

Order Fee,<sup>3</sup> aimed at reducing inefficient order entry practices of certain market participants that place excessive burdens on the systems of Phlx and its members and that may negatively impact the usefulness and life cycle cost of market data. In order to provide market participants with additional time to enhance their efficiency so as to avoid the fee, Phlx is delaying the implementation date of the fee until July 2, 2012.

## 2. Statutory Basis

Phlx believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,<sup>4</sup> in general, and with Section 6(b)(5) of the Act,<sup>5</sup> in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Specifically, Phlx believes that delaying the implementation date of the Excess Order Fee will provide market participants with additional time to enhance the efficiency of their systems, and that implementation of the fee on July 2, 2012 will benefit investors and the public interest by encouraging more efficient order entry practices by all market participants.

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

Phlx does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Specifically, Phlx believes that the fee will constrain market participants from pursuing certain inefficient and potentially abusive trading strategies. To the extent that this change may be construed as a burden on competition, Phlx believes that it is appropriate in order to further the purposes of Section 6(b)(5) of the Act.<sup>6</sup> Phlx further believes that the proposed delay of one month in the implementation of the fee will not have any effect on competition.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

Written comments were neither solicited nor received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(i) of the Act.<sup>7</sup> At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
