

Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this review may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On October 17, 2012, the Commission determined that responses to its notice of institution of the subject five-year review were such that a full review pursuant to section 751(c)(5) of the Act should proceed. A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements are available from the Office of the Secretary and at the Commission's Web site.

Participation in the review and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in this review as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission's rules, by 45 days after publication of this notice. A party that filed a notice of appearance following publication of the Commission's notice of institution of the review need not file an additional notice of appearance. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the review.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in this review available to authorized applicants under the APO issued in the review, provided that the application is made by 45 days after publication of this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the review. A party granted access to BPI following publication of the Commission's notice of institution of the review need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the review will be placed in the nonpublic record on March 6, 2013, and a public version will be issued thereafter, pursuant to section 207.64 of the Commission's rules.

Hearing.—The Commission will hold a hearing in connection with the review

beginning at 9:30 a.m. on March 28, 2013, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before March 21, 2013. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on March 25, 2013, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), 207.24, and 207.66 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 business days prior to the date of the hearing.

Written submissions.—Each party to the review may submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of section 207.65 of the Commission's rules; the deadline for filing is March 15, 2013. Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.67 of the Commission's rules. The deadline for filing posthearing briefs is April 8, 2013; witness testimony must be filed no later than three days before the hearing. In addition, any person who has not entered an appearance as a party to the review may submit a written statement of information pertinent to the subject of the review on or before April 8, 2013. On May 2, 2013, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before May 6, 2013, but such final comments must not contain new factual information and must otherwise comply with section 207.68 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. Please be aware that the Commission's rules with respect to electronic filing have been amended. The amendments took effect on

November 7, 2011. See 76 FR 61937 (Oct. 6, 2011) and the newly revised Commission's Handbook on E-Filing, available on the Commission's Web site at <http://edis.usitc.gov>.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

Issued: October 18, 2012.

By order of the Commission.

Lisa R. Barton,

Acting Secretary to the Commission.

BILLING CODE 7020-02-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: (12-084)]

NASA Federal Advisory Committees

AGENCY: National Aeronautics and Space Administration.

ACTION: Annual invitation for public nominations by U.S. citizens for service on NASA science advisory subcommittees.

SUMMARY: In accordance with the Federal Advisory Committee Act, Public Law 92-463, as amended, the National Aeronautics and Space Administration, and in accordance with the Memorandum for the Heads of Executive Departments and Agencies signed on December 17, 2010, signed by the Director of the Office of Science and Technology Policy (OSTP), Executive Office of the President, NASA announces its annual invitation for public nominations for service on NASA science advisory subcommittees. These science advisory subcommittees report to the Science Committee of the NASA Advisory Council (NAC). U.S. citizens may nominate individuals and

also submit self-nominations for consideration as potential members of NASA's science advisory subcommittees. NASA's science advisory subcommittees have member vacancies from time to time throughout the year, and NASA will consider nominations and self-nominations to fill such intermittent vacancies. NASA is committed to selecting members to serve on its science advisory subcommittees based on their individual expertise, knowledge, experience, and current/past contributions to the relevant subject area.

The following qualifications/experience are highly desirable in nominees, and should be clearly presented in their nomination letters:

- At least ten years (10) post-Ph.D. research experience including publications in the scientific field of the subcommittee they are nominated or comparable experience;
- Leadership in scientific and/or education and public outreach fields as evidenced by award of prizes, invitation to national and international meetings as speaker, organizer of scientific meetings/workshops, or comparable experience;
- Participation in NASA programs either as member of NASA mission science team, Research & Analysis program, membership on an advisory/working group or a review panel, or comparable experience;
- Good knowledge of NASA programs in the scientific field of the subcommittee they are applying for, including the latest NASA Science Plan (available as a link from <http://science.nasa.gov/about-us/science-strategy/>), or comparable experience;
- Knowledge of the latest Decadal Survey conducted by the National Research Council or other relevant advisory reports for the scientific field of the subcommittee.

Nominees from any category of organizations or institutions within the U.S. are welcome, including, but not limited to, educational, industrial, and not-for-profit organizations, Federally Funded Research and Development Centers (FFRDCs), University Affiliated Research Centers (UARCs), NASA Centers, the Jet Propulsion Laboratory (JPL), and other Government agencies. Nominees need not be presently affiliated with any organization or institution.

These are not full-time positions. Successful nominees will be required to attend meetings of the subcommittee approximately two to four times a year, either in person (NASA covers travel-related expenses for this non-

compensated appointment) or via telecon/WebEx. Successful nominees who are not already U.S. Government employees will become Special Government Employees (SGEs). All successful nominees will be required to submit a confidential financial disclosure form and undergo a conflict of interest review and clearance by the NASA Office of the General Counsel before they are officially appointed.

DATES: The deadline for NASA receipt of all public nominations is November 14, 2012.

ADDRESSES: Nominations and self-nominations from interested U.S. citizens must be sent to NASA in letter form, be signed, and must include the name of specific NASA science advisory subcommittee of interest for NASA consideration. Nominations and self-nomination letters are limited to specifying interest in only one (1) NASA science advisory subcommittee per year. The following additional information is required to be attached to each nomination and self-nomination letter (i.e., cover letter): (1) Professional resume (one-page maximum); (2) professional biography (one-page maximum). All public nomination packages must be submitted electronically via email to NASA; paper-based documents sent through postal mail (hard-copies) will not be accepted. **Note:** Nomination letters that are noncompliant with inclusion of the three (3) mandatory documents listed above will not receive further consideration by NASA.

Please submit the nomination as a single package containing cover letter and both required attachments electronically to the specific email address identified below for the science subcommittee of interest:

Astrophysics Subcommittee (APS)
—aps-execsec@hq.nasa.gov
Earth Science Subcommittee (ESS)
—ess-execsec@hq.nasa.gov
Heliophysics Subcommittee (HPS)
—hps-execsec@hq.nasa.gov
Planetary Protection Subcommittee (PPS)
—pps-execsec@hq.nasa.gov
Planetary Science Subcommittee (PSS)
—pss-execsec@hq.nasa.gov

FOR FURTHER INFORMATION CONTACT: To obtain further information on NASA's science advisory subcommittees, please visit the NAC Science Committee's subcommittee Web site noted below. For any questions, please contact Ms. Marian Norris, Advisory Committee Specialist, Strategic Integration & Management Division, Science Mission Directorate, NASA Headquarters, Washington, DC 20546, (202) 358-4452.

SUPPLEMENTARY INFORMATION: NASA's five (5) current science advisory subcommittees are listed below. Additional information about these science subcommittees may be found at the NAC Science Committee's subcommittee Web site at <http://science.nasa.gov/science-committee/subcommittees/>:

- **Astrophysics Subcommittee (APS)**—The Astrophysics Subcommittee is a standing subcommittee of the NAC Science Committee supporting the advisory needs of the NASA Administrator, the Science Mission Directorate (SMD), SMD's Astrophysics Division, and other NASA Mission Directorates as required. The scope of the APS includes projects and observational and theoretical study of the origins, evolution, and destiny of the universe and the search for and study of Earth-like planets and habitable, extrasolar environments. In addition to scientific research, the scope encompasses considerations of the development of near-term enabling technologies, systems, and computing and information management capabilities, developments with the potential to provide long-term improvements in future operational systems, as well as training of the next generation of astronomers, and education and public outreach.

- **Earth Science Subcommittee (ESS)**—The Earth Science Subcommittee is a standing subcommittee of the NAC Science Committee supporting the advisory needs of the NASA Administrator, the Science Mission Directorate (SMD), SMD's Earth Science Division (ESD), and other NASA Mission Directorates as required. The scope of the ESS includes the advancement of scientific knowledge of the Earth system through space-based observation and the pioneering use of these observations in conjunction with process studies, data assimilation and modeling to provide the Nation with improved capability to: Predict climate variability, global change, and weather; mitigate and respond to natural hazards; and improve the scientific basis for policy decisions. In addition to observations and scientific research, the scope encompasses the development of computing and information management capabilities and other enabling technologies, including those with the potential to improve future operational satellite and ground systems.

- **Heliophysics Subcommittee (HPS)**—Heliophysics Subcommittee is a standing subcommittee of the NAC Science Committee supporting the

advisory needs of the NASA Administrator, the Science Mission Directorate (SMD), SMD's Heliophysics Division (HPD), and other NASA Mission Directorates as required. The scope of the HPS includes all aspects of heliophysics, including the dynamical behavior of the Sun and its heliosphere; the dynamical behavior of the space environments of the Earth and other solar system bodies; the multi-scale interaction between solar system plasmas and the interstellar medium; and energy transport throughout the solar system and its impact on the Earth and other solar system bodies. In addition to scientific research, the scope encompasses considerations of the development of enabling technologies, systems, and computing and information management capabilities, as well as developments with the potential to provide long-term improvements to future space weather operational systems.

- **Planetary Protection Subcommittee (PPS)**—Planetary Protection Subcommittee is a standing subcommittee of the NAC Science Committee supporting the advisory needs of the Administrator, the Science Mission Directorate (SMD), SMD's Planetary Science Division, NASA's Planetary Protection Officer and other NASA Mission Directorates as required. The scope of the PPS includes programs, policies, plans, hazard identification and risk assessment, and other matters pertinent to the Agency's responsibilities for biological planetary protection. This scope includes consideration of NASA planetary protection policy documents, implementation plans, and organization. The subcommittee will review and recommend appropriate planetary protection categorizations for all bodies of the solar system to which spacecraft will be sent. The scope also includes the development of near-term enabling technologies, systems, and capabilities, as well as developments with the potential to provide long-term improvements in future operational systems to support planetary protection. Outside the scope of the Subcommittee's responsibilities are issues that pertain solely to the quality and interpretation of scientific experiments and data in support of solar system exploration.

- **Planetary Science Subcommittee (PSS)**—Planetary Science Subcommittee is a standing subcommittee of the NAC Science Committee supporting the advisory needs of the NASA Administrator, the Science Mission Directorate (SMD), SMD's Planetary Science Division (PSD), and other

NASA Mission Directorates as required. The scope of the PSS includes all aspects of planetary science, scientific exploration of the Moon and Mars, the robotic exploration of the solar system, astrobiology, space- and ground-based research, technology development, planning, and training required to support these science areas. In addition to scientific research, the scope encompasses considerations of the development of near-term enabling technologies, systems, and computing and information management capabilities, as well as developments with the potential to provide long-term improvements in future operational systems. Responsibility for biological planetary protection is outside the purview of the PSS and resides with the Planetary Protection Subcommittee (PPS).

Patricia D. Rausch,

*Advisory Committee Management Officer,
National Aeronautics and Space Administration.*

BILLING CODE 7510-13-P

NATIONAL CREDIT UNION ADMINISTRATION

Agency Information Collection Activities: Submission to OMB for Revision to a Currently Approved Information Collection; Comment Request

AGENCY: National Credit Union Administration (NCUA).

ACTION: Request for comment.

SUMMARY: The NCUA intends to submit the following information collection to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35). This information collection is published to obtain comments from the public. NCUA is proposing a data collection change to the credit union Profile as well as the 5300 Call Report. NCUA is proposing to add a new account to the Contacts section of the Profile to identify the initial date of election or appointment of each official to help assess the longevity of credit union board members. Additionally, NCUA is planning to add a question to the Regulatory section of the Profile where credit unions will be required to certify their compliance with 12 CFR 701.4. On the 5300 Call Report, NCUA will revise the regulatory reporting requirements by eliminating the data collection on modified loans and target data collection efforts on loans meeting the

definition of a troubled debt restructured loan under Generally Accepted Accounting Principles.

DATES: Comments will be accepted until November 28, 2012.

ADDRESSES: Interested parties are invited to submit written comments to the NCUA Contact and the OMB Reviewer listed below:

NCUA Contact: Tracy Crews, National Credit Union Administration, 1775 Duke Street, Alexandria, Virginia 22314-3428, Fax No. 703-837-2861, Email: OCIOMail@ncua.gov.

OMB Contact: Office of Management and Budget, ATTN: Desk Officer for the National Credit Union Administration, Office of Information and Regulatory Affairs, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information, a copy of the information collection request, or a copy of submitted comments should be directed to Tracy Crews at the National Credit Union Administration, 1775 Duke Street, Alexandria, VA 22314-3428, or at (703) 518-6444.

SUPPLEMENTARY INFORMATION:

I. Abstract and Request for Comments

NCUA is amending the currently approved collection for 3133-0004. Two specific forms are used, NCUA Form 5300 and NCUA Profile Form 4501A, also known as the Call Report and Profile, respectively. Section 741.6 of the NCUA Rules and Regulations requires all federally insured credit unions to submit a Call Report quarterly. 12 CFR 741.6. The information enables the NCUA to monitor credit unions whose share accounts are insured by the National Credit Union Share Insurance Fund. NCUA uses the information collected from these Call Reports to fulfill its mission of supervising credit unions and the Federal Reserve Board uses it to monitor and control the nation's money supply and the system of financial institutions. Congress and various state legislatures use this information to monitor, regulate, and control credit unions and financial institutions. The changes made to the Profile and Call Report form for December 2012 will help the National Credit Union Administration assess the longevity of credit union board members and provide data to assess financial risks and loan practices of credit unions. There is a decrease of 4,515 hours from the last submission (2011). The decrease is noted as an adjustment of the number of credit unions completing Form 5300 from 7,264 federally insured credit
