Memorandum of June 30, 2010

Long-Term Gulf Coast Restoration Support Plan

Memorandum for the Heads of Executive Departments and Agencies

The oil spill in the Gulf of Mexico is the worst environmental disaster America has ever faced. The oil spill represents just the latest blow to an area that has already suffered significant hardship. In addition to fighting the spill, conducting environmental cleanup, and ensuring such a crisis does not happen again, we must help the Gulf Coast and its people recover from this tragedy. A long-term plan to restore the unique beauty and bounty of this region is therefore necessary.

As I announced on June 15, 2010, and pursuant to the authority vested in me as President by the Constitution and the laws of the United States of America, I assign to the Secretary of the Navy (Secretary) the responsibility to lead the effort to create a plan of Federal support for the long-term economic and environmental restoration of the Gulf Coast region, in coordination with States, local communities, tribes, people whose livelihoods depend on the Gulf, businesses, conservationists, scientists, and other entities and persons as he deems necessary. In addition to working with these stakeholders, the Secretary shall coordinate, as appropriate, with the heads of executive departments and agencies, as well as offices within the Executive Office of the President (collectively, executive branch components).

Specifically, I direct the following:

Section 1. As soon as possible, the Secretary shall develop a Gulf Coast Restoration Support Plan (Plan), based on the following principles:

(a) The Plan shall provide a comprehensive assessment of post-spill needs, as well as a proposal for Federal assistance in the overall recovery of the region.

(b) The purpose of the Plan shall be to develop an approach that will ensure economic recovery, community planning, science-based restoration of the ecosystem and environment, public health and safety efforts, and support of individuals and businesses who suffered losses due to the spill.

(c) The Plan shall take into account resources already available to respond to the oil spill, and complement the on-going oil spill response efforts. The Secretary will also coordinate, as needed, with the State, Federal, and tribal trustees who have responsibility for directing the natural resource damage planning process under the Oil Pollution Act and other applicable law.

(d) The Plan shall identify long- and short-term objectives and, where applicable, how the achievement of these objectives will be measured.

Sec. 2. (a) This assignment is prescribed as an additional responsibility of the Secretary in accordance with section 5013 of title 10, United States Code. This additional responsibility may not be delegated under section 5013(f) of title 10, United States Code.

(b) To assist in accomplishing the directive in section 1 of this memorandum, executive branch components shall make available information and other resources, including personnel, deemed by the Secretary to be necessary for development of the Plan.

Sec. 3. (a) Executive branch components shall carry out the provisions of this memorandum to the extent permitted by law, subject to the availability

of appropriations, and consistent with their statutory and regulatory authorities and their enforcement mechanisms.

(b) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) authority granted by law to an executive department, agency, or the head thereof; or

(ii) functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person. Nothing in this memorandum shall relieve or otherwise affect the obligations of any responsible party under the Oil Pollution Act or other applicable law.

Sec. 4. The Secretary is hereby authorized to publish this memorandum in the *Federal Register*.
