February 10, 2009.

Take notice that on February 9, 2009, Western Refining Southwest, Inc. (Western) and Western Refining Pipeline Company (Western Pipeline) filed a formal complaint against TEPPCO Crude Pipeline, LLC (TEPPCO), pursuant to Rule 206 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission (FERC), 18 CFR 385.206; the Procedural Rules Applicable to Oil Pipeline Proceedings, 18 CFR 343.2; sections 1(4), 1(5), 1(6), 2, 3(1), 6(3), 8, 9, 13(1), 15(1), 16, and 20(11) of the Interstate Commerce Act (ICA), 49 U.S.C. App. 1(4), 1(5), 2, 3(1), 8, 9, 13, 15, and 16 (1988); alleging that TEPPCO wrongfully seized crude oil that Western had tendered as line fill in TEPPCO's pipeline from Midland, TX (Midland) to Hobbs, NM (Hobbs). Western also alleges that TEPPCO continues to wrongfully retain possession of that crude oil in a tank controlled by TEPPCO, and wrongfully reversed the flow of the same Midland to Hobbs pipeline in June 2008 without notification, thereby violating a capacity lease agreement Western Pipeline had with TEPPCO. In addition, Western Pipeline alleges that TEPPCO's actions violated its regulatory obligation to publish tariff amendments with the FERC and that TEPPCO improperly solicited and collected capacity lease payments for pipeline capacity that Western Pipeline could not have utilized.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Project No. 2310-173; Project No. 2266-096]****Pacific Gas and Electric Company; Nevada Irrigation District; Notice Dismissing Motions to Intervene**

February 10, 2009.

On April 11, 2008, Pacific Gas and Electric Company (PG&E), in Project No. 2310-173, and the Nevada Irrigation District (District), in Project No. 2266-096, filed Notices of Intent to File License Applications and Pre-Application Documents (PAD) under the Commission's integrated licensing process (ILP) for the Drum Spaulding and Yuba-Bear Hydroelectric Projects, respectively. On September 24, 2008, the County of Placer filed motions to intervene in these proceedings.

Pursuant to Rule 214(a)(3) of the Commission's Rules of Practice and Procedure, any person may seek to intervene and become a party in a proceeding by filing a motion to intervene that complies with the content requirements of Rule 214(b).¹ However, a motion to intervene in the ILP at the pre-application stage is not appropriate. Because PG&E and the District have not yet filed license applications, there are no proceedings in which to intervene and the motions to intervene in Project Nos. 2310-173 and 2266-096 are dismissed as premature. Should PG&E and the District file actual license applications, the Commission will then provide an opportunity for intervention.²

This notice constitutes final agency action. Requests for rehearing of this notice may be filed within 30 days, pursuant to Rule 713 of the Commission's Rules of Practice and Procedure.³

Secretary.

[Docket Nos. CP78-123-000; CP80-435-000]

Alaskan Northwest Natural Gas Transportation Company; Notice of Effectiveness of Surrender of Certificate and Termination of Proceeding

February 6, 2009.

On December 15, 2008, as supplemented on January 23, 2009, Alaskan Northwest Natural Gas Transportation Company (ANNGTC)¹ submitted a notice that it was surrendering the conditional certificate that the Commission issued to ANNGTC in Docket Nos. CP78-123 and CP80-435, authorizing the construction of the Alaskan pipeline segment of the Alaska Natural Gas Transportation System (ANGTS) and the Alaska Gas

Conditioning Facility.² ANNGTC's partners have concluded that ANNGTC is no longer a viable entity and that ANNGTC cannot feasibly pursue the ANGTS pipeline project conditionally authorized in Docket Nos. CP78-123 and CP80-435.

Because ANNGTC never perfected its conditional certificate and never constructed any facilities or provided any services under the Natural Gas Act (NGA), there are no facilities or services subject to the abandonment provisions of NGA section 7(b), and no abandonment authorization or other Commission action is required. Accordingly, ANNGTC's surrender of the certificate issued in Docket Nos. CP78-123 and CP80-435 is accepted by the Commission and this proceeding is terminated.
