

the Federal Cyber Service Training and Education Initiative as described in the President's *National Plan for Information Systems Protection*. This program seeks to increase the number of qualified students entering the fields of information assurance and computer security in an effort to respond to the threat to the Federal Government's information technology infrastructure. The program provides selected 4-year colleges and universities scholarship grants to attract students to the information assurance field. Participating students who receive scholarships from this program are required to serve a 10-week internship during their studies and complete a post-graduation employment commitment equivalent to the length of the scholarship or one year, whichever is longer. Approval of the webpage is necessary to facilitate the timely registration, selection and placement of program-enrolled students in Federal agencies.

I. Introduction

On September 1, 2010, the Postal Service filed a notice announcing that it has entered into an additional Global Expedited Package Services 3 (GEPS 3) contract.¹ The Postal Service believes the instant contract is functionally equivalent to previously submitted GEPS contracts, and is supported by Governors' Decision No. 08-7, attached to the Notice and originally filed in Docket No. CP2008-4. *Id.* at 1, Attachment 3. The Notice explains that Order No. 86, which established GEPS 1 as a product, also authorized functionally equivalent agreements to be included within the product, provided that they meet the requirements of 39 U.S.C. 3633. *Id.* at 2. In Order No. 290, the Commission approved the GEPS 2 product.² In Order No. 503, the Commission approved the GEPS 3 product. Additionally, the Postal Service requested to have the contract in Docket No. CP2010-71 serve as the baseline contract for future functional equivalence analyses of the GEPS 3 product.

The instant contract. The Postal Service filed the instant contract pursuant to 39 CFR 3015.5. In addition, the Postal Service contends that the instant contract is in accordance with Order No. 86. The Postal Service relates that the instant contract is for the same mailer as in Docket No. CP2009-60. It states that the mailer's current contract was scheduled to terminate at the end of its one year term on August 31, 2010; however, it filed a Motion for Temporary Relief to extend the contract pending completion of the Commission's review of the successor

contract.³ The Commission granted an extension of the contract "until the sooner of the Commission's order on the successor contract or September 30, 2010."⁴

The term of the instant contract is 1 year from the date the Postal Service notifies the customer that all necessary regulatory approvals have been received. Notice at 3.

In support of its Notice, the Postal Service filed four attachments as follows:

- Attachment 1—a redacted copy of the contract and applicable annexes;
- Attachment 2—a certified statement required by 39 CFR 3015.5(c)(2) for the contract;
- Attachment 3—a redacted copy of Governors' Decision No. 08-7 which establishes prices and classifications for GEPS contracts, a description of applicable GEPS contracts, formulas for prices, an analysis of the formulas, and certification of the Governors' vote; and
- Attachment 4—an application for non-public treatment of materials to maintain redacted portions of the contract and supporting documents under seal.

The Notice advances reasons why the instant GEPS 3 contract fits within the Mail Classification Schedule language for GEPS. The Postal Service identifies customer-specific information and general contract terms that distinguish the instant contract from the baseline GEPS 3 agreement. *Id.* at 4-5. It states that the differences, which include price variations based on updated costing information and volume commitments, do not alter the contract's functional equivalency. *Id.* at 4. The Postal Service asserts that "[b]ecause the agreement incorporates the same cost attributes and methodology, the relevant characteristics of this GEPS contract are similar, if not the same, as the relevant characteristics of previously filed contracts." *Id.*

The Postal Service concludes that its filing demonstrates that this new GEPS 3 contract complies with the requirements of 39 U.S.C. 3633 and is functionally equivalent to the baseline GEPS 3 contract. Therefore, it requests that the instant contract be included within the GEPS 3 product. *Id.* at 5.
