Drug Enforcement Administration

[Docket No. 07-14]

CBS Wholesale Distributors; Grant of Renewal Application and Dismissal of Proceeding

On January 5, 2007, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration, issued an Order to Show Cause to CBS Wholesale Distributors (Respondent), of Hephzibah, Georgia. The Show Cause Order proposed the revocation of Respondent's DEA Certificate of Registration which authorizes it to distribute List I chemicals, and the denial of any pending applications to renew or modify the registration, on the ground that his "registration is inconsistent with the public interest." Show Cause Order at 1.

More specifically, the Show Cause Order alleged that Respondent is "currently registered to distribute the List I chemicals pseudoephedrine and ephedrine," *id.* at 2, and that both chemicals are "commonly used to illegally manufacture methamphetamine, a schedule II controlled substance." *Id.* at 1. The Show Cause Order alleged that "there exists a 'gray market' in which certain pseudoephedrine and ephedrine products are distributed only to convenience stores and gas stations, from where they have a high incidence of diversion," and that these establishments "continue to be the primary source for precursors to be diverted to illicit methamphetamine laboratory operations in many states." *Id.* at 1-2.

Next, the Show Cause Order alleged that DEA had retained "an expert in the field of retail marketing and statistics to analyze national sales data for over-the-counter non-prescription drugs." *Id.* at 2. The Order alleged that the expert had determined that "the average small store could expect to sell monthly only about \$10.00 to \$30.00 worth of pseudoephedrine products," and "that the potential for sales of combination

ephedrine products [was] only about one-fourth of those sales levels." *Id.*

The Show Cause Order further alleged that Respondent's list I customers "are almost exclusively convenience stores and gas stations, which are part of the gray market for diversion" of these products, *id.* at 2, and that Respondent's "sales of combination ephedrine products are inconsistent with the known legitimate market and known end-user demand for products of this type." *Id.* at 3. The Order further alleged that Respondent is "serving an illegitimate market and [that its] continued registration would likely lead to increased diversion of List I chemicals." *Id.*¹

Respondent timely requested a hearing on the allegations. The matter was placed on the docket of the Agency's Administrative Law Judges (ALJ), and an ALJ conducted a hearing in Savannah, Georgia on December 4-5, 2007. At the hearing, both the Government and Respondent elicited the testimony of witnesses and submitted documentary evidence. Following the hearing, both parties filed briefs containing their proposed findings of fact, conclusions of law, and arguments.

On June 10, 2008, the ALJ issued her recommended decision (ALJ). In her decision, the ALJ found persuasive the expert testimony of the Agency's expert witness that the average monthly sale of ephedrine products to meet legitimate demand is \$14.39 and that Respondent's customers were purchasing between five to eighty times this amount. ALJ at 33. The ALJ thus concluded that Respondent's sales of ephedrine products "to gray market entities are so grossly excessive that there is a high probability that these products are being diverted for illicit purposes, and that this fact alone outweighs" the evidence that Respondent provided adequate physical security for the products, maintained adequate records, and was selling only to customers who had obtained the required certification under the Combat Methamphetamine Epidemic Act. *Id.* at 34. The ALJ thus also concluded that "Respondent's continued registration would be inconsistent with the public interest," *id.* at 36, and recommended that its registration be revoked and that any pending applications to renew or

¹ The Show Cause Order also alleged that Respondent had "assisted * * * a former DEA registrant, in maintaining his customer base [of convenience stores and gas stations] for combination ephedrine products, after he surrendered his * * * registration for cause." Show Cause Order at 2. The Government, however, offered no evidence in support of this allegation.
