SUPPLEMENTARY INFORMATION:

A. Need For and Use of the Information Collection

The Housing and Economic Recovery Act of 2008 (HERA), Public Law 110-289, 122 Stat. 2654, amended the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (Safety and Soundness Act) (12 U.S.C. 4501 *et seq.*) and the Federal Home Loan Bank Act (12 U.S.C. 1421 *et seq.*) to establish FHFA as an independent agency of the Federal government.¹ One of FHFA's predecessor agencies, the former Federal Housing Finance Board (Finance Board), provided data concerning a survey of mortgage interest rates until HERA transferred those responsibilities to FHFA. This survey, known as the Monthly Interest Rate Survey or MIRS, is described in 12 CFR 906.5.

The information collection is used by FHFA to produce the MIRS and for general statistical purposes and program evaluation. The MIRS provides monthly information on interest rates, loan terms, and house prices by property type (all, new, previously occupied), by loan type (fixed- or adjustable-rate), and by lender type (savings associations, mortgage companies, commercial banks, and savings banks), as well as information on 15-year and 30-year fixed-rate loans. In addition, the MIRS provides quarterly information on conventional loans by major metropolitan area and by FHLBank district.

To conduct the MIRS, FHFA asks a sample of mortgage lenders to report voluntarily the terms and conditions on all single-family, fully amortized, purchase-money, non-farm loans that

they close during the last five business days of the month. The MIRS excludes FHA-insured and VA-guaranteed loans, multifamily loans, mobile home loans, and loans created by refinancing another mortgage.

Information concerning the MIRS is published regularly on FHFA's Web site, <http://www.fhfa.gov>, in FHFA press releases, in the popular and trade press, including a monthly 1-page ARM index release, a monthly 8- or 12-page release with mortgage rate and term data, an annual summary all available via FHFA's Web site, and in publications of other Federal agencies, including The Economic Report of the President and Statistical Abstract of the United States. FHFA publishes on its Web site the phone number for an automated telephone answering system that provides callers a recorded message about the ARM index and other MIRS information.

Economic policy makers use the MIRS data to determine trends in the mortgage markets, including interest rates, down payments, terms to maturity, terms on ARMs, and initial fees and charges on mortgage loans. Other federal banking agencies, such as the Board of Governors of the Federal Reserve System and the Council of Economic Advisors, use the MIRS results for research purposes.

FHFA considers MIRS, among other indexes or measures FHFA determines are appropriate, in establishing and maintaining a method to assess the national average one-family house price for use for adjusting the conforming loan limitations of Freddie Mac and Fannie Mae. 12 U.S.C. 4542. Other statutory references of the MIRS include the following:

- In 1989, Congress required the Chairperson of the Finance Board to take necessary actions to ensure that indices used to calculate the interest rate on adjustable-rate mortgages (ARMs) remain available. *See* FIRREA, tit. IV, section 402, paragraphs (e)(3)-(4), 103 Stat. 183, codified at 12 U.S.C. 1437 *note*. At least one ARM index, known as the National Average Contract Mortgage Rate for the Purchase of Previously Occupied Homes by Combined Lenders, is derived from the MIRS data. The statute permits FHFA to substitute a different ARM index after notice and comment only if the new ARM index is based upon data substantially similar to that of the original ARM index and substitution of the new ARM index will result in an interest rate substantially similar to the rate in effect at the time the new ARM index replaces the existing ARM index. *See* 12 U.S.C. 1437 *note*.

- Statutes in several states and U.S. territories, including California, Michigan, Minnesota, New Jersey, Wisconsin, and the Virgin Islands, refer to, or rely upon, the MIRS. *See, e.g.*, Cal. Civ. Code §§ 1916.7 and 1916.8 (mortgage rates); Mich. Comp. Laws § 445.1621(d) (mortgage index rates); Minn. Stat. § 92.06 (payments for state land sales); N.J. Rev. Stat. 31:1-1 (interest rates); Wis. Stat. § 138.056 (variable loan rates); V.I. Code Ann. tit. 11, § 951 (legal rate of interest).

The respondents include a sample of major mortgage lenders, such as savings institutions, commercial banks, and mortgage loan companies. Most of the respondents submit the requested information electronically using the MIRS software in a format similar to FHFA Form #075 (supersedes FHFB Form 10-91). Some respondents elect to complete FHFA Form #075 and submit it by facsimile. Respondents are requested to submit the information on a monthly basis.

The OMB number for the information collection is 2590-0004. The OMB clearance for the information collection expires on September 30, 2010.

B. Burden Estimate

FHFA estimates the total annual number of respondents at 76 with 8 responses per respondent. The estimate for the average hours per response is 20 minutes. The estimate for the total annual hour burden is 200 hours (76 respondents × 8 responses × 0.33 hours).

C. Comment Request

In accordance with the requirements of 5 CFR 1320.8(d), FHFA published a request for public comments regarding this information collection in the **Federal Register** on January 10, 2001. *See* 75 FR 26756 (May 12, 2010). The 60-day comment period closed on July 12, 2010. FHFA received comments from three organizations, which are posted on its Web site at <http://www.fhfa.gov/Default.aspx?Page=89&ListNumber=5&ListID=14707&ListYear=2010&SortBy=#14707>. All three commenters support continuation of the MIRS. One of the three commenters suggested enhancing the utility of the MIRS by including mortgages that are backed by FHA or the Department of Veterans Affairs. Another commenter suggested a new sampling frame using HMDA data to enhance the utility of the MIRS data. FHFA has determined not to make any changes to the MIRS at this time but will consider the recommendations when the MIRS is reviewed for enhancement as part of a

comprehensive review of data collection.

FHFA requests written comments on the following: (1) Whether the collection of information is necessary for the proper performance of FHFA functions, including whether the information has practical utility; (2) the accuracy of FHFA estimates of the burdens of the collection of information; (3) ways to enhance the quality, utility, and clarity of the information collected; and (4) ways to minimize the burden of the collection of information, including through the use of automated collection techniques or other forms of information technology.

Dated: August 19, 2010.

Acting Director, Federal Housing Finance Agency.

FEDERAL TRADE COMMISSION

Privacy Act of 1974; System of Records Notices

AGENCY: Federal Trade Commission (FTC).

ACTION: Notice of revised Privacy Act system notices.

SUMMARY: The FTC is revising several of the notices that it is required to publish under the Privacy Act of 1974 to describe its systems of records about individuals. This action is intended to make these notices clearer, more accurate, and up-to-date.

DATES: This notice shall become final and effective on August 27, 2010.

FOR FURTHER INFORMATION CONTACT: Alex Tang, G. Richard Gold, or Lorie L. Pankey, Attorneys, Office of the General Counsel, FTC, 600 Pennsylvania Avenue, NW., Washington, DC 20580, (202) 326-2424.

SUPPLEMENTARY INFORMATION: To inform the public, the FTC publishes in the **FEDERAL REGISTER** and posts on its Web site a "system of records notice" (SORN) for each system of records about individuals that the FTC currently maintains within the meaning of the Privacy Act of 1974, as amended, 5 U.S.C. 552a. See (<http://www.ftc.gov/foia/listofpaysystems.shtm>). Each SORN describes the records maintained in that particular system, including the categories of individuals that the records in the system are about (e.g., FTC employees or consumers). Each system notice also contains information explaining how individuals can find out

if that particular system contains any records about them.

On June 12, 2008, the FTC republished and updated all of the FTC's SORNs, describing all of the agency's systems of records covered by the Privacy Act in a single document for ease of use and reference. 73 FR 33592. To ensure the SORNs remain accurate, FTC staff engages in a comprehensive review of each SORN on a periodic basis. As a result of this systematic review, the FTC made revisions to several of its SORNs on April 17, 2009. 74 FR 17863. Based on subsequent review, the FTC is making the following revisions to several of its SORNs.¹

I. FTC Law Enforcement Systems of Records

FTC-I-1 (Nonpublic Investigational and Other Nonpublic Legal Program Records—FTC). This SORN includes nonpublic investigational and other nonpublic program records. We have added language clarifying that certain debt collection-related records contained within this system are also legally part of the Government-wide system of records notice published for this system by the Department of Treasury, Financial Management System. See TREASURY/FMS.014, or any successor TREASURY/FMS system notice at (<http://www.ustreas.gov>) for more information. Therefore, these types of records also have the same purposes and routine uses as set forth in the Government-wide SORN.

II. FTC Personnel Systems of Records

FTC-II-6 (Discrimination Complaint System—FTC). This SORN covers complaints, affidavits, supporting documents, memoranda, correspondence, and notes relevant to and compiled during pre-complaint matters, complaint investigations and other personnel matters at the FTC. We are revising the purpose section of this SORN in order to more fully describe the various issues that give rise to discrimination complaints.

FTC-II-7 (Ethics Program Records—FTC). This SORN covers annual financial statements and other filings or requests made by FTC officials and employees under the FTC's ethics program. The FTC is including an additional means of disposing of these records.

¹ The FTC is clarifying but not adding or changing any routine uses of its system records or making other significant system changes that would require prior public comment or notice to the Office of Management & Budget (OMB) and Congress. See U.S.C. 552a(e)(11) and 552a(r); OMB Circular A-130, Appendix I.

FTC-II-12 (Training Reservation System—FTC). This SORN covers records used in the employee training program administered by the FTC's Human Resources Management Office. The FTC is changing the name of this system and revising the categories of records, purpose, and retrievability sections. We are also clarifying that this system is legally part of the OPM's Government-wide system of records notice for this system, OPM/GOVT-1, which covers all official personnel training data; hence, it is subject to the same purposes and routine uses set forth for that system by OPM. See OPM/GOVT-1, or any successor OPM system notice that may be published for this system (visit (www.opm.gov) for more information). There are also some minor editorial changes.

III. FTC Financial Systems of Records

FTC-III-2 (Travel Management System—FTC). This SORN covers travel documentation for FTC employees and other authorized individuals on official travel for the FTC. To the extent these travel data are collected and maintained by the FTC's travel management contractor, they are already covered by a Government-wide General Services Administration (GSA) SORN, GSA/GOVT-4 (Contracted Travel Services Program). See 71 FR 48764 (2006). Nonetheless, the FTC maintains this SORN to include those data as well as any other miscellaneous data that various FTC offices may collect and maintain in a system of records about individuals on official travel for the FTC. The FTC is revising the Category of Records section to implement Department of Homeland Security (DHS) Secure Flight requirements to include an individual traveler's date of birth and sex; that the name of the traveler within this system matches the name shown on a government issued-identification (for example, driver's license or passport) while traveling; and an optional field for redress numbers (i.e., complaint or inquiry numbers). Under Secure Flight (http://www.tsa.gov/what_we_do/layers/secureflight/), a program developed by DHS in response to a key 9/11 Commission recommendation, DHS' Transportation Security Administration conducts uniform pre-screening of passenger information against federal government watch lists for domestic and international flights.

FTC Systems of Records Notices

Accordingly, the FTC revises and updates the Privacy Act systems of records below as follows:
