

completion of any conditional requirements.

Non-Discrimination Statement

USDA prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue SW., Washington, DC 20250-9410, or call (800) 795-3272 (voice), or (202) 720-6382 (TDD). "USDA is an equal opportunity provider, employer, and lender."

Dated: January 27, 2012.

Tammye H. Treviño,
Administrator, Rural Housing Service.

Certain Tin Mill Products From Japan: Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from an interested party, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order covering certain tin mill products from Japan. The period of review is August 1, 2010, through July 31, 2011. Based on the withdrawal of request from U.S. Steel Corporation (U.S. Steel), we are now rescinding this administrative review.

DATES: *Effective Date:* February 6, 2012.

FOR FURTHER INFORMATION CONTACT: John Drury or Angelica Mendoza, AD/CVD Operations, Office 7, Import Administration, International Trade

Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0195 or (202) 482-3019 respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 1, 2011, the Department published a notice announcing an opportunity for interested parties to request an administrative review of the antidumping duty order on certain tin mill products from Japan. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 76 FR 45773 (August 1, 2011). On August 31, 2011, U.S. Steel filed a request that the Department initiate an administrative review of the antidumping duty order on certain tin mill products from Japan with respect to JFE Steel Corporation, Kawasaki Steel Corporation, Nippon Steel Corporation, NKK Corporation, and Toyo Kohan Co., Ltd. Based on U.S. Steel's request, on October 3, 2011, the Department published a notice of initiation of the administrative review of the antidumping duty order on certain tin mill products from Japan. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 76 FR 61076 (October 3, 2011).

Rescission of Review

In accordance with 19 CFR 351.213(d)(1), the Department will rescind an administrative review, "in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. The Secretary may extend this time limit if the Secretary decides that it is reasonable to do so." On December 8, 2011, U.S. Steel withdrew its request for a review of the order with respect to JFE Steel Corporation, Kawasaki Steel Corporation, Nippon Steel Corporation, NKK Corporation, and Toyo Kohan Co., Ltd.

Because of the withdrawal of the request for review and because we received no other requests for review, we are rescinding the administrative review of the order with respect to JFE Steel Corporation, Kawasaki Steel Corporation, Nippon Steel Corporation, NKK Corporation, and Toyo Kohan Co., Ltd. (*i.e.*, all companies). This rescission is in accordance with 19 CFR 351.213(d)(1).

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For these five companies, the antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: January 30, 2012.

Christian Marsh,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Application(s) for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent

scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before February 27, 2012. Address written comments to Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5:00 p.m. at the U.S. Department of Commerce in Room 3720.

Docket Number: 11-061. Applicant: Max Planck Florida Institute, 5353 Parkside Dr., MC19-RE Jupiter, FL 33458. Instrument: Electron Microscope. Manufacturer: FEI Co., Czech Republic. Intended Use: The instrument will be used to construct a digital anatomical atlas of the brain, involving refining the provisional localization of different calcium channel subunits from fluorescence microscopy initially by super resolution STED and then by immunogold freeze-fracture replica labeling. The objectives of the research also include understanding visual perception and the organization of the visual cortex, synapse physiology and mechanisms of synaptic signaling and computation, the molecular mechanism of synaptic function, the cellular organization of cortical circuit function, and the digital anatomy of the brain. Observations made by light microscopy may be required to be corroborated by electron microscopy in order to be accepted for publication. A unique feature of this instrument is the multi-specimen holder that can be tilted more than 45 degrees, which is necessary to observe irregular surfaces of specimens three dimensionally. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: October 19, 2011.

Docket Number: 11-070. Applicant: University of Utah, 201 Presidents Circle, Room 201, Salt Lake City, UT 84112. Instrument: Electron Microscope. Manufacturer: FEI Company, Czech Republic. Intended Use: The instrument will be used to study semiconductor materials and devices, nanophotonic devices, photovoltaic materials, as well as geologic and biological materials. The objectives of the experiments include high contrast, low voltage imaging of beam-sensitive materials at magnifications greater than 100,000X. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by

Commissioner of Customs: November 28, 2011.

Docket Number: 11-071. Applicant: Texas Tech University, 100 Engineering Center, 9th and Canton, Lubbock, TX 79409-3103. Instrument: Electron Microscope. Manufacturer: Hitachi High-Technologies Corporation, Japan. Intended Use: The instrument will be used to correlate the structural properties with observed physical properties such as magnetic and electronic properties of a variety of materials, from inorganic to organic, which exhibit features which can only be observed with this type of microscope. The research will involve temperature dependence imaging and energy dispersive x-ray analysis. The data collected will be applied to energy storage and conversion, environmental remediation and catalysis. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: December 9, 2011.

Docket Number: 11-073. Applicant: Ball State University, 2000 W University Ave., Muncie, Indiana 47306. Instrument: Electron Microscope. Manufacturer: JEOL Ltd., Japan. Intended Use: The instrument will be used to study the developing nervous system, chemical stressors in freshwater ecosystems, organ development, cells that line blood vessel walls, luminescent thin films, carbon nanotube synthesis, and air purification materials. Tissues that will be examined will include brain, heart, lung, muscle, and cultured cells. Material samples include thin film, nanoparticles and nanotubes. The main objective of the research is to obtain images that the existing technology cannot currently resolve, including resolution at the nanometer level and below. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: January 6, 2012.

Docket Number: 11-075. Applicant: Cleveland State University, 2121 Euclid Ave., Cleveland, OH 44115-2214. Instrument: Electron Microscope. Manufacturer: FEI Co., Czech Republic. Intended Use: The instrument will be used to study superstructures formed by semiconductor and metal nanoparticles. The experiments will include fabrication of self-assembled structures using a hybrid nanofabrication approach, obtaining high resolution imaging of the structures, and optical characterization using high resolution spectroscopy. Justification for Duty-Free

Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: January 5, 2012.

Docket Number: 12-003. Applicant: University of California, Irvine, 4100 Calit2 building, Irvine, CA 92697. Instrument: Electron Microscope. Manufacturer: FEI Co., Czech Republic. Intended Use: The instrument will be used to perform experiments involving imaging and elemental composition determination of semiconductors, metals, ceramics, polymers, etc. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: January 23, 2012.

Dated: January 31, 2012.

Gregory Campbell,

Director, IA Subsidies Enforcement Office.
