Most applicant analyses will be more complicated than this example and will likely include several benefit categories. However, the summary cost and benefit data should be as transparent and as easy to follow and replicate as the example above.

Appendix B: Additional Information on Applying Through Grants.gov

Applications (Stage 2) for TIGER II Discretionary Grants must be submitted through Grants.gov. To apply for funding through Grants.gov, applicants must be properly registered. Complete instructions on how to register and apply can be found at http://www.grants.gov. If interested parties experience difficulties at any point during registration or application process, please call the Grants.gov Customer Support Hotline at 1–800–518–4726, Monday–Friday from 7 a.m. to 9 p.m. EST.

Registering with Grants.gov is a onetime process; however, processing delays may occur and it can take up to several weeks for first-time registrants to receive confirmation and a user password. It is highly recommended that applicants start the registration process as early as possible to prevent delays that may preclude submitting an application by the deadlines specified. Applications will not be accepted after the relevant due date; delayed registration is not an acceptable reason for extensions. In order to apply for TIGER II Discretionary Grant funding under this announcement and to apply for funding through Grants.gov, all applicants are required to complete the

1. Acquire a DUNS Number. A DUNS number is required for Grants.gov registration. The Office of Management and Budget requires that all businesses and nonprofit applicants for Federal funds include a DUNS (Data Universal Numbering System) number in their applications for a new award or renewal of an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving Federal funds. The identifier is used for tracking purposes and to validate address and point of contact information for Federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Obtain a DUNS number by calling 1-866-705-5711 or by applying online at http:// www.dunandbradstreet.com.

2. Acquire or Renew Registration with the Central Contractor Registration

(CCR) Database. All applicants for Federal financial assistance maintain current registrations in the Central Contractor Registration (CCR) database. An applicant must be registered in the CCR to successfully register in Grants.gov. The CCR database is the repository for standard information about Federal financial assistance applicants, recipients, and subrecipients. Organizations that have previously submitted applications via Grants.gov are already registered with CCR, as it is a requirement for Grants.gov registration. Please note, however, that applicants must update or renew their CCR registration at least once per year to maintain an active status, so it is critical to check registration status well in advance of relevant application deadlines. Information about CCR registration procedures can be accessed at http:// www.ccr.gov.

3. Acquire an Authorized
Organization Representative (AOR) and a Grants.gov Username and Password.
Complete your AOR profile on
Grants.gov and create your username and password. You will need to use your organization's DUNS Number to complete this step. For more information about the registration process, go to http://www.grants.gov/applicants/get registered.jsp.

4. Acquire Authorization for your AOR from the E-Business Point of Contact (E-Biz POC). The E-Biz POC at your organization must login to Grants.gov to confirm you as an AOR. Please note that there can be more than one AOR for your organization.

5. Search for the Funding Opportunity on Grants.gov. Please use the following identifying information when searching for the TIGER II funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance (CFDA) number for this solicitation is 20.933, titled Surface Transportation Infrastructure Discretionary Grants for Capital Investments II.

6. Submit an Application Addressing All of the Requirements Outlined in this Funding Availability Announcement. Within 24-48 hours after submitting your electronic application, you should receive an email validation message from Grants.gov. The validation message will tell you whether the application has been received and validated or rejected, with an explanation. You are urged to submit your application at least 72 hours prior to the due date of the application to allow time to receive the validation message and to correct any problems that may have caused a rejection notification.

Note: When uploading attachments please use generally accepted formats such as .pdf, .doc, and .xls. While you may imbed picture files such as .jpg, .gif, .bmp, in your files, please do not save and submit the attachment in these formats. Additionally, the following formats will not be accepted: .com, .bat, .exe, .vbs, .cfg, .dat, .db, .dbf, .dll, .ini, .log, .ora, .sys, and .zip.

Experiencing Unforeseen Grants.gov Technical Issues

If you experience unforeseen Grants.gov technical issues beyond your control that prevent you from submitting your application by the deadline, you must contact Robert Mariner at 202-366-8914 or Robert.Mariner@dot.gov within 24 hours after the deadline and request approval to submit your application. At that time, DOT staff will require you to email the complete grant application, your DUNS number, and provide a Grants.gov Help Desk tracking number(s). After DOT staff review all of the information submitted as well as contacts the Grants.gov Help Desk to validate the technical issues you reported, DOT staff will contact you to either approve or deny your request to submit a late application. If the technical issues you reported cannot be validated, your application will be rejected as untimely.

To ensure a fair competition for limited discretionary funds, the following conditions are not valid reasons to permit late submissions: (1) Failure to complete the registration process before the deadline date; (2) failure to follow Grants.gov instructions on how to register and apply as posted on its Web site; (3) failure to follow all of the instructions in the funding availability notice; and (4) technical issues experienced with the applicant's computer or information technology (IT)

environment.

Issued on: April 21, 2010.

Ray LaHood,

Secretary.

DEPARTMENT OF TRANSPORTATION

Maritime Administration

Reports, Forms and Recordkeeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: Maritime Administration, DOT. **ACTION:** Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice

announces that the Information Collection abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and approval. The nature of the information collection is described as well as its expected burden. The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on September 10, 2009, and comments were due by November 9, 2009. No comments were received.

DATES: Comments should be submitted on or before May 26, 2010.

FOR FURTHER INFORMATION CONTACT: Dr. Shashi Kumar, U.S. Merchant Marine Academy, Kings Point, NY 11024. Telephone: 516–726–5833; or E-Mail: kumars@usmma.edu. Copies of this collection also can be obtained from that office.

SUPPLEMENTARY INFORMATION: Maritime Administration (MARAD).

Title: United States Merchant Marine Academy (USMMA) Alumni Survey. OMB Control Number: 2133–NEW. Type of Request: New collection. Affected Public: Graduates of the U.S. Merchant Marine Academy.

Form Numbers: KP2–66–DK1, KP2–67–DK2, KP3–68–DK3, KP2–69–ENG1, KP2–70–ENG2, KP2–71–ENG3.

Abstract: 46 U.S.C. 51309 authorizes the Academy to confer academic degrees. To maintain the appropriate academic standards, the program must be accredited by the appropriate accreditation body. The survey is part of USMMA's academic accreditation process.

Annual Estimated Burden Hours: 250 hours.

Addresses: Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention MARAD Desk Officer.

Comments Are Invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication.

(Authority: 49 CFR 1.66.)

Issued in Washington, DC, on April 6, 2010

Christine Gurland,

Secretary, Maritime Administration.

DEPARTMENT OF TRANSPORTATION

Research and Innovative Technology Administration

[Docket ID Number RITA 2008-0002]

Agency Information Collection; Activity Under OMB Review; Airline Service Quality Performance—Part 234

AGENCY: Research and Innovative Technology Administration (RITA), Bureau of Transportation Statistics (BTS), DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, Public Law 104-13, the Bureau of Transportation Statistics invites the general public, industry and other governmental parties to comment on the continuing need for and usefulness of DOT requiring large certificated air carriers to file "On-Time Flight Performance Reports" and "Mishandled-Baggage Reports" pursuant to 14 CFR 234.4 and 234.6. These reports are used to monitor the quality of air service that major air carriers are providing the flying public. The Federal Aviation Administration uses the On-Time Flight Performance Reports to identify problem areas within the air traffic control system.

DATES: Written comments should be submitted by June 25, 2010.

FOR FURTHER INFORMATION CONTACT:

Bernie Stankus, Office of Airline Information, RTS–42, Room E36–303, RITA, BTS, 1200 New Jersey Avenue, SE., Washington, DC 20590–0001, Telephone Number (202) 366–4387, Fax Number (202) 366–3383 or e-mail bernard.stankus@dot.gov.

Comments: Comments should identify the associated OMB approval #2138–0041 and Docket ID Number RITA 2008–0002. Persons wishing the Department to acknowledge receipt of their comments must submit with those comments a self-addressed stamped postcard on which the following statement is made: Comments on OMB #2138–0041, Docket—RITA 2008–0002. The postcard will be date/time stamped and returned.

SUPPLEMENTARY INFORMATION:

OMB Approval No. 2138-0041.

Title: Airline Service Quality Performance—Part 234.

Form No.: BTS Form 234.

Type of Review: Extension of a currently approved collection.

Respondents: Large certificated air carriers that account for at least 1 percent of the domestic scheduled passenger revenues.

Number of Respondents: 18. Number of Responses: 216. Total Burden per Response: 20 hours. Total Annual Burden: 4,320 hours. Needs and Uses:

Consumer Information

Part 234 gives air travelers information concerning their chances of on-time flights and the rate of mishandled baggage by the 18 largest scheduled domestic passenger carriers.

Reducing and Identifying Traffic Delays

The Federal Aviation Administration uses part 234 data to pinpoint and analyze air traffic delays. Wheels-up and wheels-down times are used in conjunction with departure and arrival times to show the extent of ground delays. Actual elapsed flight time, wheels-down minus wheels-up time, is compared to scheduled elapsed flight time to identify airborne delays. The reporting of aircraft tail number allows the FAA to track an aircraft through the air network, which enables the FAA to study the ripple effects of delays at hub airports. The data can be analyzed for airport design changes, new equipment purchases, the planning of new runways or airports based on current and projected airport delays, and traffic levels. The identification of the reason for delays allows the FAA, airport operators, and air carriers to pinpoint delays under their control.

The Confidential Information Protection and Statistical Efficiency Act of 2002 (44 U.S.C. 3501 note), requires a statistical agency to clearly identify information it collects for non-statistical purposes. BTS hereby notifies the respondents and the public that BTS uses the information it collects under this OMB approval for non-statistical purposes including, but not limited to, publication of both Respondent's identity and its data, submission of the information to agencies outside BTS for review, analysis and possible use in regulatory and other administrative matters.
