

Currency Conversion

For purposes of these preliminary results, we made currency conversions in accordance with section 773A(a) of the Act, based on the official exchange rates published by the Federal Reserve Bank.

Preliminary Results of the Review

As a result of this review, we preliminarily find that the following weighted-average dumping margins exist:

Manufacturer/Exporter	Weighted-average dumping margins (percent)
Dongbu	0
HYSCO	0
Review-Specific Average Rate Applicable to: Dongkuk, Haewon, Hausys, LG Chem, and Union	0

Comment

The Department intends to disclose calculations performed within five days of the date of publication of this notice to the parties to this proceeding in accordance with 19 CFR 351.224(b). Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review.⁴⁷ Rebuttal briefs are limited to issues raised in the case briefs and may be filed no later than five days after the time limit for filing the case briefs.⁴⁸ Parties submitting arguments in this proceeding are requested to submit with the argument: (1) A statement of the issue, (2) a brief summary of the argument, and (3) a table of authorities, in accordance with 19 CFR 351.309(d)(2). Case and rebuttal briefs must be served on interested parties in accordance with 19 CFR 351.303(f).

An interested party may request a hearing within 30 days of publication of these preliminary results.⁴⁹ Any hearing, if requested, ordinarily will be held two days after the due date of the rebuttal briefs in accordance with 19 CFR 351.310(d)(1). The Department will issue the final results of this administrative review, which will include the results of its analysis of issues raised in any such comments, or at a hearing, if requested, within 120 days of publication of these preliminary results, unless extended.⁵⁰

⁴⁷ See 19 CFR 351.309(c)(ii).

⁴⁸ See 19 CFR 351.309(d).

⁴⁹ See 19 CFR 351.310(c).

⁵⁰ See section 751(a)(3)(A) of the Act and 19 CFR 351.213(h).

Assessment Rates

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. If the weighted-average dumping margin for particular respondents is above *de minimis* in the final results of these reviews, we will calculate importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value for those sales in accordance with 19 CFR 351.212(b)(1).⁵¹

The Department clarified its "automatic assessment" regulation on May 6, 2003.⁵² This clarification will apply to entries of subject merchandise during the period of review produced by companies selected for individual examination in these preliminary results of review for which the reviewed companies did not know their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the country-specific all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁵³

For the companies which were not selected for individual review, we will calculate an assessment rate based on the weighted average of the cash deposit rates calculated for the companies selected for individual review.

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following deposit rates will be effective upon publication of the final results of this administrative review for all shipments of CORE from Korea entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the companies listed above will be the rates established in the final results of this review, except if the rate is less than 0.5 percent and, therefore, *de minimis*, the cash deposit will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will

⁵¹ In these preliminary results, the Department applied the assessment rate calculation method adopted in *Final Modification for Reviews*, i.e., on the basis of monthly average-to-average comparisons using only the transactions associated with that importer with offsets being provided for non-dumped comparisons.

⁵² See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

⁵³ See *id.*

continue to be the company-specific rate published for the most recent final results in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent final results for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 17.70 percent, the all-others rate established in the LTFV.⁵⁴ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: August 30, 2012.

Paul Piquado,

Assistant Secretary for Import Administration.

Ferrovanadium and Nitrided Vanadium from the Russian Federation: Revocation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determination by the International Trade Commission (ITC), that revocation of the antidumping duty order on ferrovanadium and nitrided vanadium from the Russian Federation (Russia) would not be likely to lead to continuation or recurrence of material injury to an industry in the United

⁵⁴ See *Orders on Certain Steel from Korea*.

States within a reasonably foreseeable time,¹ the Department of Commerce (the Department) is publishing this notice of revocation of the antidumping duty order on ferrovanadium and nitrided vanadium from Russia.

DATES: *Effective Date:* October 13, 2011.

FOR FURTHER INFORMATION CONTACT:

David Goldberger or Rebecca Trainor, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4136 and (202) 482-4007, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 10, 1995, the Department published the antidumping duty order on ferrovanadium and nitrided vanadium from Russia.² On September 1, 2011, the Department initiated and the ITC instituted the third sunset review of the antidumping duty order on ferrovanadium and nitrided vanadium from Russia, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).³

The Department expedited the third sunset review of the antidumping duty order on nitrided vanadium from Russia. As a result of its review, the Department found that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping and notified the ITC of the magnitude of the margins likely to prevail were the order to be revoked.⁴

On August 22, 2012, the ITC notified the Department that, pursuant to section 751(c) of the Act, revocation of this order would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Order

The products covered by the order are ferrovanadium and nitrided vanadium,

regardless of grade, chemistry, form or size, unless expressly excluded from the scope of the order. Ferrovanadium includes alloys containing ferrovanadium as the predominant element by weight (*i.e.*, more weight than any other element, except iron in some instances) and at least 4 percent by weight of iron. Nitrided vanadium includes compounds containing vanadium as the predominant element, by weight, and at least 5 percent, by weight, of nitrogen.

Excluded from the scope of the order are vanadium additives other than ferrovanadium and nitrided vanadium, such as vanadium-aluminum master alloys, vanadium chemicals, vanadium waste and scrap, vanadium-bearing raw materials, such as slag, boiler residues, fly ash, and vanadium oxides.

The products subject to the order are currently classifiable under subheadings 2850.00.20, 7202.92.00, 7202.99.5040, 8112.40.3000, and 8112.40.6000 of the Harmonized Tariff Schedule of the United States (“HTSUS”). Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope is dispositive.

Revocation

As a result of the determination by the ITC that revocation of the order is not likely to lead to the continuation or recurrence of material injury to an industry in the United States, the Department, pursuant to section 751(d) of the Act, is revoking the antidumping duty order on ferrovanadium and nitrided vanadium from Russia. Pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(2)(i), the effective date of revocation is October 13, 2011 (*i.e.*, the fifth anniversary of the date of publication in the **Federal Register** of the most recent notice of continuation of the antidumping duty order).⁶ The Department intends to notify U.S. Customs and Border Protection (CBP), 15 days after publication of this notice, to discontinue suspension of liquidation and collection of cash deposits on entries of ferrovanadium and nitrided vanadium from Russia entered or withdrawn from warehouse on or after October 13, 2011, the effective date of revocation of the antidumping duty order. The Department will further instruct CBP to refund with interest any cash deposits on entries made on or after October 13, 2011. Entries of subject merchandise prior to the effective date

of revocation will continue to be subject to suspension of liquidation and antidumping deposit requirements. The Department will complete any pending administrative reviews of this order.

This notice also serves as the only reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions.

This revocation and notice are issued in accordance with section 751(d)(2) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.222(i)(2).

Dated: August 30, 2012.

Paul Piquado,

Assistant Secretary for Import Administration.

Certain Polyester Staple Fiber From the People's Republic of China: Final Results of Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On May 1, 2012, the Department of Commerce (“the Department”) initiated the first five-year (“sunset”) review of the antidumping duty order on certain polyester staple fiber from the People's Republic of China (“PRC”) pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”). On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of the domestic interested party, as well as a lack of response from respondent interested parties, the Department conducted an expedited sunset review of the antidumping duty order, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2). As a result of this sunset review, the Department finds that revocation of the antidumping duty order on certain polyester staple fiber from the PRC would be likely to lead to continuation or recurrence of dumping at the levels indicated in the “Final Results of Review” section of this notice.
