

performance report that provides the most current performance and financial expenditure information as directed by the Secretary in 34 CFR 75.118 and 34 CFR 607.31. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures:* The Secretary has established the following key performance measures for assessing the effectiveness of the Strengthening Alaska Native and Native Hawaiian-Serving Institutions programs:

a. The percentage change, over the five-year period, of the number of full-time degree-seeking undergraduates enrolled at Alaska Native and Native Hawaiian-Serving Institutions. Note that this is a long-term measure, which will be used to periodically gauge performance, beginning in FY 2009.

b. The percentage of first-time, full-time degree-seeking undergraduate students at 4-year Alaska Native and Native Hawaiian-Serving Institutions who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same Alaska Native and Native Hawaiian-Serving Institution;

c. The percentage of first-time, full-time degree-seeking undergraduate students at 2-year Alaska Native and Native Hawaiian-Serving Institutions who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same Alaska Native and Native Hawaiian-Serving Institution;

d. The percentage of first-time, full-time degree-seeking undergraduate students enrolled at 4-year Alaska Native and Native Hawaiian-Serving Institutions graduating within 6 years of enrollment; and

e. The percentage of first-time, full-time degree seeking undergraduate students enrolled at 2-year Alaska Native and Native Hawaiian-Serving Institutions graduating within 3 years of enrollment.

**VII. Agency Contacts**

*For Further Information Contact:* Kelley Harris, Don Crews, or Darlene Collins, U.S. Department of Education, 1990 K Street, NW., 6th Floor, Washington, DC 20006-8513.

You may contact these individuals at the following e-mail addresses or telephone numbers:

*Kelley.Harris@ed.gov;* (202) 219-7083.  
*Don.Crews@ed.gov;* (202) 502-7574.

*Darlene.Collins@ed.gov;* (202) 502-7576.

If you use a TDD, call the FRS, toll free, at 1-800-877-8339.

**VIII. Other Information**

*Accessible Format:* Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or computer diskette) on request to the program contact person listed in section VII of this notice.

*Electronic Access to This Document:* You can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Adobe Portable Document Format (PDF), on the Internet at the following site: <http://www.ed.gov/news/fedregister>. To use PDF, you must have Adobe Acrobat Reader, which is available free at this site.

**Note:** The official version of this document is the document published in the **Federal Register**. Free Internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available on GPO Access at: <http://www.gpoaccess.gov/nara/index.html>.

*Delegation of Authority:* The Secretary of Education has delegated authority to Daniel T. Madzelan, Director, Forecasting and Policy Analysis for the Office of Postsecondary Education, to perform the functions and duties of the Assistant Secretary for Postsecondary Education.

Dated: June 9, 2010.

**Daniel T. Madzelan,**  
*Director, Forecasting and Policy Analysis.*

**DEPARTMENT OF EDUCATION**

**Office of Special Education and Rehabilitative Services; Overview Information; Personnel Development To Improve Services and Results for Children With Disabilities; Notice Inviting Applications for New Awards for Fiscal Year (FY) 2010**

*Catalog of Federal Domestic Assistance (CFDA) Numbers:* 84.325D, 84.325K, and 84.325T

**Note:** This notice invites applications for three separate competitions. For key dates, contact person information, and funding information regarding each competition, see the chart in the *Award Information* section of this notice.

*Dates:*  
*Applications Available:* See chart.  
*Deadline for Transmittal of Applications:* See chart.

*Deadline for Intergovernmental Review:* See chart.

**Full Text of Announcement**

**I. Funding Opportunity Description**

*Purpose of Program:* The purposes of this program are to (1) help address State-identified needs for highly qualified personnel—in special education, related services, early intervention, and regular education—to work with children, including infants and toddlers, with disabilities; and (2) ensure that those personnel have the necessary skills and knowledge, derived from practices that have been determined through scientifically based research and experience, to be successful in serving those children.

*Priorities:* In accordance with 34 CFR 75.105(b)(2)(iv), these priorities are from allowable activities specified in the statute (see sections 662 and 681 of the Individuals with Disabilities Education Act (IDEA)). Each of the absolute priorities announced in this notice corresponds to a separate competition as follows:

| Absolute priority   | Competition CFDA No. |
|---|----------------------|
| Preparation of Leadership Personnel .....                     | 84.325D              |
| Combined Personnel Preparation .....                          | 84.325K              |
| Special Education Preservice Program Improvement Grants ..... | 84.325T              |

*Absolute Priorities:* For FY 2010 and any subsequent year in which we make awards based on the list of unfunded applications from these competitions, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3), for each competition, we consider only applications that meet the absolute priority for that competition.

The priorities are:  
*Absolute Priority 1—Preparation of Leadership Personnel (84.325D).*

*Background:*  
There continues to be a persistent need for special education, early intervention, and related services personnel who have been trained at the doctoral and postdoctoral levels to fill faculty, research, and direct service positions (Smith, Pion, & Tyler, 2004; Washburn-Moses & Therrien, 2008; Woods & Snyder, 2009). Further, according to Lashley & Boscardin (2003), there is a need for personnel who have been trained at the graduate level (i.e., masters, education specialist, and doctoral degrees, depending on State certification requirements) to fill special education and early intervention administrator positions.

Federal support is needed to increase the supply of these personnel and ensure that they have the necessary knowledge and skills to assume special education, early intervention, and related services leadership positions in universities, State educational agencies (SEAs), State lead agencies (State LAs), local educational agencies (LEAs), local lead agencies (local LAs), schools, or programs. Critical competencies for special education, early intervention, and related services leadership personnel are varied, depending on the type of training program; however, these competencies often include teaching skills, administrative skills,<sup>1</sup> and research skills as well as current knowledge of effective interventions that improve academic and functional outcomes for children with disabilities, including high-need children with disabilities. For the purpose of this priority, "high-need children with disabilities" refers to children (ages birth through twenty-one, depending on the State) who are eligible for services under IDEA, and who may be further disadvantaged and at risk of educational failure because they: (1) Are living in poverty, (2) are far below grade level, (3) are at risk of not graduating with a regular high school diploma on time, (4) are homeless, (5) are in foster care, (6) have been incarcerated, or (7) are English language learners.

#### Priority:

The purpose of the Preparation of Leadership Personnel priority is to increase the quantity of special education, early intervention, and related services personnel who have been trained at the graduate and advanced graduate levels, and who are well-qualified for, and can effectively carry out leadership positions in universities, SEAs, State LAs, LEAs, local LAs, schools, or programs. This priority supports two types of programs that train leadership personnel:

Type A programs are designed to train, at the advanced graduate level, higher education faculty, researchers, or direct service providers in early intervention, special education, or related services. Type A programs culminate in a doctoral degree or provide postdoctoral learning opportunities.

**Note:** Training that leads to a Doctor of Audiology (AUD) degree is not included as part of this priority. Training programs that lead to an AUD degree are eligible to apply for funding under the Combined Personnel

Preparation priority (CFDA 84.325K) announced elsewhere in this notice.

Type B programs are designed to train, at the graduate or advanced graduate levels, special education or early intervention administrators to work in SEAs, State LAs, LEAs, local LAs, schools, or programs. The applicant, based on State certification requirements for some positions, can determine whether the proposed Type B program prepares personnel for one or more administrative positions. Type B programs prepare personnel for positions such as SEA special education administrators, LEA special education directors or regional directors, school-based special education directors, preschool coordinators, and early intervention coordinators. Type B programs culminate in a master's, education specialist, or doctoral degree. The Office of Special Education Programs (OSEP) intends to fund in FY 2010 at least three approved applications proposing Type B programs.

**Note:** The training of school principals is not included as part of this priority.

**Note:** Applicants must identify the specific program type, A or B, for which they are applying for funding as part of the competition title on the application cover sheet (SF form 424, line 4). Applicants may not submit the same proposal for more than one program type.

**Note:** This priority does not authorize the selection of trainees on the basis of race, ethnicity, gender, or disability status.

To be considered for funding under the Preparation of Leadership Personnel absolute priority, both Type A and Type B program applicants must meet the application requirements contained in the priority. All projects funded under the absolute priority also must meet the programmatic and administrative requirements specified in the priority.

The requirements of this priority are as follows:

(a) Demonstrate, in the narrative section of the application, under "Quality of Project Services," how—

(1) The program prepares leadership personnel to address the specialized needs of high-need children with disabilities (as defined in the background statement for this absolute priority). To address the needs of this population, the proposed program must—

(i) Identify the competencies needed by leadership personnel to either effectively teach others to implement, or to directly administer or conduct further research on, programs or interventions that improve the academic or functional

outcomes of high-need children with disabilities; and

(ii) Prepare leadership personnel to apply these competencies in a variety of settings, including in high-need LEAs,<sup>2</sup> high-poverty schools,<sup>3</sup> and low-performing schools, including the persistently lowest-achieving schools.<sup>4</sup>

(2) All relevant coursework for the proposed program reflects current research and pedagogy on—

(i) Participation and achievement in the general education curriculum and improved outcomes for all children with disabilities, including high-need children with disabilities;

(ii) The provision of early intervention services in natural environments to improve outcomes for infants and toddlers with disabilities, including high-need children with disabilities and their families.

(iii) The competencies needed to work in high-need LEAs (as defined in this absolute priority), high-poverty schools (as defined in this absolute priority), and low-performing schools, including the persistently lowest-achieving schools (as defined in this absolute priority).

(3) The program is designed to integrate coursework with practicum

<sup>2</sup> For purposes of this priority, the term *high-need LEA* means an LEA (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line.

<sup>3</sup> For the purposes of this priority, the term *high-poverty school* means, consistent with section 1111(h)(1)(C)(viii) of the ESEA, a school in the highest quartile of schools in the State with respect to poverty level, using a measure of poverty determined by the State.

<sup>4</sup> For purposes of this priority, the term *persistently lowest-achieving school* means, consistent with section 1003(g) of the ESEA, School Improvement Grants (74 FR 65618), as determined by the State: (i) Any Title I school in improvement, corrective action, or restructuring that (a) is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement, corrective action, or restructuring in the State, whichever number of schools is greater; or (b) is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years; and (ii) Any secondary school that is eligible for, but does not receive, Title I funds that (a) is among the lowest-achieving five percent of secondary schools or the lowest-achieving five secondary schools in the State that are eligible for, but do not receive, Title I funds, whichever number of schools is greater; or (b) is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years. To determine whether a school is a lowest-achieving school for purposes of this definition, a State must take into account both (i) The academic achievement of the "all students" group in a school in terms of proficiency on the State's assessments under section 1111(b)(3) of the ESEA in reading/language arts and mathematics combined; and (ii) The school's lack of progress on those assessments over a number of years in the "all students" group.

<sup>1</sup> For an example of standards for administrative skills, see the performance-based standards for a special education administrator developed by the Council for Exceptional Children (CEC) at: <http://www2.astate.edu/dotAsset/118756.pdf>.

opportunities (e.g., interning in a program or school serving high-need children with disabilities) that will enhance the competencies of leadership personnel to effectively—

(i) Serve in a variety of leadership positions, including positions that involve direct service, research, teacher training, or leadership at the university, SEA, State LA, LEA, local LA, school, or program level;

(ii) Work in a variety of leadership settings, particularly those in high-need LEAs with programs and schools serving high-need children with disabilities;

(iii) Collaborate and work with regular education personnel;

(iv) Incorporate universal design for learning principles<sup>5</sup> into curricula and instructional practice; and

(v) Integrate instructional and assistive technologies into the delivery of services.

(4) The proposed leadership program ensures that scholars<sup>6</sup> are knowledgeable about—

(i) Applicable laws that affect children with disabilities, including IDEA and the ESEA;

(ii) The requirements for highly qualified teachers under IDEA and the ESEA;

(iii) The strategies that foster collaboration between personnel serving children with disabilities; and

(iv) The collection, management, and use of data to improve teaching and learning for the purpose of increasing children's academic and functional outcomes.

(b) Include, in the narrative section of the application under "Quality of Project Evaluation," a clear, effective plan for evaluating the extent to which program graduates have acquired the competencies set forth in the

application as part of the proposed program. Applicants also must clearly describe, under "Quality of Project Evaluation," how the project will report these evaluation results to OSEP in the grantee's annual performance reports, the Scholar Data Report, and the project final performance report.

(c) Include, in the application appendix, all course syllabi for the proposed training program. Course syllabi must clearly incorporate research-based curriculum and pedagogy as required under paragraph (a) of this priority.

(d) Provide, in the application narrative, a detailed description of the program that includes the sequence of courses offered in the program and a comprehensive curriculum designed to meet program goals and obtain mastery in the following professional domains, as appropriate—

- (1) Research methodology;
- (2) Personnel preparation;
- (3) Policy or professional practice; or
- (4) Administration practices or techniques.

(e) Demonstrate in the application narrative the existence of national, State, or regional needs through appropriate research data. The applicant must provide evidence of the need for the leadership personnel they are proposing to train.

(f) Certify in the application that the applicant intends that all scholars recruited into the program will graduate from the program by the end of the grant's project period.

(g) Meet the statutory requirements in section 662(e) through 662(h) of IDEA,

(h) Ensure that at least 65 percent of the total requested budget per year will be used for scholar support or provide justification in the application narrative for any designation less than 65 percent. Examples of sufficient justification for proposing less than 65 percent of the budget for scholar support include:

(1) A project servicing rural areas that provides long-distance training, and requires Web Masters, adjunct professors, or mentors to operate effectively.

(2) A project that is expanding or adding a new area of emphasis to the program and, as a result of this expansion, needs additional faculty or other resources, such as expert consultants, additional training supplies, or equipment that would enhance the program.

**Note:** Applicants proposing projects to develop, expand, or add a new area of emphasis to special education, early intervention, or related services programs must provide, in their applications,

information on how these new areas will be sustained once Federal funding ends.

(i) Certify in the application that the institution will not require scholars recruited into the program to work as a condition of receiving a scholarship (e.g., as graduate assistants, unless the work is required to complete their training program). Please note that this prohibition on work as a condition of receiving a scholarship does not apply to the service obligation requirements in section 662(h) of IDEA.

(j) Budget for attendance at a three-day Project Directors' meeting in Washington, DC, during each year of the project.

(k) If the project maintains a Web site, include relevant information and documents in a format that meets government or industry-recognized standards for accessibility.

(l) Submit annual data on each scholar who receives grant support. Applicants are encouraged to visit the Personnel Development Scholar Data Report Web site at: <http://www.osepppd.org> for further information about this data collection requirement. Typically, data collection begins on or around November 1st of each year, and grantees are notified by e-mail about the data collection period for their grant. This data collection must be submitted electronically by the grantee and does not supplant the annual grant performance report required of each grantee for continuation funding (see 34 CFR 75.590).

**Competitive Preference Priorities:** Within this absolute priority, we give competitive preference to applications that meet one or more of the following priorities. For FY 2010 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities.

**Competitive Preference Priority 1:** Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Applicants that demonstrate an established relationship with a high-need LEA that will provide scholars with a high-quality practicum experience in a high-poverty school, which may include a professional development school.<sup>7</sup>

<sup>7</sup> Professional development schools are innovative partnerships between school districts and institutions of higher education that focus on four primary goals: (a) The preparation of new teachers; (b) faculty development; (c) inquiry

<sup>5</sup> For purposes of this priority, the term *universal design for learning* has the meaning provided for the term under the Higher Education Act of 1965, as amended: "a scientifically valid framework for guiding educational practice that—(A) provides flexibility in the ways information is presented, in the ways students respond or demonstrate knowledge and skills, and in the ways students are engaged; and (B) reduces barriers in instruction, provides appropriate accommodations, supports, and challenges, and maintains high achievement expectations for all students, including students with disabilities and students who are limited English proficient" (20 U.S.C. 1003(24)). For consistency across U.S. Department of Education programs, we use this definition for priorities that intend to prepare personnel to teach and work in schools and other settings.

<sup>6</sup> For the purposes of this priority, the term *scholar* means an individual who is pursuing a degree, license, endorsement, or certification related to special education, related services, or early intervention services and who receives scholarship assistance under section 662 of IDEA (see 34 CFR 304.3(g)).

*Competitive Preference Priority 2:* Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Applicants that prepare leadership personnel who will either provide direct services to, or train others who will work with, children, including infants and toddlers, who are deaf or hard of hearing to teach them listening and spoken language skills.

**Note:** Five is the maximum amount of points an applicant can receive for meeting one or both of the competitive preference priorities. The Department will fund a maximum of three applications in each of competitive preference priorities one and two with peer review scores that would not have otherwise qualified for funding without the competitive preference points.

#### *Absolute Priority 2—Combined Personnel Preparation (84.325K).*

##### Background:

State agencies, university training programs, local schools, early intervention programs, and community-based entities have emphasized the importance and difficulty of improving training programs for personnel to serve children, including infants and toddlers, with disabilities (Anderson & Hendrickson, 2007; Chang, Early, & Winton, 2005; Dymond, Gilson, & Myran, 2007). In addition, the national demand for fully credentialed early intervention, special education, and related services personnel to serve children, including infants and toddlers, with disabilities exceeds the available

supply (McLeskey & Billingsley, 2008). Federal support is needed to increase the supply of these personnel and ensure that they have the necessary skills and knowledge to be successful in serving these children.

##### Priority:

The purpose of the Combined Personnel Preparation priority is to improve the quality and increase the number of personnel who are fully credentialed to serve children, including infants and toddlers, with disabilities—especially in areas of chronic personnel shortage—by supporting projects that prepare early intervention, special education, and related services personnel at the associate, baccalaureate, master's, and specialist levels. In order to be eligible under this priority, programs must provide training and support for scholars<sup>8</sup> to complete, within the project period of the grant, a degree, State certification, professional license, or State endorsement in early intervention, special education, or a related services field. Programs preparing scholars to be special education paraprofessionals, assistants in related services professions (e.g., physical therapist assistants, occupational therapist assistants), or educational interpreters are also eligible under this priority.

Programs that provide an alternate route to certification or that support dual certification (special education and general education) for teachers are eligible as well.

**Note:** This priority does not authorize the selection of trainees on the basis of race, ethnicity, gender, or disability status.

To be considered for funding under the Combined Personnel Preparation absolute priority, applicants must meet the application requirements contained in the priority. All projects funded under this absolute priority also must meet the programmatic and administrative requirements specified in the priority. These requirements are as follows:

(a) Demonstrate, in the narrative section of the application under “Quality of Project Services,” how—

(1) Training requirements and required coursework for the proposed training program incorporate research-based practices that improve outcomes

<sup>8</sup>For the purposes of this priority the term *scholar* means an individual who is pursuing a degree, license, endorsement, or certification related to special education, related services, or early intervention services and who receives scholarship assistance under section 662 of IDEA (see 34 CFR 304.3(g)).

for children with disabilities (including relevant research citations);

(2) The program is designed to integrate coursework with practicum opportunities that will enhance the competencies of special education personnel to effectively—

(i) Serve and instruct children with disabilities;

(ii) Collaborate and work with regular education personnel;

(iii) Incorporate universal design for learning principles<sup>9</sup> into curricula and instructional practice;

(iv) Integrate instructional and assistive technologies into the delivery of services;

(v) Collect, manage, and analyze data to improve teaching and learning for the purpose of increasing student academic achievement; and

(vi) Support and work with parents and families of children with disabilities;

(3) The program prepares personnel to address the specialized needs of high-need children with disabilities.

**Note:** For the purpose of this priority, “high-need children with disabilities” refers to children (ages birth through twenty-one, depending on the State) who are eligible for services under IDEA, and who may be further disadvantaged and at risk of educational failure because they: (1) Are living in poverty, (2) are far below grade level, (3) are at risk of not graduating with a regular high school diploma on time, (4) are homeless, (5) are in foster care, (6) have been incarcerated, or (7) are English language learners.

The program prepares personnel to work with this particular population by—

(i) Identifying the competencies needed by personnel to work with high-need children with disabilities;

(ii) Preparing personnel to apply these competencies in a variety of settings, including in high-need LEAs,<sup>10</sup> high-

<sup>9</sup>For purposes of this priority, the term *universal design for learning* has the meaning provided for the term under the Higher Education Act of 1965, as amended: “a scientifically valid framework for guiding educational practice that—(A) provides flexibility in the ways information is presented, in the ways students respond or demonstrate knowledge and skills, and in the ways students are engaged; and (B) reduces barriers in instruction, provides appropriate accommodations, supports, and challenges, and maintains high achievement expectations for all students, including students with disabilities and students who are limited English proficient.” (20 U.S.C. 1003(24)) For consistency across U.S. Department of Education programs, we use this definition for priorities that intend to prepare personnel to teach and work in schools and other settings.

<sup>10</sup>For purposes of this priority, the term *high-need LEA* means a local educational agency (LEA) (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line.

directed at the improvement of practice; and (d) enhanced student achievement (National Council for Accreditation of Teacher Education, 2009).

poverty schools,<sup>11</sup> and low-performing schools, including the persistently lowest achieving schools.<sup>12</sup>

(iii) Preparing personnel to use those competencies through early intervention, special education, and related services training programs.

(4) If preparing beginning special educators, the program is designed to provide extended clinical learning opportunities,<sup>13</sup> field experiences, or supervised practica (such as an additional year), and ongoing high-quality mentoring and induction opportunities;

(5) The program includes field-based training opportunities for scholars (as defined in 34 CFR 304.3(g));

(6) The proposed training program will—

(i) Enable scholars to be highly qualified, in accordance with section 602(10) of the Individuals with Disabilities Education Act (IDEA) and 34 CFR 300.18, in the State(s) to be served by the applicant; and

(ii) Ensure that scholars are equipped with the knowledge and skills necessary to assist children in meeting State academic achievement standards; and

(7) The training program provides support to scholars through innovative

strategies that are designed to enhance scholar retention and success in the program, such as using tutors or mentors or providing extended clinical learning opportunities or other field experiences.

(b) Include, in the narrative section of the application under “Quality of Project Evaluation,” a clear, effective plan for evaluating the extent to which graduates of the training program have the knowledge and skills necessary to provide scientifically based or evidence-based instruction and services that result in improved outcomes for children with disabilities. Applicants also must clearly describe, under “Quality of Project Evaluation,” how the project will report these evaluation results to the Office of Special Education Programs (OSEP) in the grantee’s annual performance reports, the Scholar Data Report, and the project final performance report.

(c) Include, in the application appendix, all course syllabi for the proposed training program. Course syllabi must incorporate research-based curriculum and pedagogy as required under paragraph (a) of this priority.

(d) Certify in the application that the applicant intends that all scholars recruited into the program will graduate from the program by the end of the grant’s project period.

(e) Certify in the application that the institution will not require scholars recruited into the program to work as a condition of receiving a scholarship (e.g., as graduate assistants, unless the work is required to complete their training program). Please note that this prohibition on work as a condition of receiving a scholarship does not apply to the service obligation requirements in section 662(h) of IDEA.

(f) Meet the statutory requirements contained in section 662(e) through 662(h) of IDEA.

(g) Ensure that at least 65 percent of the total requested budget per year be used for scholar support.

(h) Budget for attendance at a three-day Project Directors’ meeting in Washington, DC, during each year of the project.

(i) If the project maintains a Web site, include relevant information and documents in a form that meets government or industry-recognized standards for accessibility.

(j) Submit annual data on each scholar who receives grant support. Applicants are encouraged to visit the Personnel Development Scholar Data Report Web site at <http://www.oseppd.org> for further information about this data collection requirement. Typically, data collection begins on or around

November 1st of each year, and grantees are notified by e-mail about the data collection period for their grant. This data collection must be submitted electronically by the grantee and does not supplant the annual grant performance report required of each grantee for continuation funding (see 34 CFR 75.590).

*Focus Areas:*

Within this absolute priority, the Secretary intends to support projects under the following five focus areas: (A) Training Personnel to Serve Infants, Toddlers, and Preschool-Age Children with Disabilities; (B) Training Personnel to Serve School-Age Children with Low-Incidence Disabilities; (C) Training Personnel to Provide Related Services to Children, Including Infants and Toddlers, with Disabilities; (D) Training Personnel in Minority Institutions to Serve Children, Including Infants and Toddlers, with Disabilities; and (E) Training Personnel to Provide Secondary Transition Services to School-Age Children with Disabilities.

**Note:** Applicants must identify the specific focus area (i.e., A, B, C, D, or E) under which they are applying as part of the competition title on the application cover sheet (SF form 424, line 4). Applicants may not submit the same proposal under more than one focus area.

*Focus Area A: Training Personnel to Serve Infants, Toddlers, and Preschool-Age Children with Disabilities.* For the purpose of Focus Area A, *early intervention personnel* are those who are trained to provide services to infants and toddlers with disabilities ages birth to three, and *early childhood personnel* are those who are trained to provide services to children with disabilities ages three through five (in States where the age range is other than ages three through five, we will defer to the State’s certification for early childhood). In States where certification in early intervention is combined with certification in early childhood, applicants may propose a combined early intervention and early childhood training project under this focus area. We encourage interdisciplinary projects under this focus area. For purposes of this focus area, interdisciplinary projects are projects that implement common core content and practica experiences across disciplines for early intervention providers or early childhood special educators, and related services personnel to serve infants, toddlers, and preschool-age children with disabilities. Projects training only related services personnel to serve infants, toddlers, and preschool-age children with disabilities are *not*

<sup>11</sup> For purposes of this priority, the term *high-poverty school* means, consistent with section 1111(h)(1)(C)(viii) of the ESEA, a school in the highest quartile of schools in the State with respect to poverty level, using a measure of poverty determined by the State.

<sup>12</sup> For purposes of this priority, the term *persistently lowest-achieving school* means, consistent with section 1003(g) of the ESEA, School Improvement Grants (74 FR 65618), as determined by the State: (i) Any Title I school in improvement, corrective action, or restructuring that (a) Is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement, corrective action, or restructuring in the State, whichever number of schools is greater; or (b) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years; and (ii) Any secondary school that is eligible for, but does not receive, Title I funds that (a) Is among the lowest-achieving five percent of secondary schools or the lowest-achieving five secondary schools in the State that are eligible for, but do not receive, Title I funds, whichever number of schools is greater; or (b) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years. To determine whether a school is a lowest-achieving school for purposes of this definition, a State must take into account both (i) The academic achievement of the “all students” group in a school in terms of proficiency on the State’s assessments under section 1111(b)(3) of the ESEA in reading/language arts and mathematics combined; and (ii) The school’s lack of progress on those assessments over a number of years in the “all students” group.

<sup>13</sup> For the purposes of this priority, the term *clinical learning opportunities* are a method of instruction for students to apply knowledge and skills in highly controlled or simulated situations to ensure that they possess needed skills and competencies prior to entering actual or typical environments with children with disabilities.

eligible under this focus area (see Focus Area C).

*Focus Area B: Training Personnel to Serve School-Age Children with Low-Incidence Disabilities.* For the purpose of Focus Area B, personnel who serve children with low-incidence disabilities are special education personnel, including paraprofessionals, trained to serve school-age children with low-incidence disabilities including visual impairments, hearing impairments, simultaneous vision and hearing impairments, significant cognitive impairments (severe mental retardation), orthopedic impairments, autism, and traumatic brain injury. Programs preparing special education personnel to provide services to visually impaired or blind children that can be appropriately provided in braille must prepare those individuals to provide those services in braille. Projects training educational interpreters are eligible under this focus area. Projects training other related services, speech and language, or adapted physical education personnel are *not* eligible under this focus area (see Focus Area C). Projects training special education early intervention or preschool personnel are *not* eligible under this focus area (see Focus Area A).

*Focus Area C: Training Personnel to Provide Related Services to Children, Including Infants and Toddlers, with Disabilities.* Programs training related services personnel to serve children, including infants and toddlers, with disabilities are eligible within Focus Area C. For the purpose of this focus area, related services include, but are not limited to, psychological services, physical therapy (including therapy provided by personnel trained at the Doctor of Physical Therapy (DPT) level), adapted physical education, occupational therapy, therapeutic recreation, social work services, counseling services, audiology services (including services provided by personnel trained at the Doctor of Audiology (DAud) level), and speech and language services. Training programs in States where personnel trained to serve children with speech and language impairments are considered to be special educators are eligible under this focus area. Projects training educational interpreters are *not* eligible under this focus area (see Focus Area B).

*Focus Area D: Training Personnel in Minority Institutions to Serve Children, Including Infants and Toddlers, with Disabilities.* Programs in minority institutions are eligible under Focus Area D if they train: (a) Personnel to serve one or more of the following:

Infants, toddlers, and preschool-age children with disabilities; (b) personnel to serve school-age children with low-incidence disabilities; (c) personnel to provide related services to children, including infants and toddlers, with disabilities; or (d) personnel to provide secondary transition services to school-age children with disabilities. Minority institutions include institutions with a minority enrollment of 25 percent or more, which may include Historically Black Colleges and Universities, Tribal Colleges, and Predominantly Hispanic Serving Colleges and Universities. Programs in minority institutions training personnel in Focus Areas A, B, C, and E are eligible within Focus Area D. Programs that are training high-incidence special education personnel are *not* eligible under this priority (for the purpose of this priority "high-incidence disabilities" refers to learning disabilities, emotional disturbance, or mental retardation). However, programs that are training high-incidence special education personnel are eligible under Absolute Priority 3 described elsewhere in this notice.

**Note:** A project funded under Focus Area D may budget for less than 65 percent, the required percentage, for scholar support if the applicant can provide sufficient justification for any designation less than this required percentage. Sufficient justification for proposing less than 65 percent of the budget for scholar support would include support for activities such as program development, program expansion, or the addition of a new area of emphasis. Some examples of projects that may be eligible to designate less than 65 percent of their budget for scholar support include the following:

(1) A project that is proposing to start a new program may request up to a year for program development and capacity building. In the initial project year, no scholar support would be required. Instead, a project could hire a new faculty member or a consultant to assist in program development.

(2) A project that is proposing to build capacity may hire a field supervisor so that additional scholars can be trained.

(3) A project that is proposing to expand or add a new area of emphasis to the program may hire additional faculty or obtain other resources such as expert consultants, additional training supplies, or equipment that would enhance the program.

**Note:** Applicants proposing projects to develop, expand, or add a new area of emphasis to special education or related services programs must provide, in their applications, information on how these new areas will be sustained once Federal funding ends.

*Focus Area E: Training Personnel to Provide Secondary Transition Services to School-Age Children with Disabilities.* Programs that offer a sequence of career, vocational, or secondary transition

courses or that enable personnel to meet State requirements for a credential or endorsement in secondary transition services for children with disabilities are eligible under Focus Area E.

Eligible applicants must establish partnerships with the appropriate personnel in the institution's vocational rehabilitation counseling and career and technical education programs, if those programs are offered at the institution. Funds may be used to support faculty from those programs for their involvement in the activities outlined in this priority. Applicants must also provide documentation of the partnership in the form of a letter from the Dean or Department Chair. This letter must describe how the faculty from those programs will be involved in the partnership (e.g., involvement in the design and delivery of courses and the supervision of scholar practicum experiences).

*Competitive Preference Priorities:* Within this absolute priority, we give competitive preference to applications that meet one or more of the following priorities. For FY 2010 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities.

*Competitive Preference Priority 1:* Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Applicants that design, field-test, and implement, as part of the evaluation described pursuant to paragraph (b) of the absolute priority under "Quality of Project Evaluation," a clear, effective plan for evaluating the knowledge and skills of graduates using a methodology that: (1) Tracks graduates after they exit from a training program; and (2) is sufficiently rigorous to yield reliable information on the quality of services provided by program graduates. Applicants must also discuss how they intend to use results and findings from this evaluation as a basis for enhancing the curriculum, pedagogy, and other elements of the training program receiving support.

The applicant can use up to \$25,000 of the total award in each of years 1 and 2 for designing and field-testing the evaluation plan and can use up to \$100,000 in each of years 3 and 4 for implementing the evaluation plan. Funds for the design, field testing, and implementation of the evaluation plan are not subject to the requirement to use at least 65 percent of the total requested budget per year for scholar support.

*Competitive Preference Priority 2:*

Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Applicants that demonstrate an established relationship with a high-need LEA (as defined in this absolute priority) that will provide scholars with a high-quality practicum experience in a high-poverty school (as defined in the absolute priority), which may include a professional development school,<sup>14</sup> and opportunities for research-based professional development on strategies to better serve high-need children with disabilities.

*Competitive Preference Priority 3:*

Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

In Focus Area D, applicants that document that they are institutions with minority enrollment of 50 percent or more.

*Competitive Preference Priority 4:*

Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

In Focus Areas A, B, C, and D, applicants that prepare personnel who work with children, including infants and toddlers, who are deaf or hard of hearing to teach them listening and spoken language skills.

**Note:** Five is the maximum amount of points an applicant can receive for meeting competitive preference priorities 2, 3, or 4. Ten is the maximum amount of points an applicant can receive for meeting competitive preference priority 1 and either of competitive preference priorities 2, 3, or 4. Also, the Department will fund a maximum of three applications in each of the Focus Areas, with peer review scores that would not have otherwise qualified for funding without the competitive preference points.

*Absolute Priority 3—Special Education Preservice Program Improvement Grants (84.325T).**Background:*

State educational agencies, institutions of higher education (IHEs), and local educational agencies (LEAs) consistently report that personnel preparation programs for kindergarten through grade 12 (K–12) special education teachers should be restructured or redesigned so that graduates of these programs meet the highly qualified teacher (HQT) requirements in the Individuals with Disabilities Education Act (IDEA). To accomplish this goal, personnel preparation programs must ensure that their graduates who expect to be providing instruction in a core academic subject are able to meet State special education certification or licensure requirements, as well as have the necessary content knowledge, consistent with the HQT requirements in IDEA.

In A Blueprint for Reform: The Reauthorization of the Elementary and Secondary Education Act (ESEA) (Blueprint),<sup>15</sup> the Department emphasizes research that shows that “top-performing teachers can make a dramatic difference in the achievement of their students, and suggests that the impact of being assigned to top-performing teachers year after year is enough to significantly narrow achievement gaps.” Reflecting this research, in both the Race to the Top competition<sup>16</sup> and the Blueprint, the Department has called for a focus on teacher effectiveness, determined by multiple measures, including in significant part the growth of each teacher’s students. High-quality information on teacher effectiveness that is based on multiple measures can be used to provide feedback to teachers for on-going improvement and support every teacher’s access to effective preparation, on-going support, recognition, and the collaboration

opportunities he or she needs to succeed.

*Priority:*

The purpose of this priority is to support the improvement and restructuring (through expansion or redesign) of K–12 special education teacher preparation programs to ensure that program graduates meet the HQT requirements in IDEA and effectively serve children with high-incidence disabilities. For the purposes of this priority, the term *high-incidence disabilities* refers to learning disabilities, emotional disturbance, or mental retardation. In order to be eligible under this priority, applicants must currently prepare special education personnel (at the baccalaureate or master’s level) to serve school-age children with high-incidence disabilities.

**Note:** This priority only supports the improvement or restructuring of existing programs for high-incidence personnel, through, for example, the expansion of a program for elementary school teachers to include a program for secondary school teachers serving children with high-incidence disabilities. This priority does not support the development of new programs for high-incidence personnel. In addition, this priority does not support the improvement of programs in institutions of higher education (IHEs) that are preparing preschool teachers.

**Note:** This priority does not authorize the selection of trainees on the basis of race, ethnicity, gender, or disability status.

To be considered for funding under the Special Education Preservice Program Improvement Grants priority, applicants must meet the application requirements contained in the priority. All projects funded under the absolute priority also must meet the programmatic and administrative requirements specified in the priority. The requirements of this priority are as follows:

- (a) Demonstrate, in the narrative section of the application under “Quality of Project Services,” how—
- (1) The first year of the project period will be used for planning an improved or restructured K–12 teacher preparation program that includes induction and mentoring for program participants in LEAs. The planning activities during the first year must include revising curriculum; integrating evidence-based interventions that improve outcomes for children with high-incidence disabilities into the improved or restructured program (including providing research citations for those evidence-based interventions); and coordinating with the IDEA '04 and Research For Inclusive Settings (IRIS) Center for Training Enhancements on

<sup>14</sup> For the purposes of this priority the term *professional development schools* are innovative partnerships between school districts and institutions of higher education that focus on four primary goals: (a) The preparation of new teachers; (b) faculty development; (c) inquiry directed at the improvement of practice; and (d) enhanced student achievement (National Council for Accreditation of Teacher Education, 2009).

<sup>15</sup> The following Web site provides more information on A Blueprint for Reform: The Reauthorization of the Elementary and Secondary Education Act (ESEA): <http://www2.ed.gov/policy/elsec/leg/blueprint/blueprint.pdf>.

<sup>16</sup> The following Web site provides more information on the Race to the Top competition: <http://www2.ed.gov/programs/racetothetop/index.html>.

the use of its Web-based training modules (see <http://www.iris.peabody.vanderbilt.edu>). Applicants must describe first-year activities and include a five-year timeline and implementation plan in their applications. This plan must describe the proposed project activities associated with implementation of the improved or restructured program. Implementation of the plan may not begin without approval from OSEP;

(2) The improved or restructured program is designed to integrate coursework with practicum opportunities that will enhance the competencies of beginning special education teachers to—

(i) Collaborate and work with general education teachers and other personnel to:

(A) Provide effective services and instruction in academic subjects to children with high-incidence disabilities in K–12 general education classrooms; and

(B) Address the challenges of serving high-need children with disabilities.

**Note:** For the purpose of this priority, “high-need children with disabilities” refers to children (ages birth through twenty-one, depending on the State) who are eligible for services under IDEA, and who may be further disadvantaged and at risk of educational failure because they: (1) Are living in poverty, (2) are far below grade level, (3) are at risk of not graduating with a regular high school diploma on time, (4) are homeless, (5) are in foster care, (6) have been incarcerated, or (7) are English language learners.

(ii) Incorporate universal design for learning principles<sup>17</sup> into curricula and instructional practice;

(iii) Integrate instructional and assistive technologies into the delivery of services;

(iv) Collect, manage, and analyze data to improve teaching and learning for the purpose of increasing student academic achievement; and

(v) Support and work with parents and families of children with disabilities;

(3) The improved or restructured program is designed to prepare special

<sup>17</sup> For purposes of this priority, the term *universal design for learning* under the Higher Education Act of 1965, as amended: “a scientifically valid framework for guiding educational practice that— (A) provides flexibility in the ways information is presented, in the ways students respond or demonstrate knowledge and skills, and in the ways students are engaged; and (B) reduces barriers in instruction, provides appropriate accommodations, supports, and challenges, and maintains high achievement expectations for all students, including students with disabilities and students who are limited English proficient” (20 U.S.C. 1003(24)). For consistency across U.S. Department of Education programs, we use this definition for priorities that intend to prepare personnel to teach and work in schools and other settings.

education teachers to address the specialized needs of high-need children with disabilities (as defined in this absolute priority) with high-incidence disabilities by identifying the competencies that special education teachers need to work effectively with this population;

(4) The improved or restructured program is designed to provide extended clinical learning opportunities,<sup>18</sup> field experiences, or supervised practica and ongoing high-quality mentoring and induction opportunities in local schools. Applicants also must demonstrate how they will collaborate with the National Center to Inform Policy and Practice in Special Education Professional Development in designing the program to provide extended clinical learning opportunities, field experiences, or supervised practica (see <http://www.ncipp.org>);

(5) The improved or restructured program is designed to include field-based training opportunities in diverse settings including high-need LEAs,<sup>19</sup> high-poverty schools,<sup>20</sup> and low-performing schools, including the persistently lowest-achieving schools;<sup>21</sup>

<sup>18</sup> Clinical learning opportunities are a method of instruction for students to apply knowledge and skills in highly controlled or simulated situations to ensure that they possess needed skills and competencies prior to entering actual or typical environments with children with disabilities.

<sup>19</sup> For purposes of this priority, the term *high-need LEA* means an LEA (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line.

<sup>20</sup> For purposes of this priority, the term *high-poverty school* means, consistent with section 1111(h)(1)(C)(viii) of the ESEA, a school in the highest quartile of schools in the State with respect to poverty level, using a measure of poverty determined by the State.

<sup>21</sup> For purposes of this priority, the term *persistently lowest-achieving school* means, consistent with the section 1003(g) of the ESEA, School Improvement Grants (74 FR 65618), as determined by the State: (i) Any Title I school in improvement, corrective action, or restructuring that (a) is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement, corrective action, or restructuring in the State, whichever number of schools is greater; or (b) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years; and (ii) Any secondary school that is eligible for, but does not receive, Title I funds that (a) Is among the lowest-achieving five percent of secondary schools or the lowest-achieving five secondary schools in the State that are eligible for, but do not receive, Title I funds, whichever number of schools is greater; or (b) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years. To determine whether a school is a lowest-achieving school, a State must take into account both (i) The academic achievement of the “all

(6) The improved or restructured program will—

(i) Enable scholars<sup>22</sup> to be highly qualified, in accordance with section 602(10) of IDEA and 34 CFR 300.18, in the State(s) to be served by the applicant; and

(ii) Ensure that scholars are equipped with the knowledge and skills necessary to assist children in meeting State academic achievement standards;

(7) The improved or restructured program is designed to provide support systems (including tutors, mentors, and other innovative practices) to enhance retention in and successful completion of the program; and

(8) The improved or restructured program will be maintained once Federal funding ends.

(b) For programs that will be restructured to produce graduates who meet the HQT requirements for teachers who teach core academic subjects, applicants must establish partnerships with the appropriate academic departments. Funds may be used to support faculty from the academic departments for their involvement in the activities outlined in paragraph (a)(4) of this priority. To address this requirement, applications must—

(1) Describe how representatives of relevant academic departments with expertise in the core academic subjects being addressed in the application will be involved in the partnership;

(2) Provide evidence that such partnerships will include a permanent faculty member from the appropriate academic departments, who will be involved in developing the overall project and designing the curriculum used to train scholars in the particular core academic subject; and

(3) Provide evidence that permanent faculty members from the appropriate academic departments participated in the design of the program.

(c) Include, in the narrative section of the application under “Quality of Project Evaluation,” a clear, effective plan for evaluating the extent to which graduates of the training program have the knowledge and skills necessary to provide scientifically based or evidence-based instruction and services that

students” group in a school in terms of proficiency on the State’s assessments under section 1111(b)(3) of the ESEA in reading/language arts and mathematics combined; and (ii) The school’s lack of progress on those assessments over a number of years in the “all students” group.

<sup>22</sup> For the purposes of this priority, the term *scholar* means an individual who is pursuing a degree, license, endorsement, or certification related to special education, related services, or early intervention services and who receives scholarship assistance under section 662 of IDEA (see 34 CFR 304.3(g)).

result in improved outcomes for children with disabilities. This plan must include a description of how the project will—

(1) Track training program graduates after they exit from the training program;

(2) Collect reliable data on the academic outcomes of students with high-incidence disabilities receiving special education and related services from program graduates; and

(3) Assess the quality of services provided by program graduates using student academic outcomes data, and data on other student outcomes as appropriate. Applicants must discuss how they intend to use any results and findings from this evaluation as a basis for informing and validating any proposed changes to the improved or restructured program. Applicants also must clearly describe, under “Quality of Project Evaluation,” how the project will report these evaluation results to OSEP in the grantee’s annual performance reports and final performance report.

(d) Include, in the application appendix, all course syllabi for the existing teacher preparation program.

(e) Submit to the Department, at the end of the first year of the project period, revised syllabi for the improved teacher preparation program.

(f) Meet the statutory requirements in section 662(e) through 662(f) of IDEA.

(g) Budget for planning and improvement activities, including activities to be performed by consultants. This priority does not provide financial support for scholars during any year of the project.

(h) Budget for attendance at a three-day Project Directors’ meeting in Washington, DC, during each year of the project.

(i) If the project maintains a Web site, include relevant information and documents in a form that meets government or industry-recognized standards for accessibility.

**Competitive Preference Priorities:** Within this absolute priority, we give

competitive preference to applications that address the following priority. For FY 2010 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities.

**Competitive Preference Priority 1:** Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

**Competitive Preference Points Based on Collaborative Activities with an SEA or State Licensing Agency.**

Applicants that document how the project will collaborate with the SEA or State teacher licensing agency on issues of program improvement that affect teacher quality and effectiveness. For purposes of this competitive preference priority, documentation must include at least a letter from both the Dean and Department Chair of the appropriate college or department that supports high-incidence special education teacher preparation and from the relevant SEA or State teacher licensing agency verifying their intent to collaborate to improve teacher quality and effectiveness. The letter must include examples of the methods to be used for collaboration (*i.e.*, establishing a statewide consortium of teacher preparation programs for program improvement, program evaluation support, or other activities that would directly support program improvement of the projects within that State).

**Competitive Preference Priority 2:** Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

**Competitive Preference Points Based on Dual Certification (*i.e.*, high-incidence disabilities and regular education).**

Applicants that document that the improved or restructured program will prepare graduates to be dually certified in high-incidence disabilities and regular education. Documentation for

purposes of this competitive preference priority must include at least a letter from both the Dean or Department Chair of the appropriate college or department that supports high-incidence special education teacher preparation and from the Dean or Department Chair of the appropriate college or department that prepares regular education teachers verifying their intent to collaborate to ensure that the improved or restructured program will prepare graduates to be dually certified in high-incidence disabilities and regular education. The applicant must include examples of collaboration in the letter of intent.

**Waiver of Proposed Rulemaking:** Under the Administrative Procedure Act (APA) (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities and requirements. Section 681(d) of IDEA, however, makes the public comment requirements of the APA inapplicable to the priorities in this notice.

**Program Authority:** 20 U.S.C. 1462 and 1481.

**Applicable Regulations:** (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99. (b) The regulations for this program in 34 CFR part 304.

**II. Award Information**

**Type of Awards:** Discretionary grants for competitions CFDA 84.325D and 84.325K, and cooperative agreements for competition CFDA 84.325T.

**Estimated Available Funds:** \$22,900,000.

**Estimated Range of Awards:** See chart.

**Estimated Average Size of Awards:** See chart.

**Maximum Award:** See chart.

**Estimated Number of Awards:** See chart.

**Project Period:** See chart.

\*We will reject any application that proposes a budget exceeding the maximum award for a single budget period of 12 months. The Assistant Secretary for Special Education and Rehabilitative Services may change the maximum amount through a notice published in the **Federal Register**.

\*\*For the *Special Education Preservice Program Improvement Grants*, 84.325T competition:

**Note:** We will reject any application that proposes a budget exceeding the maximum award for a single budget period of 12 months.

**Note:** No more than one cooperative agreement will be awarded per IHE during the five-year project period. Programs in minority institutions that are preparing special education teachers of children with high-incidence disabilities are eligible to apply under this competition. For purposes of this competition, the term “minority institutions” include IHEs with a minority enrollment of 25 percent or more, which may include Historically Black Colleges and Universities, Tribal Colleges, and Predominantly Hispanic Serving Colleges and Universities.

**Note:** The Department is not bound by any estimates in this notice.

**III. Eligibility Information**

1. *Eligible Applicants:* Institutions of higher education (IHEs).

**Note:** For *Absolute Priority 2—Special Education Preservice Program Improvement Grants* (84.325T), programs in IHEs that are preparing preschool teachers are not eligible to apply under that competition.

2. *Cost Sharing or Matching:* This program does not require cost sharing or matching.

3. *Other: General Requirements—(a)* The projects funded under this program must make positive efforts to employ and advance in employment qualified individuals with disabilities (see section 606 of IDEA).

(b) Each applicant and grant recipient funded under this program must involve individuals with disabilities or parents of individuals with disabilities ages

birth through 26 in planning, implementing, and evaluating the project (see section 682(a)(1)(A) of IDEA).

**IV. Application and Submission Information**

1. *Address to Request Application Package:* Education Publications Center (ED Pubs), U.S. Department of Education, P.O. Box 22207, Alexandria, VA 22304. Telephone, toll free: 1–877–433–7827. FAX: (703) 605–6794. If you use a telecommunications device for the deaf (TDD), call, toll free: 1–877–576–7734.

You can contact ED Pubs at its Web site, also: <http://www.EDPubs.gov> or at its e-mail address: [edpubs@inet.ed.gov](mailto:edpubs@inet.ed.gov).

If you request an application from ED Pubs, be sure to identify the competition

as follows: CFDA number 84.325D, 84.325K, or 84.325T.

Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or computer diskette) by contacting the person or team listed under *Accessible Format* in section VIII of this notice.

2. *Content and Form of Application Submission:* Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition.

*Page Limit:* The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit Part III

to the equivalent of no more than 50 pages using the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, the references, or the letters of support. However, you must include all of the application narrative in Part III.

We will reject your application if you exceed the page limit; or if you apply other standards and exceed the equivalent of the page limit.

### 3. Submission Dates and Times:

*Applications Available:* See chart.

*Deadline for Transmittal of Applications:* See chart.

Applications for grants under this program may be submitted electronically using the Electronic Grant Application System (e-Application) accessible through the Department’s e-Grants site, or in paper format by mail or hand delivery. For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery, please refer to section IV.7. *Other Submission Requirements* of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under *For Further Information Contact* in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual’s application remains subject to all other requirements and limitations in this notice.

*Deadline for Intergovernmental Review:* See chart.

4. *Intergovernmental Review:* This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372

is in the application package for the competitions announced in this notice.

5. *Funding Restrictions:* We reference regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

6. *Data Universal Numbering System Number, Taxpayer Identification Number, and Central Contractor Registry:* To do business with the Department of Education, (1) you must have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN); (2) you must register both of those numbers with the Central Contractor Registry (CCR), the Government’s primary registrant database; and (3) you must provide those same numbers on your application.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2–5 weeks for your TIN to become active.

The CCR registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

### 7. Other Submission Requirements:

Applications for grants under the competitions announced in this notice may be submitted electronically or in paper format by mail or hand delivery.

#### a. *Electronic Submission of Applications.*

If you choose to submit your application to us electronically, you must use e-Application, accessible through the Department’s e-Grants Web site at: <http://e-grants.ed.gov>.

While completing your electronic application, you will be entering data online that will be saved into a database. You may not e-mail an electronic copy of a grant application to us.

Please note the following:

- Your participation in e-Application is voluntary.

- You must complete the electronic submission of your grant application by 4:30:00 p.m., Washington, DC time, on the application deadline date. E-Application will not accept an

application for this program after 4:30:00 p.m., Washington, DC time, on the application deadline date.

Therefore, we strongly recommend that you do not wait until the application deadline date to begin the application process.

- The hours of operation of the e-Grants Web site are 6:00 a.m. Monday until 7:00 p.m. Wednesday; and 6:00 a.m. Thursday until 8:00 p.m. Sunday, Washington, DC time. Please note that, because of maintenance, the system is unavailable between 8:00 p.m. on Sundays and 6:00 a.m. on Mondays, and between 7:00 p.m. on Wednesdays and 6:00 a.m. on Thursdays, Washington, DC time. Any modifications to these hours are posted on the e-Grants Web site.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications. You must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password protected file, we will not review that material.

- Your electronic application must comply with any page limit requirements described in this notice.

- Prior to submitting your electronic application, you may wish to print a copy of it for your records.

- After you electronically submit your application, you will receive an automatic acknowledgment that will include a PR/Award number (an identifying number unique to your application).

- Within three working days after submitting your electronic application, fax a signed copy of the SF 424 to the Application Control Center after following these steps:

- (1) Print SF 424 from e-Application.

- (2) The applicant’s Authorizing Representative must sign this form.

- (3) Place the PR/Award number in the upper right hand corner of the hard-copy signature page of the SF 424.

- (4) Fax the signed SF 424 to the Application Control Center at (202) 245–6272.

• We may request that you provide us original signatures on other forms at a later date.

*Application Deadline Date Extension in Case of System Unavailability:* If you are prevented from electronically submitting your application on the application deadline date because e-Application is unavailable, we will grant you an extension of one business day to enable you to transmit your application electronically, by mail, or by hand delivery. We will grant this extension if—

(1) You are a registered user of e-Application and you have initiated an electronic application for this competition; and

(2)(a) E-Application is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

(b) E-Application is unavailable for any period of time between 3:30 p.m. and 4:30:00 p.m., Washington, DC time, on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm our acknowledgment of any system unavailability, you may contact either (1) the person listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** (see VII. Agency Contact) or (2) the e-Grants help desk at 1-888-336-8930. If e-Application is unavailable due to technical problems with the system and, therefore, the application deadline is extended, an e-mail will be sent to all registered users who have initiated an e-Application.

Extensions referred to in this section apply only to the unavailability of e-Application. If e-Application is available, and, for any reason, you are unable to submit your application electronically or you do not receive an automatic acknowledgment of your submission, you may submit your application in paper format by mail or hand delivery in accordance with the instructions in this notice.

b. *Submission of Paper Applications by Mail.*

If you submit your application in paper format by mail (through the U.S. Postal Service or a commercial carrier), you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA number 84.325D, 84.325K, or 84.325T), LBJ Basement Level, 400 Maryland Avenue, SW., Washington, DC 20202-4260.

You must show proof of mailing consisting of one of the following:

(1) A legibly dated U.S. Postal Service postmark.

(2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.

(3) A dated shipping label, invoice, or receipt from a commercial carrier.

(4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

(1) A private metered postmark.

(2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

**Note:** The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. *Submission of Paper Applications by Hand Delivery.*

If you submit your application in paper format by hand delivery, you (or a courier service) must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA number 84.325D, 84.325K, or 84.325T), 550 12th Street, SW., Room 7041, Potomac Center Plaza, Washington, DC 20202-4260.

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

**Note for Mail or Hand Delivery of Paper Applications:** If you mail or hand deliver your application to the Department—

(1) You must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this grant notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

## V. Application Review Information

1. *Selection Criteria:* The selection criteria for this program are from 34 CFR 75.210 and are listed in the application package.

2. *Review and Selection Process:* In the past, the Department has had difficulty finding peer reviewers for certain competitions, because so many individuals who are eligible to serve as peer reviewers have conflicts of interest. The Standing Panel requirements under IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary grant competitions, applications may be separated into two or more groups and ranked and selected for funding within specific groups. This procedure will make it easier for the Department to find peer reviewers, by ensuring that greater numbers of individuals who are eligible to serve as reviewers for any particular group of applicants will not have conflicts of interest. It also will increase the quality, independence, and fairness of the review process, while permitting panel members to review applications under discretionary grant competitions for which they also have submitted applications. However, if the Department decides to select an equal number of applications in each group for funding, this may result in different cut-off points for fundable applications in each group.

## VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more

frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures*: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Personnel Development to Improve Services and Results for Children with Disabilities program. These measures include: (1) The percentage of projects that incorporate scientifically based practices into the curriculum; (2) the percentage of scholars who exit training programs prior to completion due to poor academic performance; (3) the percentage of degree or certification recipients who are working in the area(s) for which they were trained upon program completion; (4) the percentage of degree or certification recipients who are working in the area(s) for which they were trained upon program completion and are fully qualified under IDEA; (5) the percentage of scholars completing the IDEA-funded training programs who are knowledgeable and skilled in scientifically based practices for children, including infants and toddlers, with disabilities; (6) the percentage of low-incidence positions that are filled by personnel who are fully qualified under IDEA; and (7) the percentage of program graduates who maintain employment for three or more years in the area(s) for which they were trained.

Grantees may be asked to participate in assessing and providing information on these aspects of program quality.

## VII. Agency Contact

See chart in the *Award Information* section in this notice for the name, room number and telephone number of the contact person for each competition. You can write to the contact person at the following address: U.S. Department of Education, 400 Maryland Avenue, SW., Potomac Center Plaza (PCP), Washington, DC 20202-2600.

If you use a TDD, call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

## VIII. Other Information

*Accessible Format*: Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or computer diskette) by contacting the Grants and Contracts Services Team, U.S. Department of

Education, 400 Maryland Avenue, SW., room 5075, PCP, Washington, DC 20202-2550. Telephone: (202) 245-7363. If you use a TDD, call the FRS, toll free, at 1-800-877-8339.

*Electronic Access to This Document*: You can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Adobe Portable Document Format (PDF) on the Internet at the following site: <http://www.ed.gov/news/fedregister>. To use PDF you must have Adobe Acrobat Reader, which is available free at this site.

**Note**: The official version of this document is the document published in the **Federal Register**. Free Internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available on GPO Access at: <http://www.gpoaccess.gov/nara/index.html>.

Dated: June 9, 2010.

**Alexa Posny**,

*Assistant Secretary for Special Education and Rehabilitative Services.*

## DEPARTMENT OF EDUCATION

### Office of Postsecondary Education

#### Overview Information Fund for the Improvement of Postsecondary Education (FIPSE)—Comprehensive Program; Notice Inviting Applications for New Awards for Fiscal Year (FY) 2010.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.116B.

*DATES: Applications Available:* June 14, 2010.

*Deadline for Transmittal of Applications:* July 29, 2010.

*Deadline for Intergovernmental Review:* September 27, 2010.

#### Full Text of Announcement

##### I. Funding Opportunity Description

*Purpose of Program*: The Comprehensive Program supports innovative grants and cooperative agreements to improve postsecondary education. It supports reforms, innovations, and significant improvements of postsecondary education that respond to problems of national significance and serve as national models.

*Priorities*: Under this competition we are particularly interested in applications that address the following priorities.

*Invitational Priorities*: For FY 2010, these priorities are invitational

priorities. Under 34 CFR 75.105(c)(1) we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

##### *Invitational Priority 1.*

Under this priority, we are particularly interested in centers of excellence for teacher preparation as described in section 242 of the Higher Education Act of 1965, as amended (HEA).

##### *Invitational Priority 2.*

Under this priority, we are particularly interested in university sustainability initiatives as described in section 881 of HEA.

##### *Invitational Priority 3.*

Under this priority, we are particularly interested in rural development initiatives for rural-serving colleges and universities as described in section 861 of HEA.

##### *Invitational Priority 4.*

Under this priority, we are particularly interested in initiatives to assist highly qualified minorities and women to acquire doctoral degrees in fields where they are underrepresented as described in section 807 of HEA.

##### *Invitational Priority 5.*

Under this priority, we are particularly interested in modeling and simulation programs as described in section 891 of HEA.

##### *Invitational Priority 6.*

Under this priority, we are particularly interested in higher education consortia to design and offer interdisciplinary programs that focus on poverty and human capability as described in section 741(a)(11) of HEA.

##### *Invitational Priority 7.*

Under this priority, we are particularly interested in innovative postsecondary models to improve college matriculation and graduation rates, including activities to facilitate transfer of credits between institutions of higher education (IHEs), alignment of curricula on a State or multi-State level between high schools and colleges and between two-year and four-year postsecondary programs, dual enrollment, articulation agreements, partnerships between high schools and community colleges, and partnerships between K-12 organizations and colleges for college access and retention programs.

##### *Invitational Priority 8.*

Under this priority, we are particularly interested in activities to develop or enhance educational partnerships and cross-cultural cooperation between postsecondary educational institutions in the United States and similar institutions in Haiti.
