SUPPLEMENTARY INFORMATION:

The Dietary Guidelines Advisory Committee Report: The thirteen-member Dietary Guidelines Advisory Committee was appointed by USDA and HHS in October 2008 to assist both Departments in providing sound and current dietary guidance to consumers. Section 301 of

Public Law 101-445 (7 U.S.C. 5341, the National Nutrition Monitoring and Related Research Act of 1990, Title III) directs the Secretaries of USDA and HHS to publish the *Dietary Guidelines for Americans* at least every five years. During its first meeting on October 30-31, 2008, the Committee decided that the science had changed since the 2005 (sixth) edition of the Dietary Guidelines for Americans and that a revision to the current Dietary Guidelines was necessary. The Committee has finalized its recommendations and submitted its Report to the Secretaries of USDA and HHS. This Report will serve as the basis for the seventh edition of the Dietary Guidelines for Americans, which USDA and HHS expect to publish later this year (2010).

Purpose of the Meeting: After a thorough review of the most current scientific and applied literature and open Committee deliberations, the Committee has provided its recommendations in the form of an advisory report to the Secretaries of both Departments. By this notice, USDA and HHS are inviting comments on the Committee's final Report. Instructions for written comments are provided above. This meeting will provide opportunity for oral comments by the public.

Public Participation: By this notice, USDA and HHS are inviting submission of requests from the public to present three minutes of oral testimony. The public meeting is planned from 9 a.m. E.D.T. to no later than 5 p.m. E.D.T. on July 8, 2010 in the Jefferson Auditorium within the USDA South Building, located at the corner of Independence Ave. and 14th Street, SW., Washington, DC. Because of the need for security screening, pre-registration is required. All visitors must bring a photo I.D. Registration to present oral testimony will be confirmed (via e-mail) on a first-come, first-served basis, as time on the presentation agenda permits. The confirmation e-mail will also include information regarding security procedures for entering the South Building, directions to the Jefferson Auditorium, and metro, parking, and hotel information. Please call Crystal Tyler at 202-314-4701 should you require a sign language interpreter or require other special accommodations. Requests to provide oral testimony can be made by going to <http://>

www.DietaryGuidelines.gov and clicking on the link for Meeting Registration or by calling the scheduler through the meeting planner, Crystal Tyler, at 202–314–4701 by 5 p.m. E.D.T., June 30, 2010. SUPPLEMENTARY INFORMATION:

Title: Virtual Incident Procurement (VIPR) Existing Vendor User Survey.

OMB Number: 0596–New.

Type of Request: New.

Abstract: Virtual Incident Procurement (VIPR) is an acquisition system designed to solicit, award, and manage preseason incident agreements and contracts for equipment and services at the Forest Service. Opinions and comments from existing VIPR vendor users are needed to evaluate the acquisition system leading to program improvements and to potential system functionality upgrades. For this reason, the Forest Service desires to question vendor users utilizing an online, electronic survey.

The information will be collected and analyzed by the Forest Service Acquisition Management System Branch. The Forest Service will inquire and collect surveys from existing VIPR vendor users on their individual experiences with the acquisition system, customer service support, and other supporting tools. The information will be used to assist program management enhancements, identify potential system upgrades, and improve overall customer service and other support tools. Results from the information collection may be shared with other Forest Service divisions, with agencies outside of the Forest Service, and with the public.

The authorization to survey vendors for customer service improvements comes from Executive Order 12862, issued September 11, 1993, which directs Federal agencies to change the way they do business, to reform their management practices, and to provide service to the public that matches or exceeds the best service available in the private sector. The survey will provide the Forest Service with the necessary information to meet the terms of the Executive order.

Estimate of Annual Burden: 20 minutes.

Type of Respondents: Existing VIPR vendors.

Estimated Annual Number of Respondents: 3,000.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 1,000 Hours.
