Mid-Atlantic Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's (MAFMC) Squid, Mackerel, and Butterfish Committee will hold a public meeting that also includes the Squid, Mackerel, and Butterfish Advisory Panel as well as the Amendment 11 Fishery Management Action Team (FMAT).

DATES: The meeting will be held on Wednesday, May 26, 2010, from 10 a.m. to 6 p.m.

ADDRESSES: The meeting will be held at the Courtyard Baltimore BWI Airport Hotel, 1671 West Nursery Road, Linthicum, MD 21090; telephone: (410) 859–8855.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; telephone: (302) 674–2331.

FOR FURTHER INFORMATION CONTACT: Daniel T. Furlong, Executive Director, Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; telephone: (302) 526–5255.

SUPPLEMENTARY INFORMATION: The purpose of this meeting is to address outstanding issues within Amendment 11 to the Atlantic Mackerel, Squid, and Butterfish Fishery Management Plan. At the April 2010 MAFMC Council meeting, the SMB Committee requested that the Amendment 11 Fishery Management Action Team (FMAT), the SMB Advisory Panel, and the SMB Committee meet regarding mackerel limited access to resolve ongoing historical participation issues. These participation issues led the Committee to recommend delaying adoption of Amendment 11's alternatives regarding mackerel limited access. The Committee will recommend further action pending the results of the May 26, 2010 meeting and the Council may take action on Amendment 11 at its June 2010 Council meeting in New York, NY.

Although non-emergency issues not contained in this agenda may come before this group for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management

Act (Magnuson-Stevens Act), those issues may not be the subject of formal action during this meeting. Actions will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to M. Jan Saunders at the Mid-Atlantic Council Office, (302) 526–5251, at least 5 days prior to the meeting date.

Dated: May 5, 2010.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Notice of Public Review and Comment Period on NOAA's Arctic Vision and Strategy

AGENCY: National Oceanic and Atmospheric Administration.

ACTION: Request for comments.

SUMMARY: The Arctic has profound significance for climate and functioning of ecosystems around the globe. The region is particularly vulnerable and prone to rapid change. Increasing air and ocean temperatures, thawing permafrost, loss of sea ice, and shifts in ecosystems are evidence of widespread and dramatic ongoing change. As a result, critical environmental, economic, and national security issues are emerging, many of which have significant impacts for human lives, livelihoods, and coastal communities. Though NOAA has numerous and diverse capabilities that support these emerging issues, a strategic approach that leverages NOAA's existing priorities and strengths, as well as those of our national and international partners, is needed. This document provides a high-level framework and six strategic goals to address NOAA's highest priorities in the region. It is based upon assumptions that the region will: continue to experience dramatic change; become more accessible to

human activities; and, be a focus of increasing global strategic interest.

DATES: Comments must be submitted by June 10, 2010.

ADDRESSES: Submit comments by one of the following methods—

- Electronic Submissions: strategic.planning@noaa.gov
- Mail: National Oceanic and Atmospheric Administration, Office of Program Planning and Integration, 1315 East-West Highway, Room 15749, Silver Spring, Maryland 20910

SUPPLEMENTARY INFORMATION: To view the document, go to <http://www.arctic.noaa.gov/>.

I. Summary of the Strategy

NOAA envisions an Arctic where decisions and actions related to conservation, management, and use are based on sound science and support healthy, productive, and resilient communities and ecosystems. The agency seeks a future where the global implications of Arctic change are better understood and predicted.

NOAA will focus its efforts on the following six priority goals needed to realize this vision:

- (1) Forecast Sea Ice
- (2) Strengthen Foundational Science to Understand and Detect Arctic Climate and Ecosystem Changes
- (3) Improve Weather and Water Forecasts and Warning
- (4) Enhance International and National Partnerships
- (5) Improve Stewardship and Management of Ocean and Coastal Resources in the Arctic
- (6) Advance Resilient and Healthy Arctic Communities and Economies

These goals were selected because they represent areas where NOAA can address urgent and timely issues that meet two key criteria: providing the information, knowledge, and policies to meet NOAA mandates and stewardship responsibilities, and providing the information, knowledge, and services to enable others to live and operate safely in the Arctic.

Each goal also fulfills international goals and establishes, enhances, or leverages partnerships with other Arctic nations, international organizations, government agencies, and non-governmental organizations, academia, and local communities. The goals are also geared towards generating large societal benefits relative to the resources required and strengthening NOAA's

engagement, politically, scientifically, internationally, and publicly.

NOAA will next develop and execute a five-year Arctic Action Plan to achieve these goals. Development and execution of the plan will require coordination across all NOAA Line and Staff Offices and collaboration with local, regional, federal, nongovernmental, and academic partners. As a starting point, NOAA will establish a single point of contact within NOAA Senior Executive Leadership who will be accountable for achieving the Arctic goals. The Arctic Action Plan will also include an engagement strategy for reaching internal and external employees, partners, and stakeholders, as well as a detailed budget strategy. NOAA is committed to enhancing its current involvement in research and management programs in the Arctic, and anticipates an initial investment of \$10 million towards the implementation of this strategy, recognizing that additional funds will be needed to achieve the goals.

II. Request for Comments

NOAA invites comments on its: (a) vision for the Arctic; and (b) six strategic goals and five-year strategies for the Arctic.

Class Deviation From FAR 52.219-7, Notice of Partial Small Business Set-Aside

AGENCY: Defense Logistics Agency, DoD.

ACTION: Notice.

SUMMARY: This is to notify interested parties of a proposed class deviation to the Federal Acquisition Regulation (FAR) regarding partial small business set-asides for Defense Logistics Agency (DLA), Defense Energy Support Center (DESC) bulk fuels solicitations and resulting contract awards. DLA is requesting Department of Defense approval of a class deviation to FAR 52.219-7, to revise an existing class deviation to that clause.

DATES: Comments must be received on or before July 9, 2010.

ADDRESSES: Submit your comments concerning this Deviation to DLA, Attn: J-71 (Kerry Pilz), 8725 John J. Kingman Rd, Fort Belvoir, VA 22060-6221. Telephone (703) 767-1461 or E-mail at kerry.pilz@dla.mil.

FOR FURTHER INFORMATION CONTACT: Kerry Pilz, (703) 767-1461 or e-mail at kerry.pilz@dla.mil.

SUPPLEMENTARY INFORMATION: In accordance with Federal Acquisition Regulation (FAR) 1.404 and Defense Federal Acquisition Regulation Supplement 201.404, DESC is requesting a class deviation from FAR Clause 52.219-7, Notice of Partial Small Business Set-Aside. DESC intends to use the clause in domestic bulk fuel solicitations.

Under the bulk petroleum program, DESC purchases, distributes, and manages millions of gallons of military

specification fuel products for the Military Services. Domestic bulk fuel solicitations generally contain partial small business set-asides pursuant to FAR subpart 19.5. These set-asides are solicited and awarded using the current deviation clause, DESC Clause I237.06, Notice of Partial Small Business Set-Aside (Deviation). The current deviation was approved on June 25, 1990, pursuant to DAR Case 90-922. The current deviation established a methodology for partial small business set-aside evaluation and awards.

DESC proposes revisions to the current deviation clause to clarify language in various portions of the clause, and in particular to clarify that a small business will not be awarded a set-aside portion at a price higher than its offer price under the non-set-aside portion. The proposed revisions are incorporated into the clause below:

Defense Logistics Agency Defense Logistics Acquisition Directive provision and clause.

I237.06 NOTICE OF PARTIAL SMALL BUSINESS SET-ASIDE (DEVIATION)

Required in all domestic bulk solicitations/contracts when the solicitation contains one or more partial set-aside items. Be sure lead-in appears above the clause. This clause is a deviation from FAR Clause I237.

THE FOLLOWING CLAUSE APPLIES ONLY TO PARTIAL SMALL BUSINESS SET-ASIDE LINE ITEMS THAT MAY BE CONTAINED IN THIS DOCUMENT.

I237.06 NOTICE OF PARTIAL SMALL BUSINESS SET-ASIDE (DEVIATION) (DESC)

(a) **DEFINITION.** Small business concern, as used in this clause, means a concern, including its affiliates that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation.

(b) **GENERAL.**

(1) A portion of certain items of this procurement, as listed in the Schedule, has been set aside for award to eligible small businesses. The quantities indicated for such items in the Schedule include the set-aside portion. All offerors are urged to offer the maximum quantities they desire and are capable of delivering. Small business concerns interested in receiving a set-aside contract should submit an offer in the same manner as though there were no set-aside. Volumes offered by qualified small business concerns will be evaluated for the non-set-aside and set-aside portions of the procurement. Separate offers should not be submitted on the non-set-aside and set-aside portions.

(2) The partial small business set-aside of the procurement is based on a determination by the Contracting Officer that it is in the interest of maintaining or mobilizing the nation's full production capacity or in the
