Final applications must be submitted through Grants.gov by August 23, 2010, at 5 p.m. EDT (the "Application Deadline"). The DOT pre-application system opened on June 23, 2010 to allow prospective applicants to submit pre-applications. Only pre-applications received by DOT and applications received through Grants.gov will be deemed properly filed. SUPPLEMENTARY INFORMATION: *Title:* Certification of Enforcement of the Heavy Vehicle Use Tax.

OMB Control #: 2125-0541

Background: Title 23 United States Code, Section 141(c), provides that a State's apportionment of funds under 23 U.S.C. 104(b)(4) shall be reduced in an amount up to 25 percent of the amount to be apportioned during any fiscal year beginning after September 30, 1984, if vehicles subject to the Federal heavy vehicle use tax are lawfully registered in the State without having presented proof of payment of the tax. The annual certification by the State Governor or designated official regarding the collection of the heavy vehicle use tax serves as the FHWA's primary means of determining State compliance. The FHWA has determined that an annual certification of compliance by each State is the least obtrusive means of administering the provisions of the legislative mandate. In addition, States are required to retain for 1 year a Schedule 1, IRS Form 2290, Heavy Vehicle Use Tax Return (or other suitable alternative provided by regulation). The FHWA conducts compliance reviews at least once every 3 years to determine if the annual certification is adequate to ensure effective administration of 23 U.S.C. 141(c).

The estimated annual reporting burden is 102 hours; the estimated recordkeeping burden is 510 hours for a total of 612 hours. The 50 States and the District of Columbia share this burden. Preparing and processing the annual certification is estimated to require 2 hours per State. Recordkeeping is estimated to require an average of 10 hours per State.

Respondents: 50 State Transportation Departments, and the District of Columbia for a total of 51 respondents.

Frequency: Annually.

Estimated Average Annual Burden per Response: The average burden to submit the certification and to retain required records is 12 hours per respondent.

Estimated Total Annual Burden Hours: Total estimated average annual burden is 612 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection of information is necessary for the U.S. DOT's performance, including whether the information will have practical utility; (2) the accuracy of the U.S. DOT's estimate of the burden of the proposed information collection; (3) ways to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing

the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: June 24, 2010.

Chief, Management Programs and Analysis Division.
