I. Funding Opportunity

The provision of broadband transmission service is vital to the economic development, education, health, and safety of rural Americans. The purpose of the Community Connect Grant Program is to provide financial assistance in the form of grants to eligible applicants that will provide currently unserved areas, on a “community-oriented connectivity” basis, with broadband transmission service that fosters economic growth and delivers enhanced educational, health care, and public safety services. Rural Utilities Service will give priority to rural areas that it believes have the greatest need for broadband

transmission services, based on the criteria contained herein.

Grant authority will be used for the deployment of broadband transmission service to extremely rural, lower-income communities on a “community-oriented connectivity” basis.

The “community-oriented connectivity” concept will stimulate practical, everyday uses and applications of broadband facilities by cultivating the deployment of new broadband transmission services that improve economic development and provide enhanced educational and health care opportunities in rural areas. Such an approach will also give rural communities the opportunity to benefit from the advanced technologies that are necessary to achieve these goals. Please see 7 CFR 1739, subpart A for specifics.

This notice has been formatted to conform to a policy directive issued by the Office of Federal Financial Management (OFFM) of the Office of Management and Budget (OMB), published in the **Federal Register** on June 23, 2003. This Notice does not change the Community Connect Grant Program regulation (7 CFR 1739, subpart A).

1. Required matching contributions.
Please see 7 CFR 1739.14 for the
requirement. Grant applicants must
demonstrate a matching contribution, in
cash or in kind (new, non-depreciated
items), of at least fifteen (15) percent of
the total amount of financial assistance
requested. Matching contributions must
be used for eligible purposes of
Community Connect grant assistance
(see 7 CFR 1739.12).

2. To be eligible for a grant, the

a. Serve a Rural Area where

a discussion of the items that make up
a completed application. You may also
refer to 7 CFR 1739.15 for completed
grant application items.

**IV. Application and Submission
Information**

*A. Clarifications to Requirements for FY
2009*

1. Rural Development clarifies that
the definition of "Critical Community
Facilities" includes the mandatory
Community Center.

2. For all funding commitments,
including all matching fund
commitments and commitments made
by the applicant, that are required to
complete the Project in addition to the
Rural Development grant, evidence
must be submitted demonstrating that
funding arrangements have been
obtained. If the appropriate funding
commitments are not included in the
application, the application will be
deemed ineligible for consideration.
This evidence must:

a. Clearly state the name of the entity
that is making the commitment;

b. The amount of the commitment;
and

c. The purpose of commitment.

3. Rural Development clarifies that in
order to qualify as eligible costs for
grant coverage or matching fund
contributions, operating expenses
incurred in providing Broadband
Transmission Service to Critical
Community Facilities for the first 2
years of operation and in providing
training and instruction must be for the
following purposes subject to the
specified maximum amounts:

a. Salary for operations manager, not
to exceed \$30,000 per year.

b. Salary for technical support staff,
not to exceed \$30,000 per year.

c. Salary for community center staff,
not to exceed \$25,000 per year.

d. Bandwidth expenses, not to exceed
\$25,000 per year.

e. Training courses on the use of the
Internet, not to exceed \$15,000 per year.

The operating costs to be funded by
the grant or used as matching
contributions cannot exceed in the
aggregate \$250,000. No other operating
expenses are eligible for grant funding
or to be considered as matching funds.

4. Community means any
incorporated or unincorporated town,
village, or borough recognized in the
latest decennial census as published by
the Bureau of the Census or in the most
recent edition of a Rand McNally Atlas
that is located in a Rural Area.

5. Rural Development clarifies that
the economic need of the applicant's
service territory will be based on the
median household income (MHI) for the
Community serviced and the state in
which the Community is located, as
determined by the U.S. Bureau of the
Census at <http://factfinder.census.gov>. If
the community was qualified using the
Rand McNally Atlas, the applicant must
use the MHI, contained in the latest
decennial census, of the county in
which the Community resides as the
Community MHI. The economic need
will no longer be based on the Per
Capita Personal Income of the
community.
