APPENDIX B—STANDARD ROUTINE USES—NASA

The following routine uses of information contained in SORs, subject to the Privacy Act of 1974, are standard for many NASA systems. They are cited by reference in the paragraph “Routine uses of records maintained in the system, including categories of users and the purpose of such uses” of the Federal Register Notice on those systems to which they apply.

Standard Routine Use No. 1—LAW ENFORCEMENT—In the event this system of records indicates a violation or potential violation of law, whether civil, criminal, or regulatory in nature, and whether arising by general statute or particular program statute, or by regulation, rule or order issued pursuant thereto, the relevant records in the SOR may be referred, as a routine use, to the appropriate agency, whether Federal, State, local or foreign, charged with the responsibility of investigating or prosecuting such violation or charged with enforcing or implementing the statute, or rule, regulation or order issued pursuant thereto.

Standard Routine Use No. 2—DISCLOSURE OF REQUESTED INFORMATION—A record from this SOR may be disclosed as a “routine use” to a Federal, State, or local agency maintaining civil, criminal, or other relevant enforcement information or other pertinent information, such as current licenses, if necessary to obtain information relevant to an agency decision concerning the hiring or retention of an employee, the issuance of a security clearance, the letting of a contract, or the issuance of a license, grant, or other benefit.

Standard Routine Use No. 3—DISCLOSURE OF REQUESTED INFORMATION—A record from this SOR may be disclosed to a Federal agency, in response to its request, in connection with the hiring or retention of an employee, the issuance of a security clearance, the reporting of an investigation of an employee, the letting of a contract, or the issuance of a license, grant, or other benefit by the requesting agency, to the extent that the information is relevant and necessary to the requesting agency’s decision on the matter.

Standard Routine Use No. 4—DISCLOSURE TO THE DEPARTMENT OF JUSTICE FOR USE IN LITIGATION:

It shall be a routine use of the records in this system of records to disclose them to the Department of Justice when (a) the Agency, or any component thereof; or (b) any employee of the Agency in his or her official capacity; or (c) any employee of the Agency in his or her individual capacity where the Department of Justice or the Agency has agreed to represent the employee; or (d) the United States, where the Agency determines that litigation is likely to affect the Agency or any of its components, is a party to litigation or has an interest in such litigation, and the use of such records by the Department of Justice or the Agency is deemed by the Agency to be relevant and necessary to the litigation provided, however, that in each case it has been determined that the disclosure is compatible with the purpose for which the records were collected.

Standard Routine Use 5: ROUTINE USE FOR AGENCY DISCLOSURE IN LITIGATION:

It shall be a routine use of the records in this system of records to disclose them in a proceeding before a court or adjudicative body before which the agency is authorized to appear, when: (a) The Agency, or any component thereof; or (b) any employee of the Agency in his or her official capacity; or (c) any employee of the Agency in his or her individual capacity where the Agency has agreed to represent the employee; or (d) the United States, where the Agency determines that litigation is likely to affect the Agency or any of its components, is a party to litigation or has an interest in such litigation, and the use of such records by the Agency is deemed to be relevant and necessary to the litigation, provided, however, that in each case, the Agency has determined that the disclosure is compatible with the purpose for which the records were collected.

Standard Routine Use No. 6—SUSPECTED OR CONFIRMED CONFIDENTIALITY COMPROMISE—A record from this SOR may be disclosed to appropriate agencies, entities, and persons when (1) NASA suspects or has confirmed that the security or confidentiality of information in the system of records has been compromised; (2) NASA has determined that as a result of the suspected or confirmed compromise there is a risk of harm to economic or property interests, identity theft or fraud, or harm to the security or integrity of this system or other systems or programs (whether maintained by NASA or another agency or entity) that rely upon the compromised information; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with NASA’s efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm.

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 52–025 and 52–026; NRC–2008–0252]

Southern Nuclear Operating Company Vogtle Electric Generating Plant, Units 3 and 4 Combined License Application; Notice of Intent To Prepare a Supplemental Environmental Impact Statement

Southern Nuclear Operating Company (Southern) has submitted an application for a combined license (COL) for its Vogtle Electric Generating Plant site to build Units 3 and 4, located in Burke County, Georgia, approximately 26 miles southeast of Augusta. The application for the COL was submitted by letter dated March 31, 2008, pursuant to the requirements of Title 10, part 52. A notice of receipt and availability of the application, which included the environmental report (ER), was published in the **Federal Register** on May 5, 2008 (73 FR 24616). A notice of acceptance for docketing of the application for the COL was published in the **Federal Register** on June 11, 2008 (73 FR 33118).

On August 26, 2009, the NRC authorized the Vogtle Electric Generating Plant Early Site Permit (ESP) and Limited Work Authorization. An ESP is a Commission approval of a site as suitable for construction and operation of one or more new nuclear units. The NRC intends to prepare a supplement to the Final Environmental Impact Statement (FEIS) for the Early Site Permit (ESP) at the Vogtle Electric Generating Plant, NUREG–1872, as required by 10 CFR 51.92 for a COL referencing an ESP. The supplemental environmental impact statement (SEIS) for the COL will be prepared in the same manner as the FEIS for the ESP except that the NRC staff will not conduct a formal scoping process. This notice advises the public that the SEIS will, however, analyze any new and potentially significant information since the ESP FEIS was published on August 21, 2008, in the **Federal Register**. This notice is being published in accordance with the National Environmental Policy Act (NEPA) and NRC regulations found in 10 CFR part 51.
