

Currently, ETA is soliciting comments concerning the continuation of the collection of data about the reemployment and eligibility assessments report beyond the current expiration date of 10/31/2012.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before October 12, 2012.

ADDRESSES: Submit written comments to Diane Wood, U.S. Department of Labor, Employment and Training Administration, Office of Workforce Security, 200 Constitution Avenue NW., Frances Perkins Bldg. Room S-4524, Washington, DC 20210, telephone number (202) 693-3212 (this is not a toll-free number) or by email: wood.diane@dol.gov. Individuals with hearing or speech impairments may access the telephone number above via TTY by calling the toll-free Federal Information Relay Service at 1-877-889-5627. A copy of the proposed information collection request (ICR) can be obtained by contacting the office listed above.

SUPPLEMENTARY INFORMATION:

I. Background

The REA program addresses the reemployment needs of UI claimants and is used to detect and prevent improper payments in the Unemployment Insurance (UI) program, both of which are high priorities for ETA. The REA program connects UI claimants with reemployment and training services through the workforce investment system by linking them to

services in American Job Centers. The REA program brings claimants into American Job Centers where they are provided a full array of available services, and ensures that claimants meet and comply with all UI eligibility requirements. For many individuals, the UI program provides an entry point into this reemployment service delivery system. Individuals filing UI claims are active job seekers who, through the state's REA program, are made aware of the variety of available reemployment services and referred to those that are appropriate for them. In FY 2012, forty-two states are participating in the REA program for claimants filing for regular UI claims and all states are providing an REA for claimants in the Emergency Unemployment Compensation program.

The Department is seeking to extend an information collection concerning state activities and results around the Reemployment and Eligibility Assessments program. The information collected from these REAs is used to evaluate state performance in terms of service delivery, to better understand program dynamics, and to gather data to report on REAs, including the number of scheduled in-person reemployment and eligibility assessments, the number of individuals who failed to appear for scheduled assessments, actions taken as a result of individuals not appearing for an assessment (e.g., benefits terminated), results of assessments (e.g., referred to reemployment services, found in compliance with program requirements), estimated savings resulting from cessation of benefits, and

estimated savings as a result of accelerated reemployment.

II. Review Focus

The Department is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

DEPARTMENT OF LABOR

Employment and Training Administration

Comment Request for Information Collection for Monitoring Implementation of Changes to State Unemployment Insurance (UI) Programs, Extension Without Revisions

AGENCY: Employment and Training Administration (ETA), Labor.

ACTION: Notice.

SUMMARY: The U.S. Department of Labor (Department), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 [44 U.S.C. 3506(c)(2)(A)]. This program helps ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and

the impact of collection requirements on respondents can be properly assessed.

ETA is soliciting comments concerning the continuation of the collection of data to support monitoring of implementation of changes to State UI Programs beyond the current expiration date of 12/31/2012.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before October 12, 2012.

ADDRESSES: Submit written comments to Scott Gibbons, Office of Unemployment Insurance, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Washington, DC 20210. Telephone number: 202-693-3008 (this is not a toll-free number). Individuals with hearing or speech impairments may access the telephone number above via TTY by calling the toll-free Federal Information Relay Service at 1-877-889-5627 (TTY/TDD). Email: gibbons.scott@dol.gov. A copy of the proposed information collection request (ICR) can be obtained by contacting Mr. Gibbons.

SUPPLEMENTARY INFORMATION:

I. Background

The Department has responsibility for ensuring that states implement the extension and modifications to the Emergency Unemployment Compensation (EUC) program, including Reemployment Services and Reemployment and Eligibility Assessment Activities (REA) for recipients of EUC, herein referred to as EUC RES/REA, and the Work Search Audit requirement in accordance with the Middle Class Job Creation and Tax Relief Act of 2012 (Act), Title II, Subtitle C, and USDOL operating instructions.

ETA is responsible for conducting EUC reviews, Work Search Audit, and EUC RES/REA program reviews. Given the lack of resources available for detailed monitoring, ETA intends to use a questionnaire as a monitoring tool to establish which states are most in need of technical assistance. The goal of this questionnaire is to ensure that states have plans to properly implement and administer the EUC modifications, Work Search Audit, and EUC RES/REA requirements. This collection provides ETA with information pointing to key areas in which technical assistance to states is necessary.

II. Review Focus

The Department is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary

for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

SUPPLEMENTARY INFORMATION:

I. Background

The ETA 203, Characteristics of the Insured Unemployed, is a monthly snapshot of the demographic composition of the claimant population in the Unemployment Insurance system. It is based on those who file a claim in the week containing the 19th day of the month, which reflects unemployment during the week containing the 12th day of the month. This corresponds with the sample frame used by the Bureau of Labor Statistics for the production of labor force statistics they produce. This report serves a variety of socio-economic needs because it provides aggregate data reflecting unemployment insurance claimants' sex, race/ethnic group, age, industry, and occupation.
