

disclosure under subsection (b)(4) of the Freedom of Information Act (5 U.S.C. 552(b)(4)). However, the confidentiality status of the survey would be determined on a case-by-case basis, when the specific questions to be asked on each particular survey are formulated but before respondents are contacted. Respondents will be informed of the confidentiality status of that particular survey, each time the survey would be conducted.

Abstract: The 2023 requests qualitative and limited quantitative information about liability management, the provision of financial services, and the functioning of key financial markets from a selection of up to sixty large commercial banks (or, if appropriate, from other depository institutions or major financial market participants). Responses are obtained from a senior officer at each participating institution through a telephone interview. The survey is conducted when major informational needs arise and cannot be met from existing data sources. The survey does not have a fixed set of questions; each survey consists of a limited number of questions directed at topics of timely interest. The survey helps pinpoint developing trends in bank funding practices, enabling the Federal Reserve to distinguish these trends from transitory phenomena.

Current Actions: On February 26, 2009, the Federal Reserve published a notice in the **Federal Register** (74 FR 8794) requesting public comment for 60 days on the extension, without revision, of the Senior Financial Officer Survey. The comment period for this notice expired on April 27, 2009. No comments were received.

3. **Report titles:** Quarterly Report of Interest Rates on Selected Direct Consumer Installment Loans and Quarterly Report of Credit Card Plans.

Agency form numbers: FR 2835 and FR 2835a.

OMB control number: 7100-0085.

Frequency: Quarterly.

Reporters: Commercial banks.

Annual reporting hours: FR 2835, 132 hours; and FR 2835a, 100 hours.

Estimated average hours per response: FR 2835, 13.2 minutes; and FR 2835a, 30 minutes.

Number of respondents: FR 2835, 150; and FR 2835a, 50.

Small businesses are not affected.

General description of report: These information collections are voluntary (12 U.S.C. 248(a)(2)). The FR 2835a individual respondent data are given confidential treatment (5 U.S.C. 552(b)(4)), the FR 2835 data however, is not given confidential treatment.

Abstract: The FR 2835 collects information from a sample of commercial banks on interest rates charged on loans for new vehicles and loans for other consumer goods and personal expenses. The FR 2835a collects information on two measures of credit card interest rates from a sample of commercial banks with \$1 billion or more in credit card receivables and a representative of smaller issuers.

Current Actions: On February 26, 2009, the Federal Reserve published a notice in the **Federal Register** (74 FR 8794) requesting public comment for 60 days on the extension, without revision, of the Senior Financial Officer Survey. The comment period for this notice expired on April 27, 2009. The Federal Reserve received one comment from a federal agency describing its use of the FR 2835 and FR 2835a data to prepare

monthly, quarterly, and annual estimates of personal interest payments, a component of personal outlays in the national income and product accounts.

Board of Governors of the Federal Reserve System, May 11, 2009.
