Persons interested in being placed on a mailing list for future NPRMs should contact the FAA’s Office of Rulemaking (202) 267–9677, to request a copy of Advisory Circular No. 11–2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

This action proposes to amend Title 14, Code of Federal Regulations (14 CFR), Part 71 by amending Class E airspace at Coleman Municipal Airport, Coleman, TX. The Coleman RBN has been removed making it necessary to realign controlled airspace for existing SIAPs operations at the airport. The area would be depicted on appropriate aeronautical charts.

Class E airspace areas are published in Paragraph 6005 of FAA Order 7400.9S, dated October 3, 2008, and effective October 31, 2008, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a

substantial number of small entities under the criteria of the Regulatory Flexibility Act. The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would add additional controlled airspace at Coleman Municipal Airport, Coleman, TX.

SUPPLEMENTARY INFORMATION:

I. Background

Commission Regulation 4.22(a)¹ requires a registered CPO to distribute an account statement to each participant in each commodity pool that it operates within 30 days of the end of the reporting period.² Regulation 4.22(c) requires a CPO to file with NFA, and to provide to each participant, an annual financial report, audited by an independent public accountant, for each commodity pool that it operates within 90 days of the end of the pool's fiscal year or the permanent cessation of the pool's trading.³

CPOs operating pools offered solely to qualified eligible persons (“QEPs”) pursuant to Regulation 4.7 may claim relief from certain reporting requirements.⁴ In this regard, a CPO that has claimed an exemption from certain regulatory requirements pursuant to Regulation 4.7 must distribute periodic account statements to each participant of an exempt pool at least quarterly, and also must file with NFA and distribute to participants in the exempt pool an annual report within 90 days of the end

¹ The regulations of the Commission cited in this release may be found at 17 CFR Ch. I (2008).

² Pursuant to Regulation 4.22(b), account statements must be provided monthly for pools with net asset values greater than \$500,000 at the beginning of the pool's fiscal year; otherwise, account statements may be provided quarterly.

³ NFA is a registered futures association pursuant to Section 17 of the Commodity Exchange Act (“Act”), 7 U.S.C. 21.

⁴ Regulation 4.7(a) defines “qualified eligible person” to include participants that meet certain eligibility criteria regarding their net worth, income, and investments.
