Faso or regional folk style. An article may not include modern features such as zippers, elastic, elasticized fabrics, snaps, or hook-and-pile fasteners (such as velcro© or similar holding fabric). An article may not incorporate patterns that are not traditional or historical to Burkina Faso, such as airplanes, buses, cowboys, or cartoon characters and may not incorporate designs referencing holidays or festivals not common to traditional Burkina Faso culture, such as Halloween and Thanksgiving.

Eligible folklore articles:

- (a) Bala: Made of cotton fabric strips woven and assembled by hand; embroidered by machine. The colors vary but embroidery is usually white. It is a loose fitting garment for men, consisting of a tunic, which is three-quarters length, embroidered with sleeves, the neckline is a slit down the center, surrounded by embroidery; and a cap, which is cylindrical and fitted.
- (b) Djiwa: Made of cotton fabric strips woven by hand with embroidery cotton floss. Patterns and colors of the fabrics vary as well as the embroidery. This men's garment is loose-fitting and consists of four pieces: 1) an inner tunic gown, three-quarter length, usually with intricate embroidery around the neckline, chest, pockets and end of sleeves; 2) trousers, loose fitting and secured at the waist by a drawstring, embroidery at the end of the trousers; 3) an outer gown, loose fitting, embroidery along the neckline, chest, waist and on the back; and 4) a matching cap which is cylindrical and fitted.
- (c) Dozo Fani: Made of cotton fabric strips woven by hand, dyed with natural dyes (bogolan) and assembled by hand. The patterns consist of animals, dogon ideograms, or diverse geometrical forms. The colors are brown, black, yellow and red exclusively. This is a loose fitting, one-piece garment for men, open on both sides with no sleeves.
- (d) Bougouni: Made of cotton fabric strips woven and assembled by hand. This is a loose fitting garment for men and women, open on both sides, with or without straps attaching the sides. It is white, black or indigo and patterned in strips of cloth with a hound's-tooth pattern in the middle.

ANNEX B: Burkina Faso Ethnic Printed Fabrics

Each ethnic print must meet all of the criteria listed below:

- (A) Selvedge on both edges.
- (B) Width of less than 50 inches.

- (C) Classifiable under subheading 5208.52.30 ¹ or 5208.52.40 ² of the Harmonized Tariff Schedule of the United States.
- (D) Contains designs, symbols, and other characteristics of African prints normally produced for and sold in Africa by the piece.
- (E) Made from fabric woven in the U.S. using U.S. yarn or woven in one or more eligible sub-Saharan beneficiary countries using U.S or African yarn.
- (F) Printed, including waxed, in one or more eligible sub-Saharan beneficiary countries.

COMMISSION ON CIVIL RIGHTS

Notice of Public Meeting of the Illinois Advisory Committee

Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission), and the Federal Advisory Committee Act (FACA), that a fact finding meeting of the Illinois Advisory Committee to the Commission will convene at 9 a.m. and adjourn at 4:30 p.m. on August 11, 2010, at the National Museum of Mexican Art, 1852 W. 19th St., Chicago, IL 60608. The purpose of the meeting is to hear testimony regarding recommendations for addressing two health disparities topics: language barriers and food desserts. The meeting will consist of approximately six panels of local health disparities experts, community activists, health providers, and government officials providing their recommendations to these problems.

Members of the public are entitled to submit written comments; the comments must be received in the regional office by September 11, 2010. The address is 55 W. Monroe St., Suite 410, Chicago, IL 60603. Persons wishing to e-mail their comments, or to present their comments verbally at the meeting, or who desire additional information should contact Carolyn Allen, Administrative Assistant, 312–353–8311, TDD/TTY 312–353–8324], or by e-mail: callen@usccr.gov.

Hearing-impaired persons who will attend the meeting and require the services of a sign language interpreter should contact the Regional Office at

least ten (10) working days before the scheduled date of the meeting.

Records generated from this meeting may be inspected and reproduced at the Midwestern Regional Office, as they become available, both before and after the meeting. Persons interested in the work of this advisory committee are advised to go to the Commission's Web site, http://www.usccr.gov, or to contact the Midwestern Regional Office at the above e-mail or street address.

The meeting will be conducted pursuant to the provisions of the rules and regulations of the Commission and FACA

Dated in Washington, DC on July 9, 2010. **Peter Minarik, Acting Chief,**

Regional Programs Coordination Unit. [FR Doc. 2010–17127 Filed 7–13–10; 8:45 am] BILLING CODE 6335–01–P

DEPARTMENT OF COMMERCE

Application(s) for Duty–Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States. Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before August 3, 2010. Address written comments to Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 A.M. and 5:00 P.M. at the U.S. Department of Commerce in Room 3720. Docket Number: 10–043. Applicant: National Superconducting Cyclotron Laboratory of Michigan State University, 1 Cyclotron Laboratory, South Shaw Lane, East Lansing, MI 48824-1321. Instrument: Radio Frequency Quadropole Accelerator (RFQ). Manufacturer: Institut fur Angewandte Physik, Germany. Intended Use: The instrument will be a component of a larger linear accelerator system to accelerate isotopes for nuclear structure and nuclear astrophysics studies. The characteristics of the 4-rod RFQ pertinent for the intended purpose are the reachable power and electrode voltage level, simple tuning of rodvoltage flatness, and simple resonance

¹Printed plain weave fabrics of cotton, 85% or more cotton by weight, weighing over 100g/m2 but not more than 200g/m2, of yarn number 42 or lower

²Printed plain weave fabrics of cotton, 85% or more cotton by weight, weighing over 100g/m2 but not more than 200g/m2, of yarn numbers 43–68.

frequency tuning in order to guarantee the required ion beam properties. No other RFQ structure can deliver these features in the according frequency range of 80.5 MHz. As the experimental program conducted with reaccelerated beams spans the entire range of the periodic table of elements, the structure must ensure stable operation at low and high power.

No degradation of the beam quality due to thermal stress can be tolerated. No shortfall of the experimental program due to multi–factoring of the RFQ can be accepted. Therefore a simple and reliable structure like the 4–rod RFQ is the best choice for the required task of reliable beam delivery. Justification for Duty–Free Entry: There are no similar instruments of the same general category as the foreign instrument being manufactured domestically. Application accepted by Commissioner of Customs: June 16, 2010.

Dated: July 7, 2010.

Christopher Cassel,

Director, IA Subsidies Enforcement Office. [FR Doc. 2010–17167 Filed 7–13–10; 8:45 am] BILLING CODE 3510–DS–S

International Trade Administration [A-520-803]

Polyethylene Terephthalate Film, Sheet and Strip From the United Arab Emirates: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: July 14, 2010.

FOR FURTHER INFORMATION CONTACT:

Andrew Huston or Jun Jack Zhao, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–4261 and (202) 482–1396, respectively.

Background

On December 23, 2009, the Department of Commerce (the Department) published the initiation of the administrative review of the antidumping duty order on polyethylene terephthalate film, sheet and strip from the United Arab Emirates (UAE) for the period November 06, 2008 through October 31, 2009. See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part, 74 FR

68229 (December 23, 2009). This review covers two producers and/or exporters of the subject merchandise to the United States: FLEX Middle East FZE (FLEX) and, JBF RAK LLC (JBF).

Extension of Time Limit for the Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), and section 351.213(h)(1) of the Department's regulations require the Department to issue the preliminary results of a review within 245 days after the last day of the anniversary month of the order or suspension agreement for which the administrative review was requested, and final results of the review within 120 days after the date on which the notice of the preliminary results is published in the Federal **Register**. However, if the Department determines that it is not practicable to complete the review within the aforementioned specified time limits, section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations allow the Department to extend the 245-day period to 365 days and to extend the 120-day period to 180 days.

The Department requires additional time to evaluate the questionnaire responses from FLEX and JBF in order to conduct a thorough analysis of all information on the record, specifically considering the cost and affiliation issues in this case. Therefore, the Department finds that it is not practicable to complete the preliminary results of this review within the original time limit and is extending the deadline for completion of the preliminary results of this administrative review by 120 days.

Additionally, on February 12, 2010, the Department issued a memorandum revising all case deadlines. As explained in the memorandum from the Deputy Assistant Secretary for Import Administration, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from February 5 through February 12, 2010. Thus, all deadlines in this segment of the proceeding have been extended by seven days. See Memorandum to the Record from Ronald Lorentzen, DAS for Import Administration, regarding "Tolling of Administrative Deadlines As a Result of the Government Closure During the Recent Snowstorm," dated February 12, 2010. Therefore, we are hereby extending the deadline for the preliminary results by a total of 127 days; the revised deadline for the preliminary results of this

administrative review is now December 07, 2010.

This notice is issued and published pursuant to sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: July 7, 2010.

Edward C. Yang,

Acting Deputy Assistant Secretary for Antidumping/Countervailing Duty Operations.

National Oceanic and Atmospheric Administration

RIN 0648-XX47

Marine Mammals; File No. 14097

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of permit.

SUMMARY: Notice is hereby given that National Marine Fisheries Service, Southwest Fisheries Science Center (SWFSC) (Jeremy Rusin, Principal Investigator), Protected Resources Division, 3333 N. Torrey Pines Ct., La Jolla, CA 92037, has been issued a permit to conduct scientific research on five pinniped species, 57 cetacean species, and five sea turtle species in the Pacific, Southern, Indian, and Arctic Oceans.

ADDRESSES: The permit and related documents are available for review upon written request or by appointment in the following offices: See **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Kristy Beard or Amy Hapeman, (301) 713–2289.

SUPPLEMENTARY INFORMATION: On July 27, 2009, notice was published in the Federal Register (74 FR 37015) that a request for a permit to conduct scientific research on five pinniped species, 57 cetacean species, and five sea turtle species in the Pacific, Southern, Indian, and Arctic Oceans had been submitted by the above-named applicant. The requested permit has been issued under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 et seq.), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 et seq.), and the regulations governing the taking, importing, and exporting of
