, DC 20581.

FOR FURTHER INFORMATION CONTACT: Gail Scott, (202) 418–5139; *Fax:* (202) 418–5524; *e-mail:* gscott@cftc.gov.

SUPPLEMENTARY INFORMATION: Under the PRA, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the

public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed collection of information listed below.

With respect to the following collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

Rules Relating to Review of National Futures Association Decisions in Disciplinary, Membership Denial, Registration, and Member Responsibility Actions, OMB control number 3038–0043—Extension

These rules establish procedures and standards for Commission review of registered futures association procedures for membership and disciplinary actions.

The Commission estimates the burden of this collection of information as follows:

ESTIMATED ANNUAL REPORTING BURDEN

17 CFR	Annual number of respondents	Frequency of response	Total annual responses	Hours per response	Total hours
17 CFR Part 171	25	On occasion	51.3	.5	25.6

There are no capital costs or operating and maintenance costs associated with this collection.

Dated: April 3, 2009.

David A. Stawick,

Secretary of the Commission, Commodity Futures Trading Commission.

BILLING CODE 6351-01-P

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Intent To Prepare a Draft Environmental Impact Statement/ Environmental Impact Report (DEIS/ EIR) for the Aliso Creek, Orange County, CA

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Notice of intent.

SUMMARY: The purpose of the study is to evaluate an approximately 7-mile reach of the Aliso Creek and 1,000 feet of the Wood Canyon tributary to Aliso Creek located in Orange County in the Cities of Laguna Beach, Laguna Nigel, and Aliso Viejo, CA and unincorporated Orange County. Much of the 7-mile reach is located within the Aliso and Wood Canyons Wilderness Park, which is owned and managed by Orange County. The focus of the project will be on watershed improvements to restore the creek's dynamic function and habitat for endangered species by developing alternatives for ecosystem restoration for impacted reaches of the creek. The restoration project will focus on revitalization of the riparian vegetation community; establishment of an environmental corridor to benefit wildlife and sensitive species; creek stabilization, and addressing flood risk management. The 7-mile reach of Aliso Creek is located entirely within Orange County, CA.

DATES: Provide comments by May 10, 2009.

ADDRESSES: Submit comments to Deborah Lamb at U.S. Army Corps of Engineers, Los Angeles District, CESPL-PD-RL, P.O. Box 532711, Los Angeles, CA 90053-2325.

FOR FURTHER INFORMATION CONTACT: Deborah Lamb, Regional Planning Section at (213) 452-3798; fax (213) 452-4204 or e-mail at Deborah.L.Lamb@usace.army.mil

SUPPLEMENTARY INFORMATION:

1. *Authorization.* The proposed study is authorized by House Document No.

838, 76th Congress 3rd Session, dated May 1954, which reads as follows:

"Resolved by the Committee on Public Works of the House of Representatives, United States, that the Board of Engineers for Rivers and Harbors is hereby requested to review the reports on (a) San Gabriel River and Tributaries, published as House Document No. 838, 76th Congress, 3rd Session; and (b) Santa Ana River and Tributaries, published as House Document No. 135, 81st Congress, 1st Session; and (c) the project authorized by the Flood Control Act of 1936 for the protection of the metropolitan area in Orange County, with a view toward determining the advisability of modification of the authorized projects in the interest of flood control and related purposes."

2. *Background.* Aliso Creek. While much of the Aliso Creek project area is within an Orange County wilderness park and within the Natural Communities Conservation Plan/Habitat Conservation Plan (NCCP/HCP) Nature Reserve of Orange County (NROC), the creek is in a highly urbanized area with a high population concentration. As such, Aliso Creek has numerous water resource issues related to both human actions and natural processes which have raised concerns about the long-term survival of the watershed ecosystem. Fundamental problems that have been identified include channel instability, degraded water quality, loss of fish and wildlife habitat, and flood damage. Since 1997, there has been a multi-jurisdictional effort to address problems within the Aliso Creek watershed. The Aliso Creek Watershed Management Feasibility Study, sponsored by the U.S. Army Corps of Engineers, Orange County, and municipalities and water districts within the Aliso Creek watershed boundary, was completed in July 1999. A wide range of technical studies have since been completed. Re-establishment of a healthy and sustainable watershed environment would serve to improve the environmental and economic conditions of the creek, including improving water quality, native habitat, and reducing flood damage.

Alternatives to be considered are those that will further reduce degradation of the creek and the riparian ecosystem, improve ground and surface water quality, and reduce adverse water quality impacts from runoff.

3. *Scoping Process.* a. A scoping meeting is scheduled for 7, May 2009, 6:30pm to 8:30pm at Mission Viejo City Council Chamber, 200 Civic Center Mission Viejo, CA 92691, (949) 470-3000.

For additional information on dates, times and locations please contact

Deborah Lamb (see **ADDRESSES**), or at (213) 452-3798 or e-mail at: deborah.l.lamb@usace.army.mil.

Potential impacts associated with the proposed action will be evaluated. Resource categories that will be analyzed include: Physical environment, geology, biological resources, air quality, water quality, recreational usage, aesthetics, cultural resources, transportation, noise, hazardous waste, socioeconomics, safety, and sustainability.

b. Participation of affected Federal, state and local resource agencies, Native American groups and concerned interest groups/individuals is encouraged in the scoping process. Public participation will be especially important in defining the scope of analysis in the Draft EIS/ EIR, identifying significant environmental issues and impact analysis of the Draft EIS/EIR and providing useful information such as published and unpublished data, personal knowledge of relevant issues and recommending mitigation measures associated with the proposed action.

c. Those interested in providing information or data relevant to the environmental or social impacts that should be included or considered in the environmental analysis can furnish this information by writing to the points of contact indicated above or by attending the public scoping meeting. A mailing list will also be established so pertinent data may be distributed to interested parties.

Dated: March 27, 2009.

Thomas H. Magness,

Colonel, U.S. Army, District Commander.
