

TABLE 2—SERVICE BULLETINS FOR REPLACEMENTS SPECIFIED IN PARAGRAPH (g)(2) OF THIS AD

For model—	Use Airbus Mandatory Service Bulletin—	Revision—	Dated—
A330–201, –202, –203, –223, –243, –301, –302, –303, –321, –322, –323, –341, –342, and –343 series airplanes.	A330–34–3231	Original	August 12, 2009.
A340–211, –212, –213, –311, –312, and –313 series airplanes.	A340–34–4238	Original	August 12, 2009.
A340–541 and –642 airplanes	A340–34–5071	Original	August 12, 2009.

Optional Replacement

(h) Installing Goodrich pitot probes having P/N 0851HL in position 2 (first officer), in accordance with a method approved by either the Manager, International Branch, ANM–116, Transport Airplane Directorate, FAA; or the European Aviation Safety Agency (EASA) (or its delegated agent); is acceptable for compliance with the requirements of paragraph (g)(1) of this AD.

Credit for Actions Done in Accordance With Previous Issues of Service Bulletins

(i) Accomplishing the replacement required by paragraph (g)(1) of this AD before the effective date of this AD, in accordance with Airbus Service Bulletin A330–34–3206, dated September 14, 2007; or Airbus Service Bulletin A340–34–4200, dated September 14, 2007; as applicable, is acceptable for compliance with the corresponding action required by paragraph (g)(1) of this AD.

Related AD 2004–03–33

(j) Doing the applicable replacements required by this AD terminates the replacements required by paragraphs (g)(2) and (h)(2) of AD 2004–03–33.

(k) Doing the applicable replacements required by this AD is acceptable for compliance with the replacements required

by paragraphs (g)(1) and (h)(1) of AD 2004–03–33.

Alternative Methods of Compliance (AMOCs)

(l) The Manager, International Branch, ANM–116, Transport Airplane Directorate, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. Send information to ATTN: Vladimir Ulyanov, Aerospace Engineer, International Branch, ANM–116, Transport Airplane Directorate, FAA, 1601 Lind Avenue, SW., Renton, Washington 98057–3356; telephone (425) 227–1138; fax (425) 227–1149. Before using any approved AMOC on any airplane to which the AMOC applies, notify your principal maintenance inspector (PMI) or principal avionics inspector (PAI), as appropriate, or lacking a principal inspector, your local Flight Standards District Office. The AMOC approval letter must specifically reference this AD.

Related Information

(m) None.

Material Incorporated by Reference

(n) You must use the applicable service information contained in Table 3 of this AD

to do the actions required by this AD, unless the AD specifies otherwise.

(1) The Director of the Federal Register approved the incorporation by reference of this service information under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) For service information identified in this AD, contact Airbus SAS—Airworthiness Office—EAL, 1 Rond Point Maurice Bellonte, 31707 Blagnac Cedex, France; telephone +33 5 61 93 36 96; fax +33 5 61 93 45 80, e-mail: airworthiness.A330-A340@airbus.com; Internet <http://www.airbus.com>.

(3) You may review copies of the service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue, SW., Renton, Washington. For information on the availability of this material at the FAA, call 425–227–1221 or 425–227–1152.

(4) You may also review copies of the service information that is incorporated by reference at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202–741–6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA–2008–0763; Airspace
Docket No. 08–AAL–22]

**Establishment of Class E Airspace;
Quinhagak, AK**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes Class E airspace at Quinhagak, AK to provide

adequate controlled airspace to contain aircraft executing Standard Instrument Approach Procedures (SIAPs). Two Standard Instrument Approach Procedures (SIAPs) are being developed for the Quinhagak Airport at Quinhagak, AK. Additionally, one textual Obstacle Departure Procedure (ODP) is being developed. Also, this action makes a minor correction to the geographic coordinates for the airport. This action establishes Class E airspace upward from 700 feet (ft.) above the surface at Quinhagak Airport, Quinhagak, AK.

DATES: *Effective Date:* 0901 UTC, October 22, 2009. The Director of the Federal Register approves this

incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Gary Rolf, AAL-538G, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513-7587; telephone number (907) 271-5898; fax: (907) 271-2850; e-mail: gary.ctr.rolf@faa.gov. Internet address: http://www.faa.gov/about/office_org/headquarters_offices/ato/service_units/systemops/fs/alaskan/rulemaking/.

SUPPLEMENTARY INFORMATION:

History

On Thursday, May 28, 2009, the FAA published a notice of proposed rulemaking in the **Federal Register** to establish Class E airspace at Quinhagak, AK (74 FR 25460). Subsequent to publication, the FAA found an error in the geographic coordinates for Quinhagak Airport. This action corrects that error.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments were received. The rule, with corrected coordinates, is adopted as proposed.

The Class E airspace areas designated as 700/1,200 ft. transition areas are published in paragraph 6005 of FAA Order 7400.9S, *Airspace Designations and Reporting Points*, signed October 3, 2008, and effective October 31, 2008, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This amendment to 14 CFR part 71 establishes Class E airspace at the Quinhagak Airport, AK. This Class E airspace is established to accommodate aircraft executing new instrument procedures, and will be depicted on aeronautical charts for pilot reference. The intended effect of this rule is to provide adequate controlled airspace for Instrument Flight Rules (IFR) operations at the Quinhagak Airport, Quinhagak, AK.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT

Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Because this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart 1, Section 40103, Sovereignty and use of airspace. Under that section, the FAA is charged with prescribing regulations to ensure the safe and efficient use of the navigable airspace. This regulation is within the scope of that authority because it creates Class E airspace sufficient in size to contain aircraft executing instrument procedures for the Quinhagak Airport and represents the FAA’s continuing effort to safely and efficiently use the navigable airspace.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9S, *Airspace Designations and Reporting Points*, signed October 3, 2008, and effective October 31, 2008, is amended as follows:

Paragraph 6005 Class E Airspace Extending Upward from 700 feet or More Above the Surface of the Earth.

* * * * *

AAL AK E5 Quinhagak, AK [New]

Quinhagak, Quinhagak Airport, AK
(Lat. 59°45′18″ N., long. 161°50′43″ W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of the Quinhagak Airport, AK.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2009–0196; Airspace Docket No. 09–AAL–3]

Establishment of Class E Airspace; Oooguruk, AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final Rule.

SUMMARY: This action establishes Class E airspace at Oooguruk, AK, providing controlled airspace to contain aircraft executing special Instrument Approach Procedures (IAPs) at two heliport facilities, Oooguruk Drill Site Heliport, and Oooguruk Tie-in Heliport, Oooguruk, AK. Also, this action makes a minor change in the description for the Oooguruk Drill Site Heliport. The FAA is taking this action to enhance the safety and management of Instrument Flight Rules (IFR) operations at Oooguruk, AK.

DATES: *Effective Date:* 0901 UTC, October 22, 2009. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.
