**SUPPLEMENTARY INFORMATION:**

**Background**

On November 15, 2011, the Department of Commerce ("Department") initiated an antidumping duty investigation on circular welded carbon-quality steel pipe from India.<sup>1</sup> On June 1, 2012, the Department published its preliminary determination of sales at less than fair value.<sup>2</sup> The final determination of this antidumping duty investigation is currently due on August 6, 2012.

**Postponement of Final Determination and Extension of Provisional Measures**

Section 735(a)(2) of the Act provides that the Department may postpone a final determination until no later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by petitioner. In addition, 19 CFR 351.210(e)(2) requires that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four-month period to not more than six months.

On June 6, 2012, Zenith Birla (India) Limited, the sole mandatory respondent in this investigation, requested a postponement of the final determination and an extension of the provisional measures pursuant to section 735(a)(2) of the Act and 19 CFR 351.210(e)(2). In accordance with section 735(a)(2) of the Act and 19 CFR 351.210(b), because (1) our preliminary determination is affirmative, (2) the requesting exporter accounts for a significant proportion of

exports of the subject merchandise,<sup>3</sup> and (3) no compelling reasons for denial exist, we are granting the request and are postponing the final determination until no later than 135 days after the publication of the preliminary determination notice in the **Federal Register**, or October 14, 2012.<sup>4</sup> Suspension of liquidation will be extended accordingly.

This notice is issued and published pursuant to sections 777(i) and 735(a)(2) of the Act and 19 CFR 351.210(g).

Dated: June 8, 2012.

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On June 8, 2012, the U.S. Trade Representative ("USTR") instructed the Department of Commerce ("Department") to implement its determinations under section 129 of the Uruguay Round Agreements Act ("URAA") regarding the recalculation of cash deposit rates for estimated antidumping duties currently in effect for certain companies, in a manner which renders them not inconsistent with the World Trade Organization ("WTO") dispute settlement findings in

*US-Zeroing (EC)*,<sup>1</sup> *US-Continued Zeroing (EC)*,<sup>2</sup> and *US-Zeroing (Japan)*.<sup>3</sup> The Department issued its determinations in the Final Results of its section 129 proceedings<sup>4</sup> on June 6, 2012. The Department is now implementing these Final Results.

**SUPPLEMENTARY INFORMATION:**

**Background**

On February 13, 2012, the USTR requested, pursuant to section 129 of the URAA, that the Department render the cash deposit rates currently in effect for certain companies not inconsistent with the WTO Dispute Settlement Body's ("DSB") recommendations and rulings in *US-Zeroing (EC)*, *US-Continued Zeroing (EC)*, and *US-Zeroing (Japan)*. Subsequently, on February 21, 2012, the Department initiated section 129 proceedings for the completed administrative reviews corresponding to the request from the USTR. In each section 129 proceeding, the Department recalculated the cash deposit rates for certain companies, as specified by the USTR, applying the calculation methodology described in *Antidumping Proceedings: Calculation of the*

On March 23, 2012, the Department issued its Preliminary Results for these section 129 proceedings.<sup>17</sup> On April 9 and 10, 2012, the Department received case briefs from interested parties, and on April 16, 2012, the Department received rebuttal briefs. The Department issued its Final Results on June 6, 2012, in which it addressed all comments from interested parties.

On June 7–8, 2012, consistent with section 129(b)(3) of the URAA, the USTR held consultations with the Department and the appropriate congressional committees with respect to these Final Results. On June 8, 2012, in accordance with sections 129(b)(4) and 129(c)(1)(B) of the URAA, the USTR directed the Department to implement these Final Results.

### Nature of the Proceedings

Section 129 of the URAA governs the nature and effect of determinations issued by the Department to implement findings by WTO dispute settlement panels and the Appellate Body. Specifically, section 129(b)(2) provides that “notwithstanding any provision of the Tariff Act of 1930,” within 180 days

of a written request from the USTR, the Department shall issue a determination that would render its actions not inconsistent with an adverse finding of a WTO panel or the Appellate Body.<sup>18</sup> The Statement of Administrative Action, U.R.A.A., H. Doc. 316, Vol. 1, 103d Cong. (1994) (“SAA”), variously refers to such a determination by the Department as a “new,” “second,” and “different” determination.<sup>19</sup> After consulting with the Department and the appropriate congressional committees, the USTR may direct the Department to implement, in whole or in part, the new determination made under section 129.<sup>20</sup> Pursuant to section 129(c), the new determination shall apply with respect to unliquidated entries of the subject merchandise that are entered or withdrawn from warehouse, for consumption, on or after the date on which the USTR directs the Department to implement the new determination.<sup>21</sup> The new determination is subject to judicial review, separate and apart from judicial review of the Department’s original determination.<sup>22</sup>

### Final Results: Analysis of Comments Received

The issues raised in the case and rebuttal briefs submitted by interested parties to these proceedings are addressed in the Final Results. The issues included in the Final Results are (1) Targeted dumping, and (2) cash deposit rates for non-selected respondents. The Final Results is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). Access to IA ACCESS is available in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Final Results can be accessed directly on the Internet at <http://www.trade.gov/ia/>.

### Implementation of the Revised Cash Deposit Requirements

On June 8, 2012, in accordance with sections 129(b)(4) and 129(c)(1)(B) of the URAA and after consulting with the Department and Congress, the USTR directed the Department to implement these Final Results. With respect to each of these proceedings, the Department will instruct U.S. Customs and Border Protection to require a cash deposit for estimated antidumping duties at the appropriate rate for each manufacturer/producer specified above, for entries of subject merchandise, entered or withdrawn from warehouse, for consumption, on or after June 8, 2012.

This notice of implementation of these section 129 Final Results is published in accordance with section 129(c)(2)(A) of the URAA.

#### National Oceanic and Atmospheric Administration

#### Proposed Information Collection; Comment Request; Puget Sound Recreational Shellfish Harvesting Project

**AGENCY:** National Oceanic and Atmospheric Administration (NOAA).

**ACTION:** Notice.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on

proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

**DATES:** Written comments must be submitted on or before August 17, 2012.

**ADDRESSES:** Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at [JJessup@doc.gov](mailto:JJessup@doc.gov)).

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument and instructions should be directed to Mark Plummer, (206) 860-3492 or [Mark.Plummer@noaa.gov](mailto:Mark.Plummer@noaa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

This request is for a new collection of information.

The Puget Sound estuary provides one of the most valuable shellfish habitats in the Pacific Northwest. Shellfish are important economically, ecologically, and socially to the Puget Sound basin. While shellfish bed closures have decreased area-wide, persistent closures continue in certain locations, affecting local growers and restricting commercial and recreational harvest opportunities. The Puget Sound Partnership (Partnership), a Washington State agency established to facilitate the conservation and restoration of Puget Sound, has set a priority to reduce the risks of shellfish growing area closures and adverse effects on human health. The Partnership's Action Agenda, the blueprint for action to restore and protect Puget Sound, has set a goal for a net increase of 10,800 harvestable shellfish acres by 2020.

In support of the Partnership's pursuit of this goal, the Northwest Fisheries Science Center is undertaking an economics research project to assess the

behavior of individual shellfish harvesters in response to the opening and closing of individual shellfish beaches for human health reasons, and how these actions affect the value of shellfish harvesting. The Puget Sound Recreational Shellfish Harvesting Project (PSRSHP) will provide critical economic data related to recreational shellfish harvesting. More specifically, the PSRSHP will collect data needed to assess (1) The socioeconomic characteristics of recreational shellfish harvesting participants; (2) The economic value of access to Puget Sound beaches for recreational shellfish harvesting through statistical estimation of models; and (3) the potential changes in these values stemming from possible changes in management policies related to human health that affect the status of particular shellfish harvesting areas.

##### II. Method of Collection

A sample of shellfish and fishing license holders will be screened with a brief telephone survey, followed by a mail survey where appropriate. Respondents to the telephone survey will submit data by telephone, and respondents to the mail survey will submit data on paper.
