#### **New Process Gear, a Division of Magna Powertrain, Including On-Site Leased Workers From ABM Janitorial Service Northeast, Inc., and IS One, Inc., East Syracuse, NY; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974, as amended (“Act”), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on January 7, 2011, applicable to workers of New Process Gear, a division of Magna Powertrain, East Syracuse, New York. The workers produce automotive components. The notice was published in the **Federal Register** on January 26, 2011 (75 FR 77669). The notice was amended on June 21, 2012 to include on-site leased workers from ABM Janitorial Service Northeast, Inc. The amended notice was published in the **Federal Register** on July 16, 2012 (77FR 41807).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The company reports that workers leased from IS One, Inc. were employed on-site at the East Syracuse, New York location of New Process Gear, a division of Magna Powertrain. The Department has

determined that these workers were sufficiently under the control of New Process Gear, a division of Magna Powertrain to be considered leased workers.

Based on these findings, the Department is amending this certification to include workers leased from IS One, Inc. working on-site at the East Syracuse, New York location of New Process Gear, a division of Magna Powertrain.

The amended notice applicable to TA–W–74,940 is hereby issued as follows:

All workers of New Process Gear, a division of Magna Powertrain, including on-site leased workers from ABM Janitorial Service Northeast, Inc., and IS One, Inc., East Syracuse, New York, who became totally or partially separated from employment on or after December 17, 2010, through January 7, 2013, and all workers in the group threatened with total or partial separation from employment on the date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Signed at Washington, DC, this 31st day of August 2012.

Elliott S. Kushner,

Certifying Officer, Office of Trade Adjustment Assistance.

#### **Notice of Continuation of Certification**

[TA–W–80,308]

Roseburg Forest Products, Composite Panel Division, Including On-Site Leased Workers of Robert Half, Orangeburg, SC

[TA–W–80,308A]

Roseburg Forest Products, Composite Panel Division, Including On-Site Leased Workers of Robert Half, Russellville, SC

On August 12, 2011, the Department of Labor (Department) issued a certification regarding workers’ eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of Roseburg Forest Products, Composite Panel Division, Orangeburg, South Carolina (TA–W–80,308) and Russellville, South Carolina (TA–W–80,308A). The Department’s Notice of determination was published in the **Federal Register** on September 2, 2011 (76 FR 54796).

The certification was based on the Department’s findings that aggregate industry imports of articles like or directly competitive with the articles

produced by Roseburg Forest Products, Composite Panel Division, Orangeburg, South Carolina and Russellville, South Carolina had contributed importantly to subject worker group separations.

Subsequent to the issuance of the certification, the Department received information that suggested that the aggregate industry import data on which the certification determination relied may have included related articles that may not be either like or directly competitive with either particleboard or laminated wood panels.

On July 17, 2012, the Department issued a Notice of Investigation Regarding Termination of Certification of workers and former workers of Roseburg Forest Products, Composite Panel Division, Orangeburg, South Carolina and Russellville, South Carolina. The Department’s Notice of Investigation Regarding Termination of Certification was published in the **Federal Register** on July 30, 2012 (77 FR 44683), and the Department conducted what is referred to herein as the “immediate investigation.”

During the immediate investigation, Roseburg Forest Products (subject firm) confirmed that the subject facilities produced particleboard and/or laminated wood panels, and provided additional information regarding the subject facilities’ operations related to particleboard and/or laminated wood panel production and their respective relationships to the subject firm’s customers of particleboard and/or laminated wood panels.

Taking into consideration the new information provided by the subject firm, the Department reviewed previously-submitted aggregate industry import data and the previously-conducted aggregate import analysis. The Department then excluded import data unrelated to particleboard and/or laminated wood panels (and like or directly competitive articles) and conducted another aggregate industry import analysis for the same time period but using the revised aggregate import database.

The Department’s analysis of this database revealed that the import levels of the subject articles and like or directly competitive articles did not increase during the relevant period. Therefore, aggregate data did not provide a basis for certifying the subject worker groups under Section 222 of the Act, 19 U.S.C., 2272, as described in the determination issued on August 12, 2011.

After determining that the basis for certification as described in the determination was not valid, the Department continued the immediate

investigation to determine whether conditions during the relevant time period nevertheless supported the ultimate conclusion of the determination that the workers and former workers of Roseburg Forest Products, Composite Panel Division, Orangeburg, South Carolina and Russellville, South Carolina met the eligibility criteria set forth in the Trade Act of 1974, as amended (the Act).

The Department obtained new information regarding the subject firm's major declining customers of particleboard and/or laminated wood panels and related import data of particleboard and/or laminated wood panels (and like or directly competitive articles) by the subject firm's customers.

Using the new customer information and previously-submitted information from the subject firm regarding particleboard and/or laminated wood panels sales and production at Roseburg Forest Products, Composite Panel Division, Orangeburg, South Carolina and Russellville, South Carolina, the Department conducted another import analysis for the relevant time period.

The immediate investigation revealed increased imports (direct and indirect imports) of particleboard wood panels by major declining customer(s) of the subject firm during 2010 from 2009 levels and during partial year 2011 from the corresponding 2010 period (the relevant period).

Based on a careful analysis of all information provided in the immediate and earlier investigations, the Department determines that increased customer imports of articles like or directly competitive with the particleboard and/or laminated wood panels produced at the subject facilities contributed importantly to worker group separations at Roseburg Forest Products, Composite Panel Division, Orangeburg, South Carolina and Russellville, South Carolina.

### Conclusion

After careful review of the facts obtained in the initial investigation of the petition referenced as TA-W-80,308 and TA-W-80,308A and the immediate investigation, I determine, in accordance with Section 223 of the Act, 19 U.S.C. 2273, that the certification of workers and former workers of Roseburg Forest Products, Composite Panel Division, including on-site leased workers of Robert Half, Orangeburg, South Carolina (TA-W-80,308) and Roseburg Forest Products, Composite Panel Division, including on-site leased workers of Robert Half, Russellville, South Carolina (TA-W-80,308A), issued on August 12, 2011 and

published in the **Federal Register** on September 2, 2011 (76 FR 54796) should not be terminated. As described in the certification, I conclude that these workers, who are/were engaged in activities related to production of particleboard and/or laminated wood panels, have met the worker group certification criteria under 222(a) of the Act, 19 U.S.C. 2272(a).

Signed in Washington, DC, this 31st day of August, 2012

**Del Min Amy Chen,**

*Certifying Officer, Office of Trade Adjustment Assistance.*

#### Notice of Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended (19 U.S.C. 2273) the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers by (TA-W) number issued during the period of August 27, 2012 through August 31, 2012.

In order for an affirmative determination to be made for workers of a primary firm and a certification issued regarding eligibility to apply for worker adjustment assistance, each of the group eligibility requirements of Section 222(a) of the Act must be met.

I. Under Section 222(a)(2)(A), the following must be satisfied:

(1) A significant number or proportion of the workers in such workers' firm have become totally or partially separated, or are threatened to become totally or partially separated;

(2) The sales or production, or both, of such firm have decreased absolutely; and

(3) One of the following must be satisfied:

(A) Imports of articles or services like or directly competitive with articles produced or services supplied by such firm have increased;

(B) Imports of articles like or directly competitive with articles into which one or more component parts produced by such firm are directly incorporated, have increased;

(C) Imports of articles directly incorporating one or more component parts produced outside the United States that are like or directly

competitive with imports of articles incorporating one or more component parts produced by such firm have increased;

(D) Imports of articles like or directly competitive with articles which are produced directly using services supplied by such firm, have increased; and

(4) The increase in imports contributed importantly to such workers' separation or threat of separation and to the decline in the sales or production of such firm; or

II. Section 222(a)(2)(B) all of the following must be satisfied:

(1) A significant number or proportion of the workers in such workers' firm have become totally or partially separated, or are threatened to become totally or partially separated;

(2) One of the following must be satisfied:

(A) There has been a shift by the workers' firm to a foreign country in the production of articles or supply of services like or directly competitive with those produced/supplied by the workers' firm;

(B) There has been an acquisition from a foreign country by the workers' firm of articles/services that are like or directly competitive with those produced/supplied by the workers' firm; and

(3) The shift/acquisition contributed importantly to the workers' separation or threat of separation.

In order for an affirmative determination to be made for adversely affected workers in public agencies and a certification issued regarding eligibility to apply for worker adjustment assistance, each of the group eligibility requirements of Section 222(b) of the Act must be met.

(1) A significant number or proportion of the workers in the public agency have become totally or partially separated, or are threatened to become totally or partially separated;

(2) The public agency has acquired from a foreign country services like or directly competitive with services which are supplied by such agency; and

(3) The acquisition of services contributed importantly to such workers' separation or threat of separation.

In order for an affirmative determination to be made for adversely affected secondary workers of a firm and a certification issued regarding eligibility to apply for worker adjustment assistance, each of the group eligibility requirements of Section 222(c) of the Act must be met.

(1) A significant number or proportion of the workers in the workers' firm have
