Animal and Plant Health Inspection Service

9 CFR Part 78

[Docket No. APHIS-2009-0040]

Brucellosis in Cattle; State and Area Classifications; Montana

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Affirmation of interim rule as final rule.

SUMMARY: We are adopting as a final rule, without change, an interim rule that amended the brucellosis regulations concerning the interstate movement of cattle by changing the classification of Montana from Class A to Class Free. We determined that Montana met the standards for Class Free status. The interim rule relieved certain restrictions on the interstate movement of cattle from Montana.

DATES: Effective on November 5, 2009, we are adopting as a final rule the interim rule published at 74 FR 33139-33140 on July 10, 2009.

FOR FURTHER INFORMATION CONTACT: Dr. Debbi A. Donch, National Brucellosis Epidemiologist and Program Manager, Ruminant Health Programs Staff, National Center for Animal Health Programs, VS, APHIS, 4700 River Road

Unit 43, Riverdale, MD 20737-1231; (301) 734-5952.

SUPPLEMENTARY INFORMATION:

Background

Brucellosis is a contagious disease affecting animals and humans, caused by bacteria of the genus *Brucella*.

The brucellosis regulations, contained in 9 CFR part 78 (referred to below as the regulations), provide a system for classifying States or portions of States according to the rate of *Brucella* infection present and the general effectiveness of a brucellosis control and eradication program. The classifications are Class Free, Class A, Class B, and Class C. States or areas that do not meet the minimum standards for Class C are required to be placed under Federal quarantine.

In an interim rule¹ effective and published in the **Federal Register** on July 10, 2009 (74 FR 33139-33140, Docket No. APHIS-2009-0040), we amended the regulations by changing the classification of the State of Montana from Class A to Class Free. That action relieved certain restrictions on the interstate movement of cattle from Montana.

Comments on the interim rule were required to be received on or before September 8, 2009. We received one comment by that date, from a private citizen. This commenter did not, however, address the action taken in the interim rule (i.e., the change in Montana's brucellosis classification). Therefore, for the reasons given in the interim rule, we are adopting the interim rule as a final rule without change.

This action also affirms the information contained in the interim rule concerning Executive Order 12866 and the Regulatory Flexibility Act, Executive Orders 12372 and 12988, and the Paperwork Reduction Act.

Further, for this action, the Office of Management and Budget has waived its review under Executive Order 12866.

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2009-0970; Airspace Docket No. 09-ANM-15]

RIN 2120-AA66

Revision of Colored Federal Airway; Washington

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action revises Colored Federal Airway Amber 1 (A-1), by adding a segment from the Abbotsford, BC, Non-directional Beacon (NDB) to the Victoria, BC, NDB. Specifically, the FAA is taking this action to enhance the management of air traffic during the 2010 Winter Olympics at the request of the Canadian Government.

DATES: *Effective Date:* 0901 UTC, December 17, 2009. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Ken McElroy, Airspace and Rules Group, Office of System Operations Airspace and AIM, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

The Rule

The FAA is amending Title 14, Code of Federal Regulations (14 CFR) part 71 to revise Colored Federal Airway A-1, by adding a segment to the airway between Abbotsford, BC, and Victoria, BC, through United States airspace delegated to Canada for air traffic control. The Government of Canada requested the revision of A-1 to provide a low altitude route segment between Abbotsford NDB and Victoria NDB to support the 2010 Winter Olympics.

Colored Federal Airways are published in paragraph 6009 of FAA

Order 7400.9T, signed August 27, 2009, and effective September 15, 2009, which is incorporated by reference in 14 CFR 71.1. The Colored Federal Airway listed in this document will be published subsequently in the Order.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. Therefore, notice and public procedures under 5 U.S.C. 553(a) are unnecessary.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it revises a Federal Airway within the State of Washington.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of the FAA Order 7400.9T Airspace Designations and Reporting Points, signed August 27, 2009, and effective September 15, 2009, is amended as follows:

Paragraph 6009(c) Amber Federal Airways
* * * * *

A-1 [Revised]

From Abbotsford, BC Canada NDB, to Victoria, BC Canada NDB, Sandspit, BC, Canada, NDB 96 miles 12 AGL, 102 miles 35 MSL, 57 miles 12 AGL, via Sitka, AK, NDB; 31 miles 12 AGL, 50 miles 47 MSL, 88 miles 20 MSL, 40 miles 12 AGL, Ocean Cape, AK, NDB; INT Ocean Cape NDB 283° and Orca Bay, AK, NDB 106° bearings; Orca Bay NDB; INT Orca Bay 285° and Campbell Lake, AK, NDB 123° bearings; Campbell Lake NDB; Takotna River, AK, NDB; 24 miles 12 AGL, 53 miles 55 MSL; 51 miles 40 MSL, 25 miles 12 AGL, North River, AK, NDB; 17 miles 12 AGL, 89 miles 25 MSL, 17 miles 12 AGL, to Fort Davis, AK, NDB. Excluding that airspace within Canada.
