

revision, extension, existing or reinstatement; (3) OMB Control Number, if applicable; (4) Title; (5) Summary of the collection; (6) Description of the need for, and proposed use of, the information; (7) Respondents and frequency of collection; and (8) Reporting and/or recordkeeping burden.

The Department of Homeland Security invites public comment.

The Department of Homeland Security is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department, including whether the information will have practical utility; (2) Is the estimate of burden for this information collection accurate; (3) How might the Department enhance the quality, utility, and clarity of the information to be collected; and (4) How might the Department minimize the burden of this collection on the respondents, including through the use of information technology. All comments will become a matter of public record. In this document the U.S. Secret Service is soliciting comments concerning the following information collection:

Title: Contractor Personnel Access Application.

OMB Number: 1620-0002.

Form Number: SSF 3237.

Abstract: Respondents are all Secret Service contractor personnel requiring access to Secret Service controlled facilities in performance of their contractual duties. These contractors, if approved for access, will require escorted, unescorted, and staff-like access to Secret Service controlled facilities. Responses to questions on the SSF 3237 yield information necessary for the adjudication of eligibility for facility access.

Agency: Department of Homeland Security, United States Secret Service.

Frequency: Occasionally.

Type of Review: Extension of a currently approved collection.

Affected Public: Individuals or Households/Business.

Estimated Number of Respondents: 5000.

Estimated Time per Respondent: 15 minutes.

Estimated Total Annual Burden Hours: 1250 hours.

Estimated Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintaining): None.

Dated: December 23, 2009.

Sharon Johnson,

Chief—Policy Analysis and Organizational Development Branch, U.S. Secret Service, U.S. Department of Homeland Security.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2009-1003]

Certificate of Alternative Compliance for the Crew Boat SYBIL GRAHAM

AGENCY: Coast Guard, DHS.

ACTION: Notice.

SUMMARY: The Coast Guard announces that a Certificate of Alternative Compliance was issued for the offshore supply vessel SYBIL GRAHAM as required by 33 U.S.C. 1605(c) and 33 CFR 81.18.

DATES: The Certificate of Alternative Compliance was issued on November 10, 2009.

ADDRESSES: The docket for this notice is available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet by going to <http://www.regulations.gov>, inserting USCG-2009-1003 in the "Keyword" box, and then clicking "Search."

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice, call CWO2 David Mauldin, District Eight, Prevention Branch, U.S. Coast Guard, telephone 504-671-2153. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Background and Purpose

The offshore supply vessel SYBIL GRAHAM will be used for offshore supply operations. Full compliance with 72 COLREGS and the Inland Rules Act would hinder the vessel's ability to maneuver within close proximity of offshore platforms. As a result, the forward masthead light may be located on the top forward portion of the pilothouse 17'-5 1/16" above the hull. Placing the forward masthead light at the height required by Annex I, paragraph 2(a) of the 72 COLREGS and

Annex I, Section 84.03(a) of the Inland rules Act would result in a masthead light location highly susceptible to damage when working in close proximity to offshore platforms.

Furthermore, the horizontal distance between the forward and aft masthead lights may be 18'-5". Placing the aft masthead light at the horizontal distance from the forward masthead light as required by Annex I, paragraph 3(a) of the 72 COLREGS and Annex I, Section 84.05(a) of the Inland Rules Act would result in an aft masthead light location directly over the aft cargo deck where it would interfere with loading and unloading operations.

A Certificate of Alternative Compliance, as allowed under Title 33 of the Code of Federal Regulations, Parts 81 and 89, has been issued for the offshore supply vessel SYBIL GRAHAM, O.N. 1222116. The Certificate of Alternative Compliance allows for the vertical placement of the forward masthead light to deviate from requirements set forth in Annex I, paragraph 2(a) of 72 COLREGS and Annex I, Section 84.03(a) of the Inland Rules Act. In addition, the Certificate of Alternative Compliance allows for the horizontal separation of the forward and aft masthead lights to deviate from the requirements of Annex I, paragraph 3(a) of 72 COLREGS and Annex I, Section 84.05(a) of the Inland Rules Act.

This notice is issued under authority of 33 U.S.C. 1605(c), and 33 CFR 81.18.

Dated: November 22, 2009.

J.W. Johnson,

Commander, U.S. Coast Guard, Chief, Inspections and Investigations Branch, By Direction of the Commander, Eighth Coast Guard District.
