SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are interested in pesticide regulation issues affecting States and any discussion between EPA and SFIREG on FIFRA field

implementation issues related to human health, environmental exposure to pesticides, and insight into EPA's decision-making process. You are invited and encouraged to attend the meetings and participate as appropriate. Potentially affected entities may include, but are not limited to:

Those persons who are or may be required to conduct testing of chemical substances under the Federal Food, Drug and Cosmetics Act (FFDCA), or the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and those who sell, distribute or use pesticides, as well as any Non Government Organization.

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How can I get copies of this document and other related information?

EPA has established a docket for this action under docket ID number EPA-HQ-OPP-2012-0003. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

II. Tentative Agenda Topics

1. Bed bugs update, EPA response to letter to Steve Bradbury and discussion.

2. Endangered Species Act—Rozol ESA, EPA response to letter to Steve Bradbury

3. Impreliis update.

4. United States Geological Survey (USGS) Toxics Pesticide Program—case example.

5. Discussion of process for EPA revising product labels and how states can have input based on water quality and other environmental issues.

6. FIFRA Science Advisory Panel (SAP) and white paper “Characterizing Effects of Pesticides and Other Chemical Stressors to Aquatic Organisms”.

7. United States Department of Agriculture (USDA) Monitoring Programs funding and overview.

8. Discussion on the detections of fluridone downstream from permitted aquatic applications in New Jersey.

III. How can I request to participate in this meeting?

This meeting is open for the public to attend. You may attend the meeting without further notification.

Assessment of Potential Large-Scale Mining on the Bristol Bay Watershed of Alaska: Nomination of Peer Reviewers

AGENCY: Environmental Protection Agency (EPA).

ACTION: Call for nominations.

SUMMARY: EPA anticipates releasing a draft report for public comment and external peer review describing impacts associated with potential large-scale mining development in the Nushagak and Kvichak watersheds of Bristol Bay, Alaska. An external, independent panel of experts will be formed to review and provide comments on EPA's draft report. EPA invites the public to nominate qualified experts to be considered for this external peer review panel.

DATES: Nominations will be accepted starting February 24, 2012 and the nomination period will close on March 9, 2012.

ADDRESSES: Nominations of potential members of the Bristol Bay Assessment peer review panel are being accepted and evaluated by an independent EPA contractor. Nominations are being accepted online through an Internet Web site only. Those interested in submitting nominations should complete the online form found at <http://www.versar.com/epa/bristolbaynominationform.html>. Questions concerning the online form should be directed to the EPA contractor, Versar, Inc., at 6850 Versar Center, Springfield, VA 22151; by email bcolon@versar.com (subject line: Bristol

Bay Assessment Nomination Form); or by phone: (703) 642-6727 (ask for Betzy Colon, the Peer Review Coordinator).

FOR FURTHER INFORMATION CONTACT: For additional information concerning the Bristol Bay Assessment peer review panel nominations, contact Dr. Kate Schofield, Office of Research and Development, The National Center for Environmental Assessment. Telephone: 703-347-8533; or email: schofield.kate@epa.gov.

SUPPLEMENTARY INFORMATION: Alaska's Bristol Bay watershed provides habitat for one of the largest wild salmon populations in the world. In February 2011, EPA began a scientific assessment of the Bristol Bay watershed to understand how large-scale mining activities might affect water quality and habitat. EPA will focus primarily on the Kvichak and Nushagak River drainages, the primary areas in the watershed open to large-scale development.

This assessment was launched in response to concerns from federally recognized tribes and others, who petitioned the agency to evaluate potential impacts of large-scale mining on aquatic resources. The assessment will evaluate the potential for large-scale mining development to have adverse effects on salmon and resident fish populations of the Kvichak and Nushagak River drainages, and if these effects are likely to affect wildlife and human populations in the region. Additional information describing the assessment, progress to date, and status can be found at: www.epa.gov/region10/bristolbay.

Expertise Sought: EPA is seeking nominations of experts to serve on the external peer review panel for the Bristol Bay Assessment. Nominees should possess, and demonstrate, background knowledge and experience in one or more of the following areas:

(1) Metals (particularly porphyry copper) mining, (2) salmon fisheries biology, (3) surface, subsurface, or watershed hydrology, (4) aquatic ecology, (5) biogeochemistry, (6) seismology, (7) ecotoxicology, (8) wildlife ecology, and/or (9) indigenous Alaskan cultures.

Selection Criteria: Selection criteria for members of the external review panel include the following: (1) Demonstrated expertise through relevant peer reviewed publications; (2) professional accomplishments, and recognition by professional societies; (3) demonstrated ability to work constructively and effectively in a committee setting; (4) absence of financial conflicts of interest; (5) no actual conflicts of interest or the

appearance of impartiality; (6) willingness to commit adequate time for the thorough review of the assessment report commencing in late April 2012; and (7) availability to participate in-person in a peer review panel meeting in Anchorage, Alaska during August 2012.

Nominee Information: Any interested person or organization may nominate qualified persons to be considered for appointment to the peer review panel. Self-nominations will also be accepted. Nominations should be submitted online using the following URL: <http://www.versar.com/epa/bristolbaynominationform.html>. The following information should be provided on the nomination form: contact information for the person making the nomination; contact information for the nominee; the disciplinary and specific areas of expertise of the nominee; the nominee's curriculum vita; and a biographical sketch of the nominee indicating current position, educational background, past and current research activities, and recent service on other advisory committees or professional organizations. Persons having questions about the nomination procedures should contact the designated contact above.

Notification of nominees: EPA's contractor, Versar, Inc., will notify candidates of selection or non-selection. The Contractor may add additional experts to the list of nominees to develop a balanced panel representing the expertise needed to fully evaluate EPA's draft assessment report. After the peer review panel has been finalized, a list of panel members will be posted on the project Web site at www.epa.gov/region10/bristolbay. Compensation of non-federal peer review panel members will be provided by EPA's contractor.

Authority: Clean Water Act Section 404.
