## DEPARTMENT OF LABOR

### Office of the Secretary

#### **Privacy Act of 1974; Publication of Five New Systems of Records; Amendments to Five Existing Systems of Records**

**AGENCY:** Office of the Secretary, Labor.

**ACTION:** Notice of five new systems of records; amendments to five existing systems of records; and amendments to one universal routine use.

**SUMMARY:** The Privacy Act of 1974 requires that each agency publish notice of all of the systems of records that it maintains. This document proposes to add five new systems of records to the current systems of records of the Department of Labor (Department or DOL). With the addition of these five systems of records, the Department will be maintaining 153 systems of records. The Department also proposes to amend five existing systems of records and one universal routine use. The five proposed revised systems of records include changes to their routine uses and to the various system categories, some of which are updates to names and locations and stylistic changes. Major changes are summarized in the introductory portion of the Supplementary Information section.

**DATES:** Persons wishing to comment on these five new systems of records, the proposed amendments to five existing systems of records, and the amendments to one universal routine use may do so on or before February 21, 2012.

**DATES: Effective Date:** Unless there is a further notice in the **Federal Register**, these five new systems of records, the five revised systems of records with their amendments, and the one universal routine use with amendments, will become effective on March 6, 2012.

**ADDRESSES:** Written comments may be mailed or delivered to William W. Thompson, II, Associate Solicitor, Division of Management & Administrative Legal Services, 200

Constitution Avenue NW., Room N-2428, Washington, DC 20210 or by email to [plick.joseph@dol.gov](mailto:plick.joseph@dol.gov).

**FOR FURTHER INFORMATION CONTACT:** Joseph J. Plick, Counsel for FOIA/FACA/Privacy Act, Office of the Solicitor, Department of Labor, 200 Constitution Avenue NW., Room N-2428, Washington, DC 20210, telephone (202) 693-5527.

**SUPPLEMENTARY INFORMATION:** Pursuant to section three of the Privacy Act of 1974 (5 U.S.C. 552a(e)(4)), hereinafter referred to as the Act, the Department hereby publishes notice of five new systems of records currently maintained pursuant to the Act. On April 8, 2002, in Volume 67 at Page 16816 of the **Federal Register**, the Department published a notice of 147 systems of records that are maintained under the Act. On February 6, 2003, at 68 FR 6185, a new system of records was published on behalf of the Office of the 21st Century Workforce, entitled DOL/21st CENTURY-1, *Correspondents With the Office of the 21st Century Workforce*. On September 15, 2003, at volume 68 FR 54012, the Department amended two existing systems of records.

This current document presents five new systems of records, bringing the Department's total number of systems of records to 153. This notice first provides a summary of the five new and five amended systems of records, as well as the one amended universal routine use, and then provides the universal routine uses applicable to all systems of records, including the amended universal routine use, followed by the text of each of the new and amended systems of records.

1. The first new system is entitled, DOL/CENTRAL-1, *Correspondents With the Department of Labor*. This system is identified by a new naming convention, "CENTRAL," that DOL has established for systems that affect the entire Department as opposed to a specific agency within the Department. This system contains comments by or requests from individuals and information necessary to satisfy requests for information, brochures, requests to subscribe to message boards, to use Web site based programs, and requests for compliance assistance. It includes information received from callers to the Department's call centers. Depending on the nature of the request by the correspondent or caller, the file may include (but is not limited to) the following information regarding individuals who have contacted the Department: Name, title, mailing address, telephone and fax number, email address, area of interest(s) and

other information necessary to satisfy a request. This system will cover information maintained by all components of the Department.

2. The second new system is entitled DOL/CENTRAL-2, *Registrants for Department of Labor Events and Activities*. This system is identified by a new naming convention, "CENTRAL," that DOL has established for systems that affect the entire Department as opposed to a specific agency within the Department. This system contains written, telephonic, and online requests to register for Department conferences, events, activities, seminars, special interest Web sites, and programs, including requests for special accommodations and meal preferences. The file may include (but is not limited to) the following information regarding individuals who have contacted the Department: name, title, mailing address, telephone and fax number, email address, and requests for special accommodations. This system will cover information maintained by all components of the Department.

3. The third new system is entitled DOL/CENTRAL-3, *Internal Investigations of Harassing Conduct*. This system is identified by a new naming convention, "CENTRAL," that DOL has established for systems that affect the entire Department as opposed to a specific agency within the Department. This system of records is maintained by the Office of the Secretary, and it is for the purpose of conducting internal investigations into allegations of harassment brought against Department employees, former Department employees, Department interns, or other such agents of the Department, and for taking appropriate action in accordance with the Department's policy to prevent harassing conduct in the workplace. This is an exempt system of records; a separate notice will be published regarding the exempt status of this system of records.

4. The fourth new system is entitled DOL/ESA-52, *Wage-Hour Financial Accounting System (WFAS)*. This system of records, maintained by and for the Wage-Hour Division, contains records of persons or entities who receive or who owe a payment for back wages as a result of the enforcement of the Fair Labor Standards Act. These persons and entities are listed in the *Back Wage Disbursement and Collection System*. A second category of records includes employers who owe a debt to the Government for violating one or more of the laws enforced by the Wage-Hour Division. These employers are

listed in the *Civil Money Penalty System*.

**Note:** The Employment Standards Administration (ESA) was dissolved on November 8, 2009. ESA's four sub-agencies: the Office of Federal Contract Compliance Programs, the Office of Labor Management Standards, the Wage and Hour Division, and the Office of Workers' Compensation Programs are now independent agencies that report directly to the Secretary of Labor. For the present time DOL is retaining the nomenclature identifying system of records notices of the four former ESA sub-agencies with the heading DOL/ESA. Looking forward, DOL intends to do a comprehensive review and republication of all DOL systems of records. As part of that republication, DOL will retire the use of "ESA" in the systems of records titles.

5. The fifth new system is entitled DOL/ETA-28, *Senior Community Service Employment Program Information Files*. This system is a new management information system designed to facilitate the uniform compilation and analysis of programmatic data necessary for reporting, monitoring, and evaluation purposes.

6. The Department proposes to amend an existing system of records, DOL/ OSHA-1, *Discrimination Complaint File*, by renaming the system *Retaliation Complaint File*; by amending the "Authority" category; and by amending the "Routine uses" category. These amendments are needed so that nine additional whistleblower protection statutes can be added to this existing system of records. These are the Pipeline Safety Improvement Act of 2002 (PSIA); the Corporate and Criminal Fraud Accountability Act of 2002, Title VIII of the Sarbanes-Oxley Act (SOX); the Federal Railroad Safety Act (FRSA), as amended by the Implementing Recommendations of the 9/11 Commission Act of 2007; the National Transit Systems Security Act of 2007 (NTSSA); the Consumer Product Safety Improvement Act of 2008 (CPSIA); The Affordable Care Act; the Consumer Financial Protection Act of 2010 (CFPA), Section 1057 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010; the Seaman's Protection Act (SPA); and the FDA Food Safety Modernization Act (FSMA). Each of these statutes includes whistleblower protections for employees who provide evidence of violations of law by their employers. In addition, a number of the routine uses have been consolidated and a routine use has been added so that appropriate investigatory records can be disclosed to law enforcement entities. The additions to the category for "Routine uses" cannot be made administratively since the Privacy Act at

5 U.S.C. 552a(e)(4)(11) requires that comment be allowed for any new routine use. Amendments to several other categories are proposed in order to describe the system more accurately.

7. The Department proposes to amend DOL/OCFO-1, *Attendance, Leave, and Payroll File*, by revising the categories for "System location," "Categories of individuals covered by the system," "Categories of records in the system," "Routine uses," "Retention," and "System manager" as well as minor changes to the other categories to read as set forth below. The new routine use will cover disclosure of records to the payroll provider for the Department, which is currently the U.S. Department of Agriculture's National Finance Center, in order to effect all financial transactions on behalf of the Department related to employee pay.

8. The Department proposes to amend DOL/GOVT-1, *Office of Workers' Compensation Programs, Federal Employees' Compensation Act File*, by adding an additional routine use. The new routine use will permit the Department to disclose information to the National Institutes for Occupational Safety and Health for the purpose of performing statistical analyses of injury and illness patterns. These statistical analyses will assist the Department's Office of Workers' Compensation Programs and the Occupational Safety and Health Administration in their respective missions.

9. The Department proposes to amend DOL/ETA-7, *Employer Application and Attestation File for Permanent and Temporary Alien Workers*, by revising the "Categories of individuals covered by the system" to more accurately describe that the only employers who are covered by the system of records are household employers of permanent or temporary alien workers. In addition, minor changes are proposed for amendment, in the categories for "System location," "Storage," "Retrievability," and "Record source."

10. The Department proposes to amend DOL/OSEC-1, *Supervisor's/ Team Leader's Records of Employees*, by adding an additional routine use. This will permit information to be provided to professional licensing organizations such as those for attorneys, accountants, and physicians. In addition, minor changes are proposed to the categories for "System location," "Categories of records in the system," "Record source," "Authority," and "Purpose."

11. The Department proposes to amend universal routine use 12 by clarifying the language contained in section three in order to more accurately

describe the applicability of the routine use.

The public, the Office of Management and Budget (OMB) and the Congress are invited to submit written comments on the five new systems, on the proposed amendments to five existing systems, and on the proposed amendments to one universal routine use. A report on the five new systems, the proposed amendments to five existing systems, and on the proposed amendments to one universal routine use has been provided to OMB and the Congress as required by OMB Circular A-130, Revised, and 5 U.S.C. 552a(r).

In its April 8, 2002, publication, the Department gave notice of 12 routine uses that apply to all of its systems of records, except for DOL/OASAM-5 and DOL/OASAM-7. These 12 routine uses were presented in the General Prefatory Statement for that document, and it appeared at Page 16825 of Volume 67 of the **Federal Register**. At this time, as a convenience to the reader of this document, we are republishing this General Prefatory Statement updated to include the amendments to universal routine use 12. This republication includes the statement, also contained in the 2002 publication, that pursuant to the Flexiplace Program, the system location for all systems of records may be temporarily located at alternate worksites, including employees' homes or at geographically convenient satellite offices for part of the workweek.

Signed at Washington, DC this 22nd day of September, 2011.

**Hilda L. Solis,**  
Secretary of Labor.

Files are stored electronically and/or on paper.

**RETRIEVABILITY:**

This varies according to the particular operating accounting system within the operating division, agency and regional office. Usually hard copy documents are retrieved by case identification number. Computer records are retrieved by employee last name, as well as case identification number, employer name, Social Security Number, or on any field in the record.

**SAFEGUARDS:**

Access by authorized personnel only. Computer security safeguards are used

for electronically stored data and locked locations for paper files.

**RETENTION AND DISPOSAL:**

Records pertaining to the collection and payment of back wages are maintained in hard copy form in the regional and sub-regional offices for one year after closing. They are then transferred to the Federal Records Center for storage; they are retained there for six years and three months and then are destroyed. Hard copy records of Civil Money Penalty payments are transmitted back to the district offices for inclusion in the regular investigation file. Automated records are closed but available on the system once the case balance has reached \$0. These records will eventually be destroyed after six years and three months, but prior to destruction, they are maintained in readable form to facilitate tax inquiries from employees and employers.

- e. With respect to the statutes listed under the “Authority” category, disclosure may be made to the media, researchers, or other interested parties of statistical reports containing aggregated results of program activities and outcomes. statistical analysis of injury and illness patterns. These statistical analyses will assist the Department's Office of Workers' Compensation Programs (OWCP) and the Occupational Safety and Health Administration in their respective missions. In addition, style and grammatical changes have been made to categories in this system to clarify the text. For the convenience of the reader the amended system is republished in full as follows:

**DOL/GOVT-1****SYSTEM NAME:**

Office of Workers' Compensation Programs, Federal Employees' Compensation Act File.

**SECURITY CLASSIFICATION:**

Most files and data are unclassified. Files and data in certain cases have Top Secret classification, but the rules concerning their maintenance and disclosure are determined by the agency that has given the information the security classification of Top Secret.

**SYSTEM LOCATION:**

The central database for DOL/GOVT-1 is located at the DOL National office and the offices of OWCP's contractor. Paper claim files are located at the various OWCP district offices; claim files of employees of the Central Intelligence Agency are located at that agency. Records from this system of records may be temporarily located in the offices of health care providers and other individuals or entities with whom the Department contracts for services such as examination or evaluation of claimants. Copies of claim forms and other documents arising out of a job-related injury that resulted in the filing of a claim under the Federal Employees' Compensation Act (FECA) may also be maintained by the employing agency (and where the forms were transmitted to OWCP electronically, the original forms are maintained by the employing agency). In addition, records relating to third-party claims of FECA beneficiaries are maintained in the Division of Federal Employees' and Energy Workers' Compensation, Office of the Solicitor, United States Department of Labor, 200 Constitution Avenue NW., Washington, DC 20210, in the offices of the Regional and Associate Regional Solicitors, and in various offices of the United States Postal Service, which undertakes various duties relating to third party claims pursuant to an agreement with OWCP.

**CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:**

Individuals and/or their survivors who file claims seeking benefits under FECA by reason of injuries sustained while in the performance of duty. FECA applies to all civilian Federal employees, including various classes of persons who provide or have provided personal service to the Government of the United States, and to other persons as defined by law such as State or local law enforcement officers, and their survivors, who were injured or killed while assisting in the enforcement of Federal law. In addition, FECA covers employees of the Civil Air Patrol, Peace Corps Volunteers, Job Corps students, Volunteers in Service to America, members of the National Teacher Corps, certain student employees, members of the Reserve Officers Training Corps, certain former prisoners of war, and employees of particular commissions and other agencies.

**CATEGORIES OF RECORDS IN THE SYSTEM:**

This system may contain the following kinds of records: Reports of injury by the employee and/or employing agency; claim forms filed by or on behalf of injured Federal employees or their survivors seeking benefits under FECA; forms authorizing medical care and treatment; other medical records and reports; bills and other payment records; compensation payment records; formal orders for or against the payment of benefits; transcripts of hearings conducted; and any other medical, employment, or personal information submitted or gathered in connection with the claim. The system may also contain information relating to dates of birth, marriage, divorce, and death; notes of telephone conversations conducted in connection with the claim; information relating to vocational and/or medical rehabilitation plans and progress reports; records relating to court proceedings, insurance, banking and employment; articles from newspapers and other publications; information relating to other benefits (financial and otherwise) the claimant may be entitled to; and information received from various investigative agencies concerning possible violations of Federal civil or criminal law.

The system may also contain consumer credit reports on individuals indebted to the United States, information relating to the debtor's assets, liabilities, income and expenses, personal financial statements, correspondence to and from the debtor, information relating to the location of the debtor, and other records and

reports relating to the implementation of the Federal Claims Collection Act (as amended), including investigative reports or administrative review matters. Individual records listed here are included in a claim file only insofar as they may be pertinent or applicable to the employee or beneficiary.

**AUTHORITY FOR MAINTENANCE OF THE SYSTEM:**

5 U.S.C. 8101 *et seq.*, 20 CFR 1.1 *et seq.*

**PURPOSE(S):**

FECA establishes the system for processing and adjudicating claims that Federal employees and other covered individuals file with the Department's OWCP seeking monetary, medical and similar benefits for injuries or deaths sustained while in the performance of duty. The records maintained in this system are created as a result of and are necessary to this process. The records provide information and verification about the individual's employment-related injury and the resulting disabilities and/or impairments, if any, on which decisions awarding or denying benefits provided under the FECA must be based.

**ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:**

To any attorney or other representative of a FECA beneficiary for the purpose of assisting in a claim or litigation against a third party or parties potentially liable to pay damages as a result of the FECA beneficiary's FECA-covered injury and for the purpose of administering the provisions of §§ 8131–8132 of FECA. Any such third party, or a representative acting on that third party's behalf, may be provided information or documents concerning the existence of a record and the amount and nature of compensation paid to or on behalf of the FECA beneficiary for the purpose of assisting in the resolution of the claim or litigation against that party or administering the provisions of §§ 8131–8132 of FECA.

b. To Federal agencies that employed the claimant at the time of the occurrence or recurrence of the injury or occupational illness in order to verify

billing, to assist in administering FECA, to answer questions about the status of the claim, to consider rehire, retention or other actions the agency may be required to take with regard to the claim or to permit the agency to evaluate its safety and health program. Disclosure to Federal agencies, including the Department of Justice, may be made where OWCP determines that such disclosure is relevant and necessary for the purpose of providing assistance in regard to asserting a defense based upon FECA's exclusive remedy provision to an administrative claim or to litigation filed under the Federal Tort Claims Act.

c. f. To medical insurance or health and welfare plans (or their designees) that cover the claimant in instances where OWCP has paid for treatment of a medical condition that is not compensable under FECA, or where a medical insurance plan or health and welfare plan has paid for treatment of a medical condition that may be compensable under FECA, for the purpose of resolving the appropriate source of payment in such circumstances.

g. To labor unions and other voluntary employee associations from whom the claimant has requested assistance for the purpose of providing such assistance to the claimant.

h. To a Federal, State or local agency for the purpose of obtaining information relevant to a determination concerning initial or continuing eligibility for FECA benefits, and for a determination concerning whether benefits have been or are being properly paid, including whether dual benefits that are prohibited under any applicable Federal or State statute are being paid; and for the purpose of utilizing salary offset and

debt collection procedures, including those actions required by the Debt Collection Act of 1982, to collect debts arising as a result of overpayments of FECA compensation and debts otherwise related to the payment of FECA benefits.

Records from this system of records may be disclosed to the IRS for the purpose of offsetting a Federal claim from any income tax refund that may be due to the debtor.

j. To OSHA for the purpose of using injury reports filed by Federal agencies pursuant to FECA to fulfill agency injury reporting requirements. Information in this system of records may be disclosed to OSHA by employing agencies as part of any Management Information System established under OSHA regulations to monitor health and safety.

Should such a disclosure be made to the contractor, the individual or entity making such disclosure shall insure that the contractor complies fully with all Privacy Act provisions, including those prohibiting unlawful disclosure of such information.

l. To the Defense Manpower Data Center—Department of Defense and the United States Postal Service to conduct computer matching programs for the purpose of identifying and locating individuals who are receiving Federal salaries or benefit payments and are delinquent in their repayment of debts owed to the United States under programs administered by the Department in order to collect the debts under the provisions of the Debt Collection Act of 1982 (Pub. L. 97–365) by voluntary repayment, or by salary or administrative offset procedures.

m. To a credit bureau for the purpose of obtaining consumer credit reports identifying the assets, liabilities, expenses, and income of a debtor in order to ascertain the debtor's ability to repay a debt incurred under FECA, to

collect the debt, or to establish a payment schedule.

n. To consumer reporting agencies as defined by § 603(f) of the Fair Credit Reporting Act (15 U.S.C. 1681a(f)) or in accordance with § 3(d)(4)(A)(ii) of the Federal Claims Collection Act of 1966 as amended (31 U.S.C. 3711(f)) for the purpose of encouraging the repayment of an overdue debt, the amount, status and history of overdue debts, the name and address, taxpayer identification (SSN), and other information necessary to establish the identity of a debtor, the agency and program under which the claim arose, may be disclosed pursuant to 5 U.S.C. 552a(b)(12).

q. To the National Institute for Occupational Safety and Health (NIOSH), for the purpose of performing statistical analyses of injury and illness patterns to identify patterns and locations of high incidence, help devise safety and return-to-work interventions, and guide worker safety and health research. The statistical analyses performed by NIOSH will assist OWCP and OSHA in their efforts to reduce the occurrence of employment injuries, assist employees in achieving a smooth transition and return to work following employment injuries, and improve Federal employee safety and health.

##### **RETENTION AND DISPOSAL:**

All case files and automated data pertaining to a claim are destroyed 15 years after the case file has become inactive. Case files that have been scanned to create electronic copies are destroyed after the copies are verified.

Electronic data is retained in its most current form only, and as information is updated, outdated information is deleted. Some related financial records are retained only in electronic form, and destroyed six years and three months after creation or receipt.
