

Act of 1993, the objective for the Fulbright-Hays Faculty Research Abroad (FRA) Program is to provide grants to institutions of higher education to fund faculty to maintain and improve their area studies and language skills by conducting research abroad for periods of 3 to 12 months.

The Department will use the following FRA measures to evaluate its success in meeting this objective:

Performance Measure 1: The average language competency score of Fulbright-Hays Faculty Research Abroad Program recipients at the end of their period of research minus their average language competency at the beginning of the period.

Performance Measure 2: Percentage of all Fulbright-Hays Faculty Research Abroad Program projects judged to be successful by the program officer, based on a review of information provided in annual performance reports.

Efficiency measure: Cost per Fulbright-Hays Faculty Research Abroad grantee increasing language competency by at least one level in one (or all three) area.

The information provided by grantees in their performance report submitted via IRIS will be the source of data for this measure. Reporting screens for institutions and fellows may be viewed at: http://www.ieps-iris.org/iris/pdfs/FRA_fellow.pdf; http://www.ieps-iris.org/iris/pdfs/FRA_director.pdf.
