

“FTA Oversight” has been updated and moved to the proposed Chapter II. The “Certifications Particular to the Urbanized Area Formula Program” section has been renamed, “Certifications Required by 49 U.S.C. 5307” and moved to Chapter IV. We propose moving the updated information on program of projects and public participation requirements to Chapter IV.

Finally, we propose eliminating the “Alphabetical List of Other Requirements.” The substance of that section has been moved to other chapters. Updated information related to “Associated Capital Maintenance Items,” “New Technology Introduction” and “Lease vs. Buy Considerations” can be found in Chapter III, under “Capital Projects;” updated information on “Buses,” “Bus Facilities” and “Fixed Guideway Rolling Stock,” is in proposed Chapter VI. We have consolidated the information on buses and rolling stock and renamed the section, “Requirements Related to Rolling Stock and Equipment.” We propose removing the section on “New Starts;” information on how the New Starts program relates to the Urbanized Area Formula program is in Chapter II. Updated information on the rest of the content of existing Chapter V is in proposed Chapter VII.

F. Chapter VI—Program Management and Administrative Requirements

The content of existing Chapter VI, “Application Instructions,” has been updated, streamlined, and moved to Appendix A. The proposed Chapter VI contains information on the TEAM system, Electronic Clearing House Operation (ECHO system, and, as previously discussed, information on the National Transit Database, requirements related to vehicles and equipment, and requirements related to facilities. The information in this chapter is consistent with that found in other recently updated FTA circulars.

G. Chapter VII—Other Provisions

Chapter VII of the existing circular contains instructions for preparing a project budget. This information has been updated and moved to Appendix B, consistent with other recently revised FTA circulars. The proposed Chapter VII is similar to the “Other Provisions” chapters in other FTA circulars, and summarizes a number of FTA-specific and other Federal requirements that FTA grantees are held to in addition to the program-specific requirements and guidance provided in the circular. As previously stated, some of the information has been relocated from the

existing Chapter V’s “Alphabetical Listing of Other Requirements.” Other sections, including charter bus, commercial driver’s license, and the presidential coin act are new to this circular. Recipients should use this chapter, in conjunction with FTA’s “Master Agreement” and the current fiscal year “Certifications and Assurances,” to assure that they have met all requirements. Recipients may contact FTA Regional Counsel for more detail about these requirements.

G. Appendices

The proposed appendices are intended as tools for developing a grant application. Appendix A specifically addresses steps and instructions for preparing a grant application, including pre-application and application stages. This information is comparable to Chapter VI, “Application Instructions,” in the existing circular, although it has been updated and reorganized. Appendix A also includes an application checklist. Proposed Appendix B provides budget information, including a sample budget, and compares with the information found in Chapter VII, “Instructions for Preparing a Project Budget,” in the existing circular. Proposed Appendix C compares with existing Appendix D, “Operating Assistance Projects,” in the existing circular. Proposed Appendix D, which compares with existing Appendix F, “Forms and Representative Documents,” in the existing circular (except the documents we propose removing, as described below), contains samples of an Authorizing Resolution, Opinion of Counsel, Fleet Status, Proceeds from the Sale of Public Transportation Assets, Like-Kind Exchange Example and Sample Supplemental Agreement. Proposed Appendix E contains a description of the preventive maintenance program, and is new to this circular. Proposed Appendix F contains updated contact information for all of FTA’s regional and metropolitan offices; this information is in Chapter VIII of the existing circular.

We propose removing most of the contents of Appendix A of the existing circular, “Transportation Planning Process,” and instead including a paragraph referencing the planning regulations in Chapter IV of the proposed circular. We propose removing most of the content of existing Appendix B, “Apportionment Formula,” and relocating the basic formula in Chapter III of the proposed circular. We propose removing the content of existing Appendix C, “New Start Development Process,” and direct readers to the most recent revision of

FTA Circular 9300, “Capital Investment Program Guidance and Application Instructions,” for information on New Starts.

We have relocated the existing Appendix D, “Operating Assistance Projects” to proposed Appendix C. The information has been updated, and we propose moving the sections relating to eligible projects and federal/local share to Chapter III. We propose removing the existing Appendix E, “Procedures Related to Flexible Funding” and we have relocated the substance to Chapter II and Appendix A. The existing Appendix F, “Forms and Representative Documents” compares to the proposed Appendix D. We have removed some of the sample forms, namely the Application, Lobbying Disclosure Form, Project Milestone Schedule and Subregional Allocation. The application is submitted and reviewed entirely online in TEAM and all the forms can be viewed online. The lobbying form is also available online. We propose removing the existing Appendix G, which contains information on certifications and assurances, much of which has been moved to proposed Chapter IV. We propose removing the Sample Certifications and Assurances, as this is something that is updated every year and available on FTA’s Web site. We propose moving the information in Appendix H, “Interest as an Eligible Capital Cost” to the proposed Chapter III with other eligible projects.

FTA seeks public comment on the changes within proposed FTA Circular 9030.1D.

Issued in Washington, DC, this 25th day of September 2009.

Peter Rogoff,

FTA Administrator.
