

exploration and recreational off-highway vehicle use contribute to habitat decline in the absence of active management, maintenance and restorative activities.

- The distribution and abundance of traditional/edible, medicinal plants is declining. There is a continued decrease in pinion tree vigor and pine nut production as stand densities increase.
- The unresolved eligibility status and ongoing degradation of the National Historic Pony Express Trail which bisects the 3-Bars Project Area, needs to be considered and mitigated appropriately in the EIS. These and other areas of prehistoric and historic use have not been fully recorded or analyzed within the project area.

The BLM will use the NEPA commenting process to satisfy the public involvement requirements for Section 106 of the National Historic Preservation Act (16 U.S.C. 470f) as provided for in 36 CFR 800.2(d)(3). Native American Tribal consultations will be conducted in accordance with policy, and Tribal concerns will be given due consideration. Federal, State, and local agencies, as well as individuals, organizations or tribes that may be interested or affected by the BLM's decision on this project are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate as a cooperating agency.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Notice of Partial Cancellation of Proposed Withdrawal; California

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The U.S. Department of the Navy (Navy) has requested partial cancellation of its application of August 13, 2008, which requested the Secretary of the Interior to process a proposed legislative withdrawal and reservation of public lands and public mineral estate for its use. These lands were to be withdrawn on behalf of the proposed expansion of the U. S. Marine Corps' Air Ground Combat Center at Twentynine Palms. The Navy has requested that the Bureau of Land Management (BLM) remove approximately 33,488 acres of public lands from its application. The initial application was for the transfer of jurisdiction and the withdrawal of approximately 365,906 acres of public land and approximately 507 acres of Federal subsurface mineral estate from all forms of appropriation under the public land laws, including surface entry, mining, mineral leasing, and the Materials Act of 1947. This notice terminates the temporary two-year segregation from settlement, sale, location, or entry under the public land laws, including the mining laws, and the operation of the mineral leasing laws and the Materials Act of 1947 of the public lands and mineral estate described below. In addition, the initial application provisionally identified the surface estate of 507 acres of federally-owned mineral estate and the surface and mineral estates of approximately 72,186 acres of non-federally owned property in the proposed withdrawal area. If these acres were ever acquired by or returned to the United States by any means, they were also to be included in the proposed withdrawal and subject to the temporary segregation authorized by the initial notice. The Navy has requested that the BLM remove surface and mineral estates of approximately 28,871 acres of the non-federally owned property.

DATES: *Effective Date:* January 25, 2010.

FOR FURTHER INFORMATION CONTACT: Roxie Trost, Field Manager, BLM Barstow Field Office, 2601 Barstow Road, Barstow, California 92311, (760) 252-6000; or Joseph Ross, Range Expansion Program Manager, USMC MAGTFTC, MCAGCC, Bldg. 1554, Box

788106, Twentynine Palms, California 92278–8106, (760) 830–7683.

SUPPLEMENTARY INFORMATION: A Notice of Proposed Legislative Withdrawal and Opportunity for Public Meeting was published in the **Federal Register** on September 15, 2008 (73 FR 53269) in response to the initial application from the Navy. Based on a review of the lands proposed for withdrawal, the Navy has requested that the following described lands and interest in lands be removed from its application:

All valid applications received at or prior to 10 a.m. on February 24, 2010, shall be considered as simultaneously filed at that time.
