#### **EXAMPLES OF ACCEPTABLE REMOVED MATERIAL CONDITION**

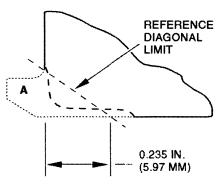

Any remaining Area 'A' lip material is sufficient to permit axial material removal up to 0.38 inch (0.97 mm) limit. Surface shall have a smooth contour and 0.020 inch (0.51 mm) minimum blend radius.

Removal of all Area 'A' material is permitted when axial material removal is less than 0.235 inch (5.97 mm) diagonal limit. Surface shall have a smooth contour and 0.020 inch (0.51 mm) minimum blend radius.

#### **EXAMPLE OF UNACCEPTABLE REMOVED MATERIAL CONDITION**

No Area 'A' material remaining and 0.235 inch (5.97 mm) diagonal limit is exceeded.

#### Limits for Removed Balance Material, Disc Forward Flange Figure 1 (Sheet 2 of 2)

- (g) Replace the disc if excessive disc balance material was removed. See limits in Figure 1 of this AD.
- (h) If the removed balance material condition is acceptable, perform a magnetic particle inspection of the disc rim and slots for cracks using a 3 to 7 power magnification glass. The Engine Overhaul Manual, 72–34–11, Inspection/Check, contains information on the magnetic particle inspection procedure. ### IFR Altitudes; Miscellaneous Amendments

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

SUMMARY: This amendment adopts miscellaneous amendments to the required IFR (instrument flight rules) altitudes and changeover points for certain Federal airways, jet routes, or direct routes for which a minimum or maximum en route authorized IFR altitude is prescribed. This regulatory action is needed because of changes occurring in the National Airspace System. These changes are designed to provide for the safe and efficient use of the navigable airspace under instrument conditions in the affected areas.

**DATES:** Effective Date: 0901 UTC, March 12, 2009.

#### FOR FURTHER INFORMATION CONTACT:

Harry Hodges, Flight Procedure Standards Branch (AMCAFS–420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082 Oklahoma City, OK 73125) telephone: (405) 954–4164.

SUPPLEMENTARY INFORMATION: This amendment to part 95 of the Federal Aviation Regulations (14 CFR part 95) amends, suspends, or revokes IFR altitudes governing the operation of all aircraft in flight over a specified route or any portion of that route, as well as the changeover points (COPs) for Federal airways, jet routes, or direct routes as prescribed in part 95.

#### The Rule

The specified IFR altitudes, when used in conjunction with the prescribed changeover points for those routes, ensure navigation aid coverage that is adequate for safe flight operations and free of frequency interference. The reasons and circumstances that create the need for this amendment involve matters of flight safety and operational efficiency in the National Airspace System, are related to published aeronautical charts that are essential to the user, and provide for the safe and efficient use of the navigable airspace. In addition, those various reasons or circumstances require making this amendment effective before the next scheduled charting and publication date of the flight information to assure its timely availability to the user. The effective date of this amendment reflects those considerations. In view of the close and immediate relationship between these regulatory changes and safety in air commerce, I find that notice and public procedure before adopting this amendment are impracticable and contrary to the public interest and that good cause exists for making the amendment effective in less than 30 days.

#### Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally

current. It, therefore—(1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

### Persons Contributing to the Conflict in Côte d'Ivoire Sanctions Regulations

**AGENCY:** Office of Foreign Assets

Control, Treasury. **ACTION:** Final rule.

SUMMARY: The Department of the Treasury's Office of Foreign Assets Control ("OFAC") is adding a new part to the Code of Federal Regulations to implement Executive Order 13396 of February 7, 2006, "Blocking Property of Certain Persons Contributing to the Conflict in Côte d'Ivoire."

DATES: Effective Date: April 13, 2009.

#### SUPPLEMENTARY INFORMATION:

#### **Electronic and Facsimile Availability**

This document and additional information concerning OFAC are available from OFAC's Web site (http://www.treas.gov/ofac) or via facsimile through a 24-hour fax-on demand service, tel.: (202) 622–0077.

#### Background

On February 7, 2006, the President, invoking the authority of, *inter alia*, the International Emergency Economic Powers Act (50 U.S.C. 1701–1706) ("IEEPA") and section 5 of the United Nations Participation Act (22 U.S.C. 287c), issued Executive Order 13396 (71 FR 7389, February 10, 2006) ("E.O. 13396"), effective at 12:01 a.m. eastern

standard time on February 8, 2006. In E.O. 13396, the President determined that the situation in Côte d'Ivoire, which has resulted in the massacre of large numbers of civilians, widespread human rights abuses, significant political violence and unrest, and attacks against international peacekeeping forces leading to fatalities, constitutes an unusual and extraordinary threat to the national security and foreign policy of the United States, and declared a national emergency to deal with that threat. E.O. 13396 also noted United Nations Security Council Resolution 1572 of November 15, 2004, which, inter alia, called on member states to impose an asset freeze on certain persons contributing to the conflict in Côte d'Ivoire.

Section 1(a) of E.O. 13396 blocks, with certain exceptions, all property and interests in property that are in the United States, that come within the United States, or that are or come within the possession or control of United States persons, of: (1) The persons listed in the Annex to E.O. 13396; and (2) any person determined by the Secretary of the Treasury, after consultation with the Secretary of State:

- To constitute a threat to the peace and national reconciliation process in Côte d'Ivoire, such as by blocking the implementation of the Linas-Marcoussis Agreement of January 24, 2003, the Accra III Agreement of July 30, 2004, and the Pretoria Agreement of April 6, 2005:
- To be responsible for serious violations of international law in Côte d'Ivoire:
- To have directly or indirectly supplied, sold, or transferred to Côte d'Ivoire arms or any related materiel or any assistance, advice, or training related to military activities;
- To have publicly incited violence and hatred contributing to the conflict in Côte d'Ivoire;
- To have materially assisted, sponsored, or provided financial, material, or technological support for, or goods or services in support of, the activities described above or any person

listed in or designated pursuant to E.O. 13396; or

• To be owned or controlled by, or acting or purporting to act for or on behalf of, directly or indirectly, any person listed in or designated pursuant to E.O. 13396.

In Section 1(b) of E.O. 13396, the President determined that the making of donations of certain articles, such as food, clothing, and medicine intended to be used to relieve human suffering, as specified in section 203(b)(2) of IEEPA (50 U.S.C. 1702(b)(2)) by, to, or for the benefit of, any person whose property and interests in property are blocked pursuant to E.O. 13396 would seriously impair his ability to deal with the national emergency declared in E.O. 13396, and the President therefore prohibited such donations. Accordingly, the donation of such items is prohibited, unless authorized by OFAC.

Section 1(c) of E.Ö. 13396 provides that the prohibition on any transaction or dealing by a United States person or within the United States in blocked property or interests in property includes, but is not limited to, the making of any contribution or provision of funds, goods, or services by, to, or for the benefit of, any person whose property and interests in property are blocked pursuant to E.O. 13396, and the receipt of any contribution or provision of funds, goods, or services from any such person.

Section 2 of E.O. 13396 prohibits any transaction by a United States person or within the United States that evades or avoids, or has the purpose of evading or avoiding, or attempts to violate any of the prohibitions set forth in E.O. 13396, as well as any conspiracy formed to violate such prohibitions.

Section 5 of E.O. 13396 authorizes the Secretary of the Treasury, after consultation with the Secretary of State, to take such actions, including the promulgation of rules and regulations, as may be necessary to carry out the purposes of E.O. 13396. In furtherance of these purposes, OFAC is promulgating these Persons Contributing to the Conflict in Côte d'Ivoire Sanctions Regulations, 31 CFR Part 543 (the "Regulations"). As
