SUPPLEMENTARY INFORMATION: Under 49 U.S.C. 11322, the Board may approve pooling agreements that are voluntarily entered into by carriers, provided that the pooling or division of traffic, services, or earnings will be in the interest of better service to the public or of economy of operation and will not unreasonably restrain competition. The proposed pooling agreement would allow Applicants to continue to conduct their own transportation operations and serve the Ports with related revenues within the market area. Applicants contend that the agreement would allow them to maximize their ability to purchase jointly materials and equipment specialized for clean trucks, to level the collective buying power, and to free Applicants' resources for further expansion of the overall program. The Plan requires Applicants to meet and satisfy stringent clean truck requirements while serving the Ports. Thus, Applicants state that the agreement would benefit the public because participation in the program would result in improvements in the air quality and a reduction in emissions output.

According to Applicants, the Plan defines the extent of eligible carriers and, therefore, Applicants' overt actions would not determine the competitive landscape. Applicants note that the common denominator among Applicants is their sanction from the Ports under the program, and that there are other similarly sanctioned carriers who are not part of the proposed pooling agreement. Applicants state that they would be willing to consider, with Board approval, additional qualified participants that would be capable of providing the services and conducting the operations necessary to meet the common operating criteria.

Applicants state that, collectively, they represent ten percent of the overall monthly truck activity to and from the Ports' harbor facilities. Specifically, Applicants are: Green Fleet Systems, LLC, a Delaware limited liability company; California Intermodal Associates, Inc., a California

corporation; Fox Transportation, Inc., a California corporation; Golden State Express, Incorporated, a California corporation; Harbor Division, Inc., a California corporation; Overseas Freight Inc., a California corporation; Pacific 9 Transportation, Inc., a California corporation; Progressive Transportation Services, Inc., a California corporation; Southern Counties Express, Inc., a California corporation; and Total Transportation Services, Inc., a California corporation. Together, Applicants are members of CTC, with an equal ownership interest in the entity. CTC would operate as a joint venture within a limited liability company structure.

Decided: June 19, 2009.
