

9–13, 2009. One public meeting will be held during the week. The public meeting will be held on Monday, March 9, 2009, at 5 p.m. at the San Francisco Bay Conservation and Development Commission, McAteer-Petris Conference Room, 50 California Street, Suite 2600, San Francisco, California.

The Mississippi Coastal Management Program evaluation site visit will be held March 16–20, 2009. One public meeting will be held during the week. The public meeting will be held on Monday, March 16, 2009, at 6 p.m., at the Mississippi Department of Marine Resources, 1141 Bayview Avenue, Biloxi, Mississippi.

ADDRESSES: Copies of states' most recent performance reports, as well as OCRM's evaluation notification and supplemental information request letters to the states, are available upon request from OCRM. Written comments from interested parties regarding these Programs are encouraged and will be accepted until 15 days after the last public meeting held for a Program. Please direct written comments to Kate Barba, Chief, National Policy and Evaluation Division, Office of Ocean and Coastal Resource Management, NOS/NOAA, 1305 East-West Highway, 10th Floor, N/ORM7, Silver Spring, Maryland 20910. When the evaluation is completed, OCRM will place a notice in the **Federal Register** announcing the availability of the Final Evaluation Findings.

SUPPLEMENTARY INFORMATION: Notice is hereby given of the availability of the final evaluation findings for the South Carolina and Virgin Islands Coastal Management Programs (CMPs) and the Jacques Cousteau (NJ) and Grand Bay (MS) National Estuarine Research Reserves (NERRs). Sections 312 and 315 of the Coastal Zone Management Act of 1972 (CZMA), as amended, require a continuing review of the performance of coastal states with respect to approval of CMPs and the operation and management of NERRs.

The Jacques Cousteau and Grand Bay NERRs were found to be adhering to programmatic requirements of the NERR System. The State of South Carolina was found to be implementing and enforcing its federally approved coastal management program, addressing the national coastal management objectives identified in CZMA Section 303(2)(A)–(K), and adhering to the programmatic terms of their financial assistance awards. The evaluation of the Virgin Islands Coastal Management Program focused solely on staffing issues, and the Territory of the U.S. Virgin Islands was found to continue to have difficulty

attracting, hiring, and retaining well-qualified staff in sufficient numbers, thus hampering effective implementation of the program.

Copies of these final evaluation findings may be obtained upon written request from: Kate Barba, Chief, National Policy and Evaluation Division, Office of Ocean and Coastal Resource Management, NOS/NOAA, 1305 East-West Highway, 10th Floor, N/ORM7, Silver Spring, Maryland 20910, or Kate.Barba@noaa.gov.

Fisheries in the Western Pacific; Western Pacific Crustacean Fisheries; 2009 Northwestern Hawaiian Islands Lobster Harvest Guideline

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of harvest guideline for crustaceans.

SUMMARY: NMFS announces that the annual harvest guideline for the commercial lobster fishery in the Northwestern Hawaiian Islands (NWHI) for calendar year 2009 is established at zero lobsters.

FOR FURTHER INFORMATION CONTACT: Bob Harman, NMFS Pacific Islands Region, 808–944–2271.

SUPPLEMENTARY INFORMATION: The NWHI commercial lobster fishery is managed under the Fishery Management Plan for the Crustacean Fisheries of the Western Pacific Region (Crustaceans FMP). The regulations at 50 CFR 665.50(b)(2) require NMFS to publish an annual harvest guideline for lobster Permit Area

1, comprised of Federal waters around the NWHI.

Regulations governing the Papahānaumokuākea Marine National Monument in the NWHI prohibit the unpermitted removal of monument resources (50 CFR 404.7), and establish a zero annual harvest guideline for lobsters (50 CFR 404.10(a)). Accordingly, NMFS establishes the harvest guideline at zero lobsters for the NWHI commercial lobster fishery for calendar year 2009; thus, no harvest of NWHI lobster resources is allowed.
