SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–67957; File No. SR–ISE–2012–74]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend ISE Rule 711 To Provide for the Nullification of Trades by Mutual Agreement of the Parties Thereto

October 1, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on September 19, 2012, the International Securities Exchange, LLC (the “Exchange” or the “ISE”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend ISE Rule 711 to provide for the nullification of trades by mutual agreement of the parties thereto. The text of the proposed rule change is available on the Exchange’s Web site www.ise.com, at the principal office of the Exchange, at the Commission’s Web site <http://www.sec.gov>, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements

concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to amend ISE Rule 711 to provide for the nullification of trades by mutual agreement of the parties thereto. Under Proposed ISE Rule 711(b), a trade would be nullified if all parties to the trade agree to the nullification.³ After agreement has been reached between the parties to nullify a trade, one party would be required to notify the Exchange and the Exchange promptly will disseminate the nullification to the Options Price Reporting Authority (“OPRA”). Proposed ISE Rule 711(b) would provide the parties to a trade with the ability to nullify a trade under circumstances where, for example, an obvious or catastrophic error is not deemed to have occurred, but the parties to the trade nonetheless desire that the trade be nullified.

2. Statutory Basis

The Exchange believes that the proposed rule change, which would permit a trade to be nullified upon the mutual agreement of all parties to the trade, is consistent with Section 6(b) of the Securities Exchange Act of 1934 (the “Exchange Act”),⁴ in general, and furthers the objectives of Section 6(b)(5) of the Exchange Act,⁵ in particular, because it is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanism for a free and open market and a national market system, and in general, to protect investors and the public interest. The proposed rule change makes clear the contractual rights of the parties to a trade to nullify the trade upon mutual agreement. The Exchange believes that the proposed rule change is consistent with a free and open market and the public interest

because it gives effect to the contractual rights of the parties to a trade.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b–4(f)(6) thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67956; File No. SR-ISE-2012-78]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Exchange's Schedule of Fees

October 1, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 25, 2012, the International Securities Exchange, LLC (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission the proposed rule change, as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The ISE is proposing to amend its Schedule of Fees to note that responses to Non-Customer Flash Orders exposed to members are not charged a fee nor provided a credit. The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Under the intermarket linkage rules, the ISE cannot execute orders at a price that is inferior to the national best bid or offer ("NBBO"), nor can the Exchange place an order on its book that would cause the ISE best bid or offer to lock or cross another exchange's quote.³ How the Exchange handles orders in these circumstances depends on whether they are Public Customer Orders (*i.e.*, orders for the account of a person that is not a broker-dealer)⁴ or Non-Customer Orders (*i.e.*, orders for the account of a broker-dealer).⁵

Currently, when ISE is not at the NBBO, Public Customer Order are exposed to all ISE members to give them an opportunity to match the NBBO⁶ ("Flash Orders") before a Primary Market Maker ("PMM") sends the order to another exchange for execution. The Exchange recently amended its rules to expose Non-Customer Orders in such circumstance before rejecting them, similar to the process used to expose Public Customer Orders before those orders are sent for execution pursuant to intermarket linkage rules.⁸

For Public Customer Flash Orders, the Exchange currently charges a regular execution fee for orders that are flashed in Non-Select Symbols and a taker fee for orders that are flashed in all other symbols.⁹ The Exchange also currently provides a credit for responses that trade against a flashed order.¹⁰

For Non-Customer Flash Orders, the Exchange will also charge a regular execution fee or a taker fee, as applicable, for the order that is flashed to Exchange Members. However, for responses that trade against Non-Customer Flash Orders, the Exchange will not provide a credit nor charge an
